419 Eggs From 20 Hens In 30 Days
Mr. Dougherty Got This Result In October. Plan is Easily Tried.

"I tried Don Sung and the result was far past my expectations. I got 419 eggs in 30 days from 20 hens while my usual output is only 100 to 150. I think this is wonderful, so I have bought a few more. Frank Dougherty, 590 E. 11th St., Indianapolis."

This may sound too good to be true, but it costs nothing to find out. We'll make you the same offer we made him. Give your hens Don Sung and watch the results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be cheerfully refunded. Don Sung (Chinese for egg-laying) is a scientific formula and conditions. It is easily given in the feed, improves the hen's health and makes her stronger and more active. It tones up the egg-laying organs, and gets the eggs, no matter how cold or wet the weather.

You can obtain Don Sung from your druggist or poultry remedy dealer, or send for a trial package by mail. Burrell-Dodger Co., 216 Columbia Bldg., Indianapolis, Ind.
