

WESTERLY

Miss Ruth Hubbard May of Yalesville, Conn., and Wilfred Brown Utter, of Westerly, were married Wednesday afternoon at 5 o'clock at the bride's home by Rev. Clayton A. Burdick, D. D., pastor of the Pawcatuck Seventh-day Baptist church of Westerly, before an assemblage of relatives and intimate friends. Miss May is the daughter of Mr. and Mrs. Edwin Selden May, of Yalesville. Mr. Utter is the youngest son of Mrs. George H. Utter and the late Congressman George H. Utter, and former governor of Rhode Island.

The maid of honor was Miss Margaret Elizabeth Tarbell, of Springfield, Mass., cousin of the bride. Dr. Arthur F. Anderson, of New York, was best man, and the ushers were John Elliott May, brother of the bride, and George B. Utter, brother of the groom.

The bride wore white georgette over white satin, with trimmings of bushest lace. The dress of the maid of honor was of pink tulle, trimmed with silver ribbon. Pink and white asters, palms and ferns were attractive decorations in the home.

The wedding marches, Wagner's and Mendelssohn's, were played by Miss Alcyon McKenzie. After the reception which followed the ceremony, Mr. and

Mrs. Utter left for the White Mountains.

Mr. Utter attended college in Amherst, Mass., and is now in charge of the management of the Westerly Daily Sun.

Miss May was graduated from Syracuse university in 1918. Last year she was music supervisor in the Stonington schools.

An automobile accident in Grove avenue, early Wednesday morning, resulted in the overturning of a delivery motor truck of the William Segar company and injury to the operator, Stephen Deperry. The truck was being driven at moderate speed, when a forward tire bursted, the truck skidded, struck the curb and tipped over. Deperry was thrown out with considerable force and injuries so severe that he could not reach the nearby office of Dr. Johnson without assistance.

Three of Deperry's ribs were broken and his left wrist severely sprained. The truck was slightly damaged.

The Winchester shooting team gave an interesting and thrilling exhibition at the grounds of the South County Rod and Gun club, Wednesday afternoon.

The team is composed of seven experts, skilled with rifle, shotgun and pistol as follows: Mr. and Mrs. "Ad" Deppewein, Charles G. Spencer, "Chief" Chas. Albert Bender, Boyd F. Duncan, Fred S. Tomlin and Virgil Richard. A large number of people interested in this line of field sport were present, and all enjoyed the real entertainment.

The program included: Demonstration of the ventilated rib trap gun, and standard hand trap and regulation target; single regulation target shooting; ten pairs of double targets for each member of the team; exhibition of triple target shooting; demonstration of junior trap-shooting outfit; shooting at midday targets; ten standard targets to each shooter with 150 bore shot gun at 14 yard set; demonstration of 22 calibre hot action magazine rifle and telescope sight; exhibition of fancy revolver and pistol shooting; fancy exhibition of rifle shooting; Chas. Bennett's exhibition of light automatic rifle; drawings and pictures on tin with bullets from automatic rifle; exhibition of trench gun; exhibition of fancy shotgun shooting; and exhibition of 410 calibre and 12 and 20 gauge shotguns.

Even with limited transportation accommodations, there was a record attendance on the second day of the North Stonington Grange fair, which is more attractive than ever before. There is no horse racing or balloon ascension, or flying exhibits, at this fair, it being of a

purely agricultural nature, and therefore to the present generation a novelty in the fair line. There are competitive exhibits in farm and garden products, cattle, poultry, needle and art work, and also a display of antiques, and all that goes to make complete and real fair of the original type.

The fair is not so large, but that the visitor can make the grand rounds and see all that is to be seen and enjoy all that is enjoyable. While there is a modern midway, it is more of a sideshow than a principal attraction, and adds to the variety of the entertainment given by the North Stonington grange.

The fair will close today (Thursday). The line of fruits and vegetables is said to be as large and varied as shown at any fair in New England.

Mr. Nichols conveyed the boy to the home of his parents at 201 Canal street and Dr. May was summoned. The boy was severely bruised in the head and face and evidently received the force of contact with the automobile in his back. Careless Shampooing Spoils the Hair

Soap should be used very carefully if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is Mulsified coconut oil shampoo (which is pure and glycerine), and is better than anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft and the hair fine and shiny, bright, lustrous, fluffy and easy to manage.

You can get Mulsified coconut oil shampoo at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months. Be sure your druggist gives you Mulsified.
