SOCIAL CORNER POEM. Wanted. Where has she gone, the old fashioned wife. With her good 'old fashioned way.' Who made her bread and cakes and sang 'From my home I will never stray'?

ETHELYN. Is a house a 'home' with its in-a-door bed? At its camouflaged kitchen we laugh, Where we bathe and shave and eat and sleep.

OH, for a house with a yard about. With a front-side and back door. Where we climb the stairs when we go to bed. In a home where there's room for more.

OH, for the sounds we used to hear. When we wakened at break of day. When the birds sang out in the choir, left in tunes both vocal and gay.

OH, for the smells we used to smell. When we wakened at early morn. The breakfast good of bacon and eggs. And biscuits hot or warm.

OH, may the time come back again. We ask our household fairy. The thing we wish to 'hold and hold' is a kitchen large and airy.

Where we cook and stew and boil and brew. And eat of our home made tarts. Where there'll be no lack of the good 'old back'.

And other home made arts. Mrs. Eugene Gaekins in Chicago News.

HOPES WRITERS WILL NOT CHANGE NAMES. Dear Social Corner: Like Peggy Anne I have been wondering how many of the old writers are sending letters under a new name.

A primrose by the rivers' brink. A yellow primrose was to him. Just that and nothing more.

Will someone please send it as a Social Corner poem? Am wondering if Polly Peppermint has identified any new birds this spring or has she been too busy?

PLANTING DAHLIAS. Social Corner Members: I was much interested in some letters on flowers recently and had hoped to see some more.

Some people have fine dahlias and other people have no luck at all in getting them to bloom. Often they give up trying.

A mistake is often made in planting too large clumps of tubers. The tubers should be divided, leaving an eye to a tuber.

CLUB NO. 4 TO PICNIC AT WILDWOOD PARK. Dear Social Corner Friends: Club No. 4 of the Social Corner will hold a basket picnic at Wildwood park, Alexandria's lake, July 11th, 1920.

A SIMPLE BUDGET. Social Corner Sisters: Here is a simple budget for newly weds, or anyone, that has been proven and given excellent results.

SOME WORTH WHILE IDEAS. Social Corner Sisters: You will be interested to know how I made bread and butter attractive so as to break the habit my little boy formed of eating butter out of his bread.

THE INVISIBLE HONOR PUPIL. Dear Social Corner Sisters: No matter how secluded our lives are, and even if there are no children in the home, when the month of June comes, we hear more or less about examination, graduation, and honor pupils.

HOW TIMES HAVE CHANGED. Dear Social Corner Friends: I will miss just a few lines as I have few spare moments in which I can call on you all. A leap in prices in the last twenty years changes things around a good bit on shopping days.

Use Cuticura To Keep Children's Skins Healthy

If mothers would only use Cuticura Soap and Ointment for every-day toilet and nursery purposes, how much suffering might be avoided by preventing the eruptions and scales from becoming serious.

Do not fail to test the fascinating fragrance of this exquisitely scented, soap, baby, denture and toilet powder. It imparts to the person a charm incomparable and peculiar to itself.

Do away with all draperies and useless bric-a-brac. It is very unwise to sweep a room twenty-four hours before an operation.

Remember that the duty you owe to yourself as a nurse requires that you get sleep, food and fresh air. The duty to your patient requires that you have more patience and untiring patience.

After illness the room should be disinfected, then scrubbed with soap and water, then painted with a lead and freshly painted. If the walls are papered they should be scraped and fresh paper applied.

WAYS OF RAISING MONEY. Dear Social Corner Sisters: I am sending two ways that have been successfully tried to raise money for church or other purposes.

half cup seeded or seedless raisins, chopped fine, one-half teaspoon cinnamon, one cup of sugar, one-quarter teaspoon cloves, three yolk eggs, one white of egg, bake like lemon pie, using the shells, of two eggs with tablespoon of sugar, making meringue, put on top after pie is baked, brown in oven, or whip up all three whites, stirring them into pie just before putting into oven. This makes sort of a custard on top of pie and is very delicious.
