BOATMEN AT GALES FERRY

(Special to The Bulletin)

Gales Ferry, July 11.—William Haggerty, only son of Mr. and Mrs. William Haggerty of 125 Cliff street, Norwich was drowned while bathing in the Thames river Saturday about one o'clock at a point just below Perkins place.

The boy was about fourteen years of age. He had a week here it is said and was in the water alone at the time. Harmon Wright gave the alarm seeing that something was wrong with the boy and his father, Rev. Peter C. Wright went to the boy's assistance.

Men went out in boats and grappled for the body and O. C. Perkins of the village recovered the amount of tax due.

Dr. N. H. Lewis, medical examiner of Norwich was called and the body was removed to Norwich. The boy's family had taken the Pioneer cottage on the bluff for the summer.

This is the first case of drowning at the summer colony on the bluff.

Special Federal Taxes Are Due This Month

Norwich business men in common with business men all over the country will be affected by the special taxes due on or before July 31, 1920, by which millions of dollars will be added to the revenue of the government this year.

The list includes the tax on brokers, pawnbrokers, museums, theatres and concert halls, circuses, bowling alleys, shooting galleries, riding academies, tobacco shops, etc.

Forms for filing returns are available at offices of collectors of internal revenue and branch offices. Heavy penalties ranging from a fine not to exceed \$1,000 for failure, and not to exceed \$10,000 or one year's imprisonment, or both, for willful refusal to make return and pay the tax on time are prescribed by the current revenue act.

Returns of the capital stock also must be filed on or before July 31. To facilitate prompt collection and as an aid to the taxpayer, as well as the government, the bureau has suggested that filing of the return be accompanied by payment of the amount of tax due.

This method is appealing to corporations, as its lessens liability to penalty. The capital stock tax applies to every corporation carrying on or doing business in the United States.

The tax on domestic corporations is \$1 for each \$1,000 of so much of the fair average value of its capital stock for the preceding year ended June 30 as is in excess of \$5,000.

Foreign corporations are required to pay a tax of \$1 for each \$1,000 of the average amount of its capital employed in the transaction of its business in the United States during the preceding year ended June 30, without the benefit of the \$5,000 deduction.

The tax on brokers whose business it is to negotiate purchases or sales of stocks, bonds, exchange, bullion, coined money, promissory notes or other securities and produce or merchandise is \$50 a year.

The tax on pawnbrokers whose business it is to purchase or sell goods and the average value on June 30 of a seat or membership in such organization was \$2,000 and not more than \$5,000 he is required to pay an additional tax of \$100.

The tax on museums and concert halls are taxed according to their seating capacity, and the population of the city or town in which they are located.

Those having a seating capacity of not more than 250 are taxed \$75; seating capacity of more than 250 and not exceeding 500, \$100; exceeding 500 and not exceeding 800, \$150; in excess of 800, \$200.
