Peale Successfully Defends Title to the 2nd van Winkle Medal

EDDIE CLARK Well Known Springfield Player Who is Defending His Title as National Roque Champion at the Rockwell Street Courts.

The Second Van Winkle medals will remain in Norwich or another year, as Richard Peale, son of Arthur L. Peale, has successfully defended his title as holder of the trophy. Peale on Friday night took two straight games from Irving Miner, challenger, of East Greenfield, this winning four of five games played in the contest. The contest started Thursday evening when Peale and Miner broke even in two games played, Miner taking the Peale the second.

National Champion Eddie Clark of Springfield, Mass., met his first defeat of the week Friday when he was shut out by Gerald Brassill of this city. Clark's defeat, however, did not affect his standing in the order for the 1921 title for he, in turn, administered a defeat to ex-champion Charles G. Williams of Washington, D. C., with whom he was tied.

In second place, Clark has but two more games to play while Williams has three. If Clark wins both of his games today, Williams must win all three of his games in order to be the champion. The outcome of the championship race is being closely watched by the roque enthusiasts.

Friday night's audience at the courts was the largest of the week. During the evening an excellent concert programme was rendered by Tubbs' military band, the concert being made possible through the courtesy of the management committee of the court of common council.

Harold Clark of Springfield, who won the Adams matter last year, lost the trophy Friday night to his brother, Eddie Clark, who took two straight victories from him.

During the day Gerald Brassill chalked up two more victories against his opponent by shutting out Clark and W. L. Robinson and C. G. Williams added another victory to his list by administering a defeat to W. A. Rounds, the western player.

Reeves Gets Five Victories In the second division M. T. Reeves, the Columbus, O. player, made a more notable showing by using five victories. He defeated James Brassill, Irving Miner, S. B. Prentice, W. T. Sullivan and C. M. Thompson. He howeever lost three games to Mrs. Whitney, another of A. B. Griffith and the third to Ray Hiscox.

Richard Peale and Mrs. Whitney are tied for first place in the second division, each having won seven of eight games.

The Standing to Date The standing in date in the three divisions is as follows:

VOTE TO AMALGAMATE WITH AMERICAN ROQUE LEAGUE The National Roque Association on Friday morning at an adjourned meeting voted unanimously to amalgamate with the American Roque League. Through this amalgamation the National association becomes the Eastern Division of the American Roque League. The vote was taken on the recommendation of a special committee appointed at the meeting held on Wednesday night.

The officers for the ensuing year were elected as follows: President—J. D. Miner, East Greenfield, Vt. Vice President—Dr. R. R. Ve-

sey, Willimantic, Del. Second Vice President—A. D. Spaulman, Willimantic.

Third Vice President—C. B. Crowell, Braintree, Mass. Secretary—Arthur L. Peale, Norwich. Treasurer—James L. Case, Norwich. Official Editor—L. C. Williamson, Washington, D. C.

The following committees were appointed by President W. A. Rounds of the American League to serve the eastern division:

Vice president, W. C. Rodman, Philadelphia; the following members of committees; rules, Eddie Clark, Philadelphia; Arthur L. Peale; finance, James L. Case. The committee on court construction for the American League, President Rounds appointed as follows: Albert Gates, Chicago; M. T. Reeves, Columbus, Ind.; A. K. Kainer, Washington, D. C.

The resolutions by which the Peale association voted to amalgamate with the American Roque League, were sent by Prof. H. E. Slaughter. They are as follows:

Whereas, The American Roque League is an incorporated national organization of roque clubs and associations numbering more than five hundred individuals members, has during recent years been very active and effective in developing interest in the game of roque, especially in the middle west, far west and south, and inducing Chambers of Commerce, Park Commissioners and other officials to recognize roque as a coordinate basis of public parks and by constructing courts and caring for them in the public parks as a legitimate expenditure of public funds for the benefit of the playing public and the entertainment of the public;

And whereas, the game of roque is at present the game has a popular status not only in many of the larger western cities, but also in northern summer resorts and southern winter resorts and in scores of smaller towns and even in some country places; and

Whereas, It is the purpose of the American Roque League to continue this propaganda for roque until it shall be possible to develop a system to find a court and follow devices within easy reach of wherever location he may find himself for a holiday or for an extended outing; and

Whereas, It is the purpose of the American Roque League to standardize the game that the rules of play shall be universally adopted and added to and to so coordinate the construction of courts that wherever the arches, carom borders and playing surfaces shall be the very best that official specifications of the engineers of the league can produce;

Whereas, It is the purpose of the American Roque League to organize divisions of the league wherever a number of Roque clubs with sufficient players can come together for holding tournaments and promoting the local interest of the game—such divisions having already been constituted or being in progress of organization in the Mississippi valley, the state of Kansas City, in portions of Ohio, Indiana, Illinois, centering around New Paris, Ohio, in St. Petersburg, Florida, in the Chattanooga grounds at Winona, Indiana, in the Pacific coast, centering in Los Angeles, California, and in the Florida, Illinois and St. Petersburg, Florida, have come to Norwich at this time to invite the National Roque Association of America to become the eastern division of the American Roque League, thus uniting all the roque forces in every part of the United States into one co-ordinated body for the purpose of promoting in the most effective manner possible the greatest of our door sports—recognizing, however, the very notable service that the National Roque Association of America has already rendered in its history throughout its 40 years of history in fostering the game and in training expert players whose names, example and influence have extended all over the country and given inspiration to hundreds of players and proposing that the National Roque Association of America shall keep its honored name and full autonomy in all its local management, agreeing only to add to its name the official title "Eastern Division of the American Roque League" to be shown on lettersheads and all printed documents pertaining to the association and to be inscribed on the reverse of all medals conferred by the association, and proposing that all games of the association shall be played according to the rules of the American Roque League already agreed upon by the joint action of the American Roque League and association; and finally, asking the association to unite in all promotional propaganda for the benefit of roque throughout the country; therefore be it

Resolved, By the National Roque Association of America, in annual meeting assembled at Norwich, Conn., August 20th, 1920, that this association shall now become and shall henceforth be the Eastern Division of the American Roque League on the basis and with the understanding set forth in the above preamble; that henceforth these shall be added to the name of the National Roque Association of America the official title "The Eastern Division of the American Roque League" to be inscribed on all official documents and on the reverse of all medals conferred by the Association; and that all games of the National Roque Association of America shall hereafter be played in accordance with the rules of the American Roque League as agreed upon by the joint committee.

It is further mutually understood, That the American Roque League shall at once add to its list of officers a vice president to be nominated by the National Roque Association of America, who shall be the executive committee of the league and who shall be the Field Marshall for the Eastern Division of the League; that the League will add to its Committees on Rules, Promotion and Finance a member for each to be nominated by the Association; that the American Roque League will supply the Rules Book and all other publications of the League to the National Roque Association of America on the same terms that it supplies other Divisions; that it will supply the regulation League Medals made from its official dies to the National Roque Association of America whenever this may be so desired and on the same basis as they are supplied to all other Divisions of the League.

This information came Friday in the following letter from General Manager Ernest E. Fuchs to Agent E. V. Knoose:

Dear Sir: We beg to advise that effective August 21st, 1920, we have secured through the American Roque League, which has now been reached via the Central Savannah Line, Atlantic Coast Savannah Line, Savannah and Atlanta Railway, Seaboard Savannah Line and Southern Railway.

It will be in order for you to start making such shipments on 31st August 20th to be billed Tuesday (August 24th, 1920). Our proposals have not yet been decided and as soon as we receive notice we will notify you accordingly so that you will be able to bill contract.

We would suggest that you get in touch with the different express companies whom we have secured, advising them of the line by which you will ship, so that they will be able to make arrangements within a short time.

Yours respectfully, ERNEST E. FUCHS, General Manager.

Agent Knoose is having an additional telephone installed in order to speed up the service now being offered by the best line. New numbers are being put into the book for the protection of shipments and everything possible is being done for the comfort of the passengers, which the boat has accommodations for about fifty Norwich shippers are doing all they can to encourage entrance of the line by getting their goods to the possible should be sent that way. The boat line has a capacity annually between \$20,000 and \$25,000 in this commodity.

As regarding the protection that the shipper is given by the insurance that is provided by the line, amounting to \$1000 per shipment, it will come to one of the Norwich manufacturers.

General Manager. As per request of our Norwich agent, Mr. Knoose, we beg to advise that we carry a \$25,000 cargo insurance on the Steamship Cape Cod to cover shipments made by patrons of our line. This insurance covers for a period of 48 hours before loading time of steamer and 48 hours after discharging of steamer and covers all damage to cargo en route between our terminals.

In addition to this insurance we carry \$50,000 worth of protective and indemnity insurance in which also is incorporated the following clauses: "Loss or damage to any goods, merchandise, freight, or other things or interests whatsoever other than an interest said whether on board said steamship or not which may arise from any cause whatsoever."

Trusting with this information you will now see your way clear to make your future shipments via our line, we beg to remain Yours respectfully, ERNEST E. FUCHS, General Manager.
