Try This If You Have Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be soft, fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

MADDOX ATTACKS CORRUPPT USE OF CAMPAIGN MONEY
New York, July 8.—William G. Maddox, speaking at the dinner of the National League of Masonic Clubs here to night, declared "there is no menace so great to our nation as the corrupt use of money for campaign purposes."
"I wish the secretary of the appointment for six years and know the harm that is done by the misuse of money in this way," he said. "I am not talking about republicans alone, but democrats as well, for they all look alike to me when they are guilty of spending money in the manner indicated."
Mr. Maddox declared campaign contributors would seek their reward in various ways one of which was the reduction of duty on imports. He pointed out that a fraction of a cent reduction would run into big figures.
Mr. Maddox said that "an American citizen seeking nothing" there were some things about the coming election he would like to refer to. The Waterbury of the senate committee to investigate campaign expenditures he declared, was "an intelligent thing the senate should do."
"In my opinion the election law should be changed," he said. "The expenses for running the national elections should be paid out of the national treasury and if this were done the cost would be infinitely less. It would be reduced one-fifth. The money should be taken from the federal treasury and the law should prescribe specifically how the money should be spent. If such a step were taken it would be to a great extent purged of our laws."

FEDERAL BOARD HANDLES 58 CASES

The "flying squad" of the federal vocational training board put in the first of its three days here Thursday at the town hall, handling 58 cases, which is about one-third of the number to be dealt with in this district, in making the provision for disabled soldiers, sailors or marines.

The staff of experienced men making up the "flying squad" was on duty at the town hall from 8 in the morning until 11 in the afternoon and will fill the same hours again today (Friday). On Saturday they make requests that all men who come to see them get to the town hall before 11 o'clock in the morning, as the board will have a busy time that day.

Earlier than they had expected in order to make train connections for New York and Washington.

In cases handled Thursday, 13 disabled men were given immediate assignments for vocational training instruction, several were given placement assignments, a number are taking time to talk with their families and other people, and others were deferred for various reasons, such as sickness, where the board will receive a further report in 90 days.

Besides a few cases from Norwich, the disabled men came from all parts of the territory, including Putnam, Stonington, Willimantic, New London, Danielson and Groton.

Dr. John S. Blackmar, Dr. Lester E. Walker, Dr. Clarence G. Thompson, Dr. W. T. Driscoll and Dr. David Sussler were on duty for the medical examinations.

Another interesting case was that of a young Japanese citizen who was therefore exempt from service, but he said: "I want to fight for my Uncle Sam." He had been a garden architect and brought a letter from a wealthy man living near New York which spoke of him in the highest terms. He also had a letter showing that he was appointed by the emperor of Japan to lay out the Japanese gardens at the world's fair at San Francisco. His disability due to service prevented him from being any longer a garden architect and he was sent to the Museum of Natural History in New York, where he is being trained by an artist to make artificial flowers from natural specimens for scientific purposes, so that his previous experience and artistic temperament are being utilized.

"Cases like these," Mr. Crane remarked, "should correct the impression that the federal board is occupied in winding and unwinding red tape and that its work is a failure."

Mr. Crane said that amusing things sometimes happened, as, for example, a man was assigned to his desk in New York whose name proved to be Husk, and another man came in just before him, named Kernel, and when Mr. Crane reached home in Elizabeth that day he found a man waiting to see him named Cobb.

In meeting the disabled men one by one and conversing with them there are many opportunities, he said, for dispensing the gospel of good cheer in which he thoroughly believes.

The board will be in session here until Saturday at 11 o'clock at the town hall and will welcome all disabled men. They are urged to come in and talk it over, as they may be entitled to training and support when they are not aware of it.

OLD GIRLS CONFERENCE AT CHURCH AT FRANKLIN
An older girls conference for district number one, was held Friday morning at Franklin Congregational church. Twenty-nine girls were present. Miss Holton was elected chairman of the meeting. The devotions were led by Miss Holton. The program was given by Miss Agnes Brown, followed by the election of officers. The address of welcome was given by Florence Rockwood, the response by Hattie O'Brien. The program was given by Miss Agnes Brown, followed by the election of officers. PRESTON CITY BURGLARS HELD FOR SUPERIOR COURT
Lloyd H. Baton, 22, and his brother-in-law, Alfred J. Ladd, 18, were presented before Justice Quinn Thursday afternoon at 2 o'clock at the Norwich state hospital, where Justice of the Peace Virtue P. A. Quinn presided.

The men were accused of breaking and entering the store of J. J. Richardson at Preston City on the night of Tuesday, July 6, and stealing a quantity of canned goods, cigars and cigarettes, valued in all at \$200.

They had as counsel Teley E. Babcock, who was appointed guardian ad litem for Ladd, who is a minor. Grand Juror Joseph W. Carpenter of Preston prosecuted the case.

The only evidence taken was that of Constable Michael Nolan who told of catching the stolen goods at the home of Baton in this city and of his admission that he and Baton had broken into the Richardson store.

The two men entered a plea of not guilty and the jury over the case and bound them over to the superior term of the criminal superior court. Bonds were placed at \$500. They will not furnish bonds and were taken to the Norwich jail.

The complaint in the case lists the stolen property as 250 cigars, 20 25 cent stamps, \$2 in cash 12 cans of canned goods and 2,000 cigarettes.

MAIN STREET COBBLES GIVEN TARTIA TREATMENT
A much needed improvement was started by the street department on Thursday on Main street. The cobble stones from the corner of Main street and Market street, formerly to Thames square are to be covered with tartia the same as was done to Broadway several years ago.

For many years past Main street has been a trial and tribulation to drivers to drive over the rough and irregular cobbles. Tartia was put on the northerly side of Main street as far as the top of the hill, and the work will be continued until the entire section of the street has been put in first class condition.

When this improvement has been completed it will give an entrance to the city that Norwich needs and has cause to be ashamed of. This method of making a passable highway out of Main street which has begun to form in the Wednesday night prayer meeting was presented at the board of public works last week and at the Bible school Sunday morning.

DAYTON CHURCH GIVES WARM WELCOME TO REV. DR. SLOCOM
Rev. Dr. Joel B. Sloucom, a former pastor of the Central Baptist church of this city, took up his duties as pastor of the First Baptist church of Dayton, Ohio, last week on his first Sunday. He was warmly welcomed by more than 600 at a reception given him there. At the Dayton services he gave special programs of welcome and was presented an enormous bouquet. A Dayton paper speaks of his first sermon as follows:

"A forceful and intimate sermon to his new congregation at the First Baptist church Sunday morning. Dr. Joel B. Sloucom cemented the pastoral relations which had begun to form in the Wednesday night prayer meeting last week and at the Bible school Sunday morning."

Gift of Traveling Bag.
Morris Levin, former manager of the local store of Gleason Bros, who resigned his position to accept a similar one in Pawtucket, R. I., was recently presented a traveling bag at a banquet held in the Wauregan hotel. The banquet was given for Mr. Levin by the employees of the store and a number of friends.

WOMEN DELIGHTED—All Surprised by Quick Action of Parisian Sage.

Really beautiful hair possessing a witchery all its own is the wish of every woman. No uncareful hair can be beautiful. Unkempt, touselled locks, powdered with dandruff, are a repulsive sight. Hair so attractive that it fascinates and compels admiration is a matter of course. If your hair is dandruff, faded, dry, straggled and scraggly—fall out badly and new hair does not grow, the roots must be vitalized and properly nourished. To do this quickly, safely and at little expense, get from your druggist some Parisian sage (liquid form) for home use. This is guaranteed to quickly banish all dandruff, check falling hair, stop itching of the scalp, and promote a new growth of healthy hair. It is in great demand by women who always "look their best," because it makes the hair so soft, lustrous, easy to arrange attractively, and appear much heavier than it really is.

If you want a fresh, clean, healthy-looking hair, don't delay—start using Parisian sage today. It is the most effective hair restorer and conditioner. It is inexpensive at the Lee & Osgood Co.'s, and costs you nothing if not satisfactory.
