C. OF C. MEMBERS SELECT 24 NAMES

The primary election of the reorganized chapter of emigration, conducted in accordance with Article III Section 1, of the constitution and by-laws, came to a close at 4 o'clock Saturday afternoon.

Following are the names of the twenty-four members of the chapter receiving the greatest number of votes: Rev. Alexander H. Abbott, Dr. John S. Blackman, Allyn L. Brown, Dr. Hugh H. Campbell, George W. Carroll, Frederic W. Cary, James L. Case, William A. Cruikshank, Grosvenor Ely, Nathan A. Gibbs, Rev. William A. Keefe, John M. Lee, Hon. Herbert M. Lerou, Arthur P. Libby, James Macpherson, Joseph G. May, Jacob Munz, Shepherd B. Palmer, Frank B. Ricketson, Ernest O. Ro-

der, Charles A. Saxton, Charles J. Twist, Charles F. Wells and Joseph C. Worth. The tellers were Dr. John S. Blackman, J. W. Curtis, Francis H. Allen, George A. Abbott, Charles D. Foster, L. B. Brewster, John B. Oat, Dr. E. J. Agnew, F. V. Kausse, P. W. Chapman and E. Tyler Rogers.

The twenty-four members of the chapter will be chosen from the twenty-four members receiving the greatest number of votes in the primary election. Ballot sheets have been prepared containing the names of the twenty-four members, and will be mailed to each member.

The polls will close at 4 p. m. Wednesday, October 21. Only those who have paid one quarter's dues in advance are eligible to vote in the election.

RELIGION WITHOUT SACRIFICE NOT NORMAL, SAYS PRIEST. "Personally, I think prohibition the best thing that ever hit this country," declared Rev. Daniel F. Sullivan, an assistant pastor at St. Patrick's church, in his sermon at the high mass Sunday. He had been preaching on sacrifice as essential to true religion, quoting St. Augustine to the effect that even the most barbarous peoples had some element of sacrifice in their religious ideas.

Since this solemn offering of the bread and wine, as instituted and commanded by the Saviour, I Corinthians 11, "As often as ye shall eat this bread and drink this chalice, ye shall show forth the Lord's death until He come," etc. is, then, so vital to the Catholic the enemies of the church, in their efforts to deprive him of this greatest gift of his religion from this world, the requirements of sacrifice which typifies the stupendous sacrifice of Calvary, and which is the motive that renders his church what it is to every Catholic.

Sacrifice in the olden times presupposed four conditions—holocaust, an offering of propitiation, of thanksgiving and of petition. The requirements of sacrifice were definitely fixed in Moses' time. Christ came, not to abrogate the law, but to continue it. Having made the supreme sacrifice of Calvary, He instituted the most perfect sacrifice—the Eucharist, in which are fulfilled the four requirements of the Old Law. This sacrifice is offered by regularly ordained and authorized priests, and is a sacrifice of thanksgiving, of propitiation, of thanksgiving, and of petition. It is a sacrifice of thanksgiving, of propitiation, of thanksgiving, and of petition.

And in every place there is sacrifice: "And in every place there is sacrifice," commanded in memory of Him, the mystical offering of atonement perpetuating that which He made on Calvary. Knowing and believing this truth, the Catholic loves and reveres his church, in ancient times the faithful underwent countless hardships, journeyed long distances, to be present at this divinely instituted Sacrament. This is the Lamb of God, of the most acceptable to the Father, the Holy Sacrament completely consumed, the act of thanksgiving the medium of petition since the Scripture assures men that whatever he asks of the Father in the name of His Divine Son that will He grant. This is the secret of the splendor of Catholic churches, of their attraction for the faithful. For those who remain away from this most efficacious of sacrifices through their own carelessness, the preacher had only wender.

COLLEGE STUDENT'S DEATH FROM INFANTILE PARALYSIS. Miss Margaret Pearl Nosworthy of Hampton, this state, was a student at Boston University, died in Boston on Wednesday, Oct. 13, after a brief illness with infantile paralysis. She was the daughter of Mrs. W. A. Nosworthy of Hampton and was 18 years old. Margaret Nosworthy was a graduate of Windham High school, Williamstown, N. H., in 1918. There she was an honor pupil, class historian, editor-in-chief of The Windonian, and secretary of her class.

In the fall of 1919 she entered Boston University, where she was a scholarship student. She was a member of Gamma Phi Beta Sorority, vice president of the freshman class and prominent in many university activities. In her sophomore year she became sophomore representative of the Gamma Delta society, secretary of the Dramatic club, and was on the committee of the intercollegiate social welfare work.

Margaret Nosworthy was a frequent contributor to "Uncle Jed's" columns of the Norwich Bulletin, many of her clever writings and sketches having been used there. Her talents were very marked and had high promise. She was a niece of George A. England, the novelist.

Loved by a host of friends, her death leaves a vacancy impossible to fill. After an illness of two years, Raymond Stott, 23, died Sunday morning, about 9 o'clock, at his home on Plain street, in Norwich. He was the son of John and Margaret Laird Stott. He received his education at the West Town school, when his health permitted. He was a member of the Congregational church. He is survived by his father and a sister, Mrs. Frank Way of Norwich.

Following a serious illness of ten days from which she recovered, Miss Mary Emily Rose, 80, died Sunday morning at 6 o'clock at the home of her niece, Mrs. Frederick H. Bushnell of Huntington avenue, where she has made her home for the past fourteen years. Miss Rose was born in Roxbury, Aug. 8, 1840. The daughter of the late William Palmer and Caroline Matilda Rose, being one of five children. Practically all her life she passed in Roxbury, previous to her locating at the Bushnell home. When eighteen years of age Miss Rose was baptized by immersion in Gardner Lake, having joined the Methodist church there. She was united with the Congregational Baptist church by letter in Newburgh, when coming to Norwich. Town was transferred by letter to the First Methodist Episcopal church, where she was a member until falling sick, when she was deeply interested in the Dorcas Home Missionary society connected with this church, being its oldest member. Because of feeble health for the past three or four years, Miss Rose was closely confined to her home, where she was greatly missed. Here was a beautiful character always bright in every way throughout her quiet and unassuming life. She is survived by brother, Reuben P. Rose of West Town street, the last of the family, a nephew, Frank Rose of Waverus Hill, and the niece with whom she resided, Mrs. Bushnell, who gave her the most devoted care. Harold Allen Rose of Uxbridge and Rev. Francis Howard Rose of High street, Va., are also survivors.

ACCEPTS NOMINATION TO RUN FOR CONGRESS

Thomas R. Murray of New London, familiarly known as "Senator Murray," who has been nominated by the democrats as their candidate for congress from the second congressional district, to run against Congressman Richard P. Freeman, also of New London, has accepted the nomination in the following letter to Edward T. Burke of this city, chairman of the democratic congressional committee:

My Dear Sir: In accepting the democratic nomination for congress in this district, I am proud to represent the state of Connecticut. I thank the delegation for the honor bestowed upon me, and to say that I will, if elected, do all within my power to further legislation that I believe to be for the best interest of the people of the United States, keeping in mind the welfare of our own state.

He mentioned the great appropriation for the army and navy departments of the United States and predicted that the United States was to be used as the catapult for Great Britain to fight Japan and after that would have to fight Great Britain. He figured that the United States was to be used as the catapult for Great Britain to fight Japan and after that would have to fight Great Britain.

Because of the American attitude towards Haiti and Mexico, he predicted that all of Latin America will be in dread of the American flag, which he claimed was being used to forward a scheme of commercial imperialism for American business interests.

A period of depression is coming, he said, because of non-employment and the influx of immigration which will bear heavily on the workers and the farmers, who are just being exploited in Europe. The shortage of raw materials is responsible for the dislocation of industry but in this country there is no shortage. The coming depression will test the American situation to its foundations.

What the socialists want, he said, is a country where the people who work will get the return of their labor, where nobody can live without working. The only way to achieve this, he claimed, was to put the control of industries into the hands of those who run them.

ALFRED AIKEN PRESIDENT OF NEW BOSTON ASSOCIATION. Alfred L. Aiken, president of the National Shawmut bank, Boston, son of Gen. William A. Aiken of this city, has been elected president of the Association for the Promotion and Protection of Savings, which has just been incorporated in Boston. The association aims to encourage safe investment, conservation and thrift. Mrs. F. L. Higginson of Boston is the first vice president.

1,200 POUNDS OF CLOTHING FOR NEAR EAST RELIEF. The response which Norwich people have made to the appeal for warm clothing for the Near East Relief has enabled the local officers to send 1,200 pounds of clothing this month. Last July 800 pounds of clothing was sent making a total of 2,000 pounds for which Norwich is credited with \$1,000 in its quota for the Near East Relief as 50 cents per pound is credited for responses to the appeal for clothing.

BRANDEGEE AND BUTLER AT NEW LONDON RALLY. United States Senator Frank R. Brandegee and New London and Dr. Nicholas Murray Butler, president of Columbia university, were speakers Saturday night in New London before a republican political rally that drew a large attendance and gave the speakers enthusiastic applause.

Senator Brandegee touched upon his attitude towards woman's suffrage and urged the passage of the Equal Rights amendment to great applause when he declared his stand upon the league of nations as follows: "The question now is, in brief, shall America maintain the independence which she secured in 1776 or shall she surrender it? The question is, shall America determine when she shall go to war, what she shall fight for and what nation she shall fight against, or shall that issue be determined for us by the president of the United States and a council sitting in Geneva, Switzerland? That is the issue, and there is no disguising it, there is no shifting it."

"The republican party is carrying the blazing torch of liberty of America into every hamlet and village in this broad land. Choose ye this day whom ye will serve." "President Butler pointed out how the results of the present campaign would affect the lives of the people of the government. To elect a republican president and leave him without the support of a republican senate or a republican house of representatives would mean to continue in more or less exaggerated form the deadlock between the president and the senate that has existed for the past two years and that has so greatly hampered the activities of our government. He paid high tribute to the patriotism and the public service of Senator Brandegee whose re-election, he said, the entire country is taking for granted. He urged that there be no overconfidence but no permit to stand in the way of making Senator Brandegee's majority a record-breaking one for one of the group of real leaders in the present senate."

An essential principle of American government is the selection of men of capacity and public spirit to represent their various communities and states in the legislative department of the government. It is of no importance whether such representative voices all the varying and varied opinion of his constituency. Indeed, no representative could by any possibility do so. The highest type of representative gives to the people not only his time and his services but also his character, his experience and his judgment. Senator Brandegee is a conspicuous example of the highest and truly American type of representative."

SCOTT NEARING SPEARS AT SOCIALIST MEETING. Scott Nearing, professor in a school in New York, that came under government surveillance during the war years, spoke here Saturday night under the auspices of the socialist local. He was an hour and a half late in getting to the meeting, because of a late start from New York and traffic delays so that it was 8:30 before he began to speak after

RECOVERED FROM COLLAPSE

He had been introduced by Fred Holdsworth. He opened his talk with a short description of conditions in Europe where he said he had been making a tour of four months having returned only last Monday. Cholera, smallpox and typhoid, all the dreaded diseases, are raging abroad and are a menace to the world. Austria is due to starve this winter, nothing can avert it, Russia is in the same plight, similar conditions exist in the Balkan states part of Poland and parts of Central Europe. France, though a victor, is facing the winter in a desperate condition as to its coal supply. The French workman can't earn enough to get the things he absolutely needs to support his family.

He mentioned the great appropriation for the army and navy departments of the United States and predicted that the United States was to be used as the catapult for Great Britain to fight Japan and after that would have to fight Great Britain. Banish Catarrh

Breathe Hymecol For Two Minutes and Stuffed Up Head Will Go. If you want to get safe relief from catarrh, cold in the head or from an irritating cough in the shortest time, breathe Hymecol. It will clear out your head in two minutes and allow you to breathe freely, awake or asleep, or money refunded. Hymecol should be used a cold in one day, and relieve you of disgusting sniffles, hawking, spitting and offensive breath in a week. Hymecol is made chiefly from eucalyptus, hawking, spitting, germ-killing antiseptic, that comes from the eucalyptus forests of inland Australia, where catarrh, asthma and other bronchial troubles are seldom known. Hymecol is pleasant and easy to breathe. Just pour a few drops into the Hard Rubber Inhaler, use as directed and relief is almost certain. A complete Hymecol Outfit, including Inhaler and one bottle of Hymecol, costs but little at Lee & Osgood Co., and druggists everywhere.

MISS DOROTHY BROWN HEADS ST. MARGARET'S CHAPTER. Miss Dorothy Brown was elected president of St. Margaret's chapter of Trinity church guild at the annual meeting of the chapter which was held Thursday evening at the home of the rector, Rev. J. Eldred Brown on Otis street. The officers elected and the committees chosen were as follows: President, Miss Dorothy Brown; vice president, Miss Edith Campbell; secretary, Miss Katherine E. Brown; treasurer, Miss Jennie L. Mitchell; delegates to Parish council, Miss Edith Campbell, Miss Katherine E. Brown, Mrs. C. V. Pendleton; work committee, Mrs. Fredrickson, chairman; Miss Olive Hiscox, Miss Lois Hiscox, Miss Mary Wade, Miss Helen Carvan; entertainment committee, Miss Katherine E. Brown, chairman; Miss Katherine Hunt, Miss Dorothy Brown, Miss Helen Lewis, Miss Alice Williams; public committee, Miss Jennie L. Mitchell, chairman; Miss Edith Campbell, Miss Marie Wright, Miss Faith Curtis, Miss Frances Baker, Miss Millicent Mitchell; visiting committee, Miss Harriet Adams, chairman; Miss Ethel Curran, Miss Ethel Sweezy, Miss Elizabeth Harvey.

ALEX LATHAM A SPEAKER BEFORE STATE BEEKEEPERS. The Connecticut Beekeepers' association held its fall convention at the capitol in Hartford Saturday. The morning session began at 10 o'clock, when F. G. Carr of New Egypt, N. J., a bee inspector and secretary of the New Jersey association, spoke on So-Called Disappearing Diseases. At 1 o'clock in the afternoon Alex Latham of Norwich, Town, spoke on Manipulation of Bees and Supers During the Honey Flow. Mr. Carr was heard in the afternoon on Controlled Queen Mating. Members were requested to bring tools to demonstrate ideas that were useful.

Pomfret school football eleven experienced little difficulty in winning from the Roxbury Tutoring School at Pomfret Saturday afternoon, 11-0. Bruce scored all of Pomfret's touchdowns and Dumaine kicked all three goals. The first half ended with the score of 7 to 0.

The annual meeting of the general conference of the Congregational churches of Connecticut is to be held in Bridgeport some day next month.
