

NEW ENGLAND'S RECEIPT OF COAL AT LAST RECOGNIZED

Interstate Commerce Commission Will Today Issue an Order Including a Prohibition Against Any Movement of Coal to Tidewater Unless Consigned to New England—Coal Experts Regard the Order as Virtually an Embargo on the Exportation of Coal—Northwest Also to Receive Its Quota.

Washington, July 25.—The government will take definite steps tomorrow in an effort to straighten out a muddled coal situation.

The interstate commerce commission will issue an order tomorrow for priority of movement in the transportation of coal to New England. The order is expected to include a prohibition against any movement of coal to tidewater unless consigned to New England. This, in the view of coal experts, will amount to an embargo on the exportation of coal.

Under an order recently issued by the commission, more than a score of railroads serving bituminous mines in western Pennsylvania, Ohio, West Virginia, Virginia, Kentucky and Tennessee were ordered to move coal to tidewater and transship it to the northwest. The summer movement of coal to the northwest is more than 50 per cent behind schedule and the railroads will attempt to dump 4,000 carloads of coal a day into the northwest.

Department of labor conciliators tomorrow will begin their efforts to bring an end to the walkout of mine laborers in the Illinois fields, which is reported to have closed down about 200,000 tons of coal.

President Wilson still had under consideration today the matter of sending a message to the Illinois miners, a message bearing on the Illinois strike, which was being sent to him by a committee of operators from that field.

Officials of government agencies concerned in the straightening out of the coal tangle today read the statement issued by John L. Lewis, president of the United Mine Workers, in Indianapolis, last night, but declined to comment. Mr. Lewis in his statement declared that any settlement of the Illinois strike would have to be made on the basis of an agreement to modify the terms of the central competitive field now are working would result in action by national officers of the United Mine Workers to bring about a cessation of work by the 210,000 men em-

Yachts in Trim For Final Race Today

Indications Point to a Light Northwesterly Breeze—Lipton Confident of Victory.

Sandy Hook, N. J., July 25.—Resolute and Shamrock IV took sail-stretching spin this afternoon. The Hurricane preparatory for what promises to be the final race for the America's cup tomorrow. The American single sticker beat on brand new mainsail and after it was hoisted, set a course for the west for a twenty minute sail in the bay. An eight knot breeze was blowing from the northwest which would have been an ideal day for the racing machines.

Shamrock IV got under way late this afternoon and worked in and about the Horseshoe for some time. Once at their moorings the two racers were put under covers and the crew were permitted to rest for tomorrow's race which is to be fought over a course fifteen miles to windward or leeward and return.

The skippers of the two racers are said to feel the criticism that has been caused by the postponement of the contest yesterday on account of too much wind. It was pointed out that every knot of breeze above fifteen is of no advantage to the sloops, since they obtain their maximum speed within that amount of wind and that as the wind increases above a certain point it is necessary to shorten sail. It was said on the tender Montauk today that the wind was about 25 miles an hour off the highland when the racers reached the Shamrock IV. The wind was a steady breeze and it was generally held that the Shamrock IV was in a position to take the race.

Sir Thomas Lipton still feels confident the Shamrock IV will win the cup and prefers not to talk about the possibility of another challenge until it is determined whether the Shamrock IV will be successful or not.

It was learned tonight that Captain Andrew J. Applegate, the Seabright skipper who was engaged by Sir Thomas Lipton to sail on the Shamrock and assist Captain Burton with his knowledge of local tide and wind conditions, will be aboard the challenger again tomorrow. Captain Applegate did not sail on the Shamrock yesterday when she went to the starting line and it was generally reported that the Seabright skipper had some differences with Skipper Burton as to the course sailed in Friday's contest.

Moderate northwest and north winds, with fair weather, are expected. The race's forecast tonight for the race tomorrow.

Turks Are Fleeing Before Greek Troops

Greeks Hope to Take Adrianople Without Destruction of the Famous Mosques.

Athens, July 25 (By the A. P.)—Greece is giving the first proofs of her war ability by breaking the strength of the Turkish thrust along the Bosphorus Minor coast. They are marching on Adrianople, in European Turkey, but hope when they attack the city to avoid the destruction of the famous mosques which in past investments have escaped the artillery.

The war against Turkey is a popular one because Turkey is Greece's ancient enemy and there is the possibility of vastly enlarging Greece's territory. It will, however, create greater conflicts of interests with Bulgaria.

It is known that the French do not look with particularly friendly eye on the loss of their Oriental sphere to the British, who are actively supporting the Greeks. According to the Greek foreign office, Premier Venizelos reached a satisfactory agreement with the Italians, who were originally promised Smyrna by the treaty of St. Jean de Maurienne, but after Greece entered the war on the side of the allies, the Italians informed the Greek government that they would not give up Smyrna.

The proposition of awarding Thrace to Greece was made by Premier Venizelos at the peace conference, to which, it is affirmed, President Wilson made no objection. Later however he accepted the Bulgarian viewpoint that Bulgaria should have the seaport of Dedeagach, with Thrace as an international state. Italy claimed Albania and the Italian foreign minister, Signor Tittoni, yielded the Dodecanese islands, which he promised to abandon when the British gave up Cyprus.

It is pointed out that the Bulgars have provided no evidence to support the reports the same as the Jugoslavs at Saloniki.

PROGRAMME FOR NOTIFICATION OF COX VIRTUALLY COMPLETED

Dayton, Ohio, July 25.—Arrangements for the notification of Governor Cox for August 7 of his nomination for president by the democratic party virtually were completed today. A vast number of governor plans to go into almost complete seclusion to draft his address of acceptance.

The notification ceremonies, which are being held at the Montgomery County fair grounds here in attendance of 15,000 people, the governor's residence, five miles away. Governor Cox declined to accept the nomination, but he is able to accommodate guests entirely, although he will entertain the notification committee, the democratic national committee and others there on notification day.

Ceremonies on August 7 are scheduled to begin at about 7 p. m. with a parade of visiting democratic delegations to be reviewed by the candidate, who will deliver his address at 9 p. m. The preliminaries are concluded. A special theatre is to be built at the fair grounds to supplement its grandstand, with facilities for special guests and the program of the evening will be broadcast by radio.

Mr. Cox and Mrs. Cox will be in the city today to receive the notification. He has practically only five days for the task and, except to see Senator Pomeroy of Ohio, tomorrow, he will be in the city to receive the notification. He has practically only five days for the task and, except to see Senator Pomeroy of Ohio, tomorrow, he will be in the city to receive the notification.

The governor's work on his address will be broken next Friday for the "homecoming" celebration planned by Dayton citizens. Announcements were made today that it will be a non-partisan affair, with a parade by firework organizations, supplemented by fireworks and other entertainment. Brief addresses by Governor Cox and Mayor Switzer are scheduled.

The governor passed today quietly. After an early morning horseback ride, he attended Christ Episcopal church with the Rev. Dr. Gerard of New York, former American ambassador to Germany, who stopped here en route home from a visit in the west.

Word of a strong swing in the west toward the senate investigation of campaign expenditures, he plans to deny himself to visitors until the speech is in type, as he wishes to give a week's time for press distribution.

BARRICADES AND SOLDIERS IN THE STREETS OF BELFAST

Police Have Not Been Effective—Catholics and Protestants Are Ignoring Appeals Made from the Pulpits of All Sects to Avoid a Provocative Attitude—Disturbances Have Occurred in Towns Close to Belfast.

Belfast, July 25.—(By the A. P.)—The military, which is being steadily reinforced not only by men but by armored cars, the latter for the present being kept in barracks, was still busy today in County Down in 1914, in which unfavorable reference was made to the Pope. This brought a crowd, which when the cry went up "Down with the Pope" proceeded to Hibernian hall. This was attacked with stones. Thence the crowd went to the residence of William Gilmore, said to be the first Sinn Fein elected to the Belfast board of guardians. The windows of the house were smashed and only the quick response of the fire brigade prevented it from being destroyed by fire.

Numerous other residences and stores were visited in turn and similarly dealt with. The small force of police was overwhelmed and the rioters, based only when the rioters exhausted themselves. At Dalrymple, the scene of a battle in the 1918 rebellion, there was also an outbreak Saturday night. Windows were smashed and the people indoors early in the houses. These outbreaks are considered serious, as they show that the trouble radiating out of Belfast may become general.

There was a deal of excitement in Derry Saturday night and early Sunday in the expectation that the disturbances in Belfast might cause a revival of the trouble there. The military were reinforced, were called upon to separate the rival factions, which came into conflict at Bishop's Gate, the scene of so much fighting in the recent outbreak. Some soldiers were attacked and revolvers were fired, one man being wounded but the training of machine guns on the disturbed streets brought the situation back to order.

"It is very quiet," was the report of the officers at various points in the city where trouble might be expected, at nine o'clock tonight. Rain was still falling heavily, driving the people indoors early. Violence was unrelaxed, however, the police and soldiers being at their posts in the downpour ready for emergencies.

TRUNK IDENTIFIED AS THE PROPERTY OF MRS. E. LEROY

Detroit, July 25.—Clothing contained in the trunk in which the body of a woman was positively identified tonight as having been the property of Mrs. E. Leroy, was turned over to detectives assigned to the case. Patrolman Leo Trumbull, a member of the Detroit police force and a personal friend of the Leroy, was said to have made the identification.

Allen A. Tatum also stated that Mrs. Leroy was formerly Miss Katherine Jackson, a southern girl, and that she and her husband lived at 165 Hester avenue, Detroit, the home of the Leroy family.

Detectives assigned to the case were tonight checking up statements said to have been made to Birmingham here tonight by Allen A. Tatum, a lynchopere who that city. The name given on the waybill on which the trunk was shipped bore the name "A. A. Tatum."

According to dispatches received by the police here, the trunk was found in the headquarters at Birmingham late Saturday and volunteered a statement. He is said to have told officers there that he believed the murdered woman met in Birmingham Jackson, whom he was acquainted with Eugene Leroy, whom he said was an automobile mechanic.

Tatum first met Katherine Jackson in Birmingham, he said, in June, 1919. Following their meeting, he visited her several times, twice in Detroit. Police officers checking up on his statements here tonight said that Mrs. Katherine Jackson, Nashville, Tenn., was registered at the Interurban hotel here Oct. 20, 1919. Tatum said he again visited the Jackson woman here in June, 1920, at another hotel. She told him the Harper address, he said, that she was married and that her husband was "extremely jealous."

According to Tatum's story the woman wrote to him every day or two. He had heard from her June 4 or 5, he said, and gave that as his reason for believing that "something had happened to her," as otherwise she would have written to him. Tatum said that he had seen the woman money on one or two occasions.

Tatum, according to word received from Birmingham, left Detroit July 23. Police were endeavoring to check up on his account during his stay here. He is said to have denied all knowledge of the crime and indicated he was willing to cooperate in any investigation.

ALL TROLLEY SERVICE IN BRIDGEPORT WAS SUSPENDED AT MIDNIGHT

Bridgeport, July 25.—Trolley service in this city was suspended at midnight tonight. The suspension was ordered recently by Lucius S. Storrs, president of the Connecticut Company, cause of the unfair and unregulated trolley bus competition.

The company started taking its cars out of the city early tonight, many of them being run to New Haven and into the car barns there. It was believed there were very few cars left in the city when the suspension order went into effect. The only development in the trolley-trolley bus controversy today was the appointment by Mayor Clifford B. Wilson of a committee of prominent citizens who will meet tomorrow morning to discuss the situation and consider means for competition.

The Connecticut Company, which operates 90 per cent of the trolley mileage in the state, plans to pay the minimum wage schedule of 40 cents a week, to its motormen and conductors who are made idle by the suspension of service here. The company employs approximately 500 men in this city.

It was estimated that the company is costing \$50,000 a month to maintain trolley service here because of the jitney bus competition.

PLEASD WITH HARDING'S STAND ON FARM REFORMS

Marion, Ohio, July 25.—Needs of western farmers were talked over with Senator Harding today by a group of farmers of Kansas and Henry Wallace of Des Moines, Iowa, both editors of farm publications. In a statement afterward, Senator Capper declared the farmers of the west were "fast realizing why it is necessary that the republican ticket be elected."

To put the democrats back into power, the Kansas senator said, would be to turn the government over to the south and the various Tammy-splined states of the north.

Senator Capper accompanied Senator Harding in his visit to Marion, where the Methodist church and remained there until evening. He declared he was well pleased with the stand on farm reform taken by the republican nominee in the state.

Messages of congratulation on the speech continued to come in during the day one of them being from Governor Charles F. Brannan of Ohio, a leading candidate for the presidential nomination at Chicago. Governor Lowden telegraphed:

"Heartiest congratulations upon your speech and action. It is clear, forceful and patriotic."

Another which pleased the Harding managers was from Frank A. Munsey of New York, one of the leaders in the progressive party in 1912:

"I congratulate you heartily. Mr. Munsey wired, on the splendid reception your speech has had through the country."

A delegation from Terre Haute, Ind., on its way to the Knights of Pythias convention at Cleveland marched to the Marion, Ohio, headquarters in full regalia and headed by a band, and serenaded the nominee. He shook hands and told his callers he was proud to be a member of the Pythian order.

Senator Capper's statement marked the democratic administration for market inequalities favorable to the cotton and sugar industries, and declared Governor Cox's nomination for president by the democrats placed the party under a joint obligation to southern interests and to the "bosses" of the north. Governor Cox he said, "in the eight years he has dominated politics in Ohio, has built a machine based on the 'Tammany model.'"

"During the war and since," the statement continued, "Monroe has seen the southern farmer means. The southern states were all for rigidly controlling and limiting the price on what that compelled the farmers to take far less than the market value for their cotton in the open market. Cotton went to dizzying prices.

"More recently we have seen the same thing in the case of sugar. I know no more complete illustration of the farmer's administrative incompetency than in the story of sugar this year.

"People are paying up to 30 cents for sugar and can't get it. Yet there is a surplus of sugar in the country for all. It is held by speculators in order to boost the price.

"The northern and western farmers have borne the burden of restrictions, while the cotton and sugar raisers of the south, and the speculators, have got away with profits beyond calculation."

Another caller during the day was Constantine C. Moustakas of Savannah, Ga., who declared the Greeks in this country were greatly pleased at Senator Harding's reference to the disposition of Thrace in his recent queries to Governor Cox regarding foreign relations. He assured the nominee that voters of Greek descent were "one hundred per cent for Harding and Coolidge."

CONVICTED OF SELLING THE BONES OF ALLEGED SAINTS

London, July 25.—A wireless despatch received here from Moscow says the people's court in the bolshevik capital has tried and convicted Father Dosifei of the Don monastery and the Abbess Seraphima on charges of monarchist agitation and obtaining money under false pretenses by selling bones of alleged saints for curative purposes. Father Dosifei was sentenced to five years for forced labor without imprisonment, while the abbess, owing to her advanced age, was sentenced to detention in a social welfare institution.

BAILEY LEADING IN TEXAS GUBERNATORIAL PRIMARY

Dallas, Tex., July 25.—Joseph Weldon Bailey, former United States senator from Texas, early tonight was leading Pat M. Neff, his nearest opponent, for the democratic gubernatorial nomination in yesterday's primary by approximately 5,000 votes.

Two hundred and twenty counties give Bailey 98,149. Neff 33,265. R. E. Thomas 62,115 and B. F. Looney 34,408.

As to his assertion that, after coming here, he received a letter from the woman bearing a Detroit postmark of June 26, the police pointed out that if such were the woman could not have been Katherine Jackson as the label on the trunk containing the body showed that it was expressed from Detroit to New York June 19.

Tatum has been employed by a publishing house since his return from Detroit the middle of June. His friends said the name "Tatum" in newspaper accounts of the murder mystery, mentioned the matter to him and he is said to have decided to visit police headquarters and give his statement.

Birmingham police tonight were awaiting instructions from Detroit and New York police before taking any action in the case.

GOVERNMENT'S INCOME IS EXCEEDING EXPENDITURES

Washington, July 25.—The government's income for the fiscal year ending June 30 exceeded its expenditures for the first time in three years, Secretary Houston declared today in a statement in which he announced a reduction in the gross public debt and forecast a further "improvement" for the coming twelve months.

While the annual operations of the government showed a surplus of \$291,221,447, the more important change, the treasury officials said, was the cutting of \$1,155,154,632 from the gross public debt during the year. The national debt aggregated \$24,295,521,467 on June 30 and \$25,354,526,190 a year previously, by the monthly obligations of \$1 million.

Mr. Houston said that the national debt had mounted to its highest point—\$25,596,701,648, on Aug. 31—due to the operations incident to the handling of maturing treasury certificates of indebtedness. The total amount of \$2,297,350,150 from the peak is shown.

Outside of the transactions involving the gross debt, treasury receipts for the year aggregated \$6,684,565,363, while expenditures totaled \$6,493,342,811. The statement revealed, however, that the surplus was due largely to a partial liquidation of the assets of the way finance corporation. Exclusive of the special income from the sale of the vessel pending, a deficit of \$71,879,072 in the actual handling of income and expenses.

"MATEFLOWER" SAILS AGAIN FROM BRITAIN

Southampton, England, July 25.—Steamer attempting the departure 300 years ago of that little band of adventurers known to history as the Pilgrim Fathers were re-enacted yesterday in a pageant inaugurating a four days' celebration of the anniversary of the sailing of the "Mayflower" for the new world.

The pageant, which was presided over by a luncheon tendered by the lord mayor. There were 400 guests at the luncheon, including prominent persons in American and British official life and the heads of various Anglo-American societies.

Southampton, desirous of reminding the world of her proud claim to fame as the original port of embarkation of the founders of the American commonwealth, is vying with Plymouth in commemorating the event.

By staging this pageant, which is entitled "John Alden's Choice," at the ancient quay where the departure was made, through which the Pilgrim fathers proceeded on their way to the new world, the city is making a statement that it has remained through the intervening centuries as a veritable monument to the Pilgrim voyagers.

Outstanding events of American history, including the departure of the Pilgrim fathers, are being commemorated in the recent world war, were depicted in the pageant, which will be repeated during Monday, Tuesday and Wednesday's programs of the celebration.

TATUM FEARS VIOLENCE; REMAINS IN POLICE STATION

Birmingham, Ala., July 25.—Expressing fear that "E. Leroy" whom he named in his statements to police here in connection with investigation of the Detroit-New York trunk murder mystery, might take vengeance on him, Allen A. Tatum, a lynchopere of Birmingham, remained at police headquarters here tonight. No charge has been placed against Tatum and although he has been at liberty to leave headquarters he has remained there since relating his story yesterday afternoon.

Tatum repeated today his assertions that he believed the murdered woman to be Katherine Jackson of Starkville, Miss., but again denied any knowledge of how she met her death.

Tatum is quoted as having told the police that he last saw the Jackson woman about June 4 or 5 in Detroit. He had heard she was ill, he said, and as she had repeatedly told him she was leaving for him to return to Birmingham. Tatum said he had known the woman in this city before she went to Detroit and that he had gone there to see her at her invitation and had left her sums of money.

Tatum, according to the police, said he saw the Jackson woman several times and was told by her that she had married a man by the name of "E. Leroy."

The police questioned Tatum at length

The Turks, offering slight resistance, are fleeing toward Adrianople.

POLICE SERGEANT MULLHORN SHOT AND IN WEST CORK

Cork, Ireland, July 25.—(By The A. P.)—Police Sergeant Mullhorn, chief of the intelligence department of West Cork was shot dead today at the door of a church at Randon, twenty miles southwest of Cork.

He arrived in the porch of the church just as mass began. Pausing at the entrance, he dipped his fingers in the font and was killed while making the sign of the cross.

Mullhorn's assailants were two masked men hiding on the orchard, who escaped.

PLAN AID FOR GERMAN TEXTILE INDUSTRY

Berlin, July 25.—For the purpose of aiding industries in distress, notably those in the textile branches, a German economic corporation has been organized with a capital of 90,000,000 marks. The Reichsbank is closely identified with the new venture and not only will insure against exchange risks. The corporation also will be given the benefit of profits earned by official war corporations, which legally belong to the government and are to be devoted to aiding in the financing.
