WATER DEPARTMENT MAKES MORE SALARY LIST CUTS

Further elimination of what are considered unnecessary workmen on the water department's payroll has just been accomplished by Superintendent W. Burton who has notified Foreman Edwin L. Burnap that his services are no longer required.

Mr. Burnap was amazed last July at a salary of \$1,330 before the cut-up in the local through Mayor Leroux's attendance at one of the board meetings brought about several other salary cuts.

Other salary list cuts that the water board has recently made have been in the cases of guards and patrol at the Stony Brook and Fairview reservoirs.

At Stony Brook two men by the name of Clifford and George Smith were paid \$21 per week respectively and at Fairview a man by the name of Delaney was being paid \$25, besides being taken to his work in an automobile. They have all been discharged by the water board.

Stony Brook is now doing the patrol work there at much less expense than \$51 per week and at Fairview the work is taken care of with a considerable saving in expense.
