Feel Old?

Overwork, worry, anxiety or sorrow undermines strength and health. These causes contribute to kidney trouble, and weak or diseased kidneys make one feel old in middle age.

Foley Kidney Pills

Weak, overworked or diseased kidneys and bladder so that the system is free from waste and poisonous matter that causes one to feel old, tired, languid. They banish backache, rheumatic pains, sore muscles, stiff joints.

For many years I suffered with kidney trouble and rheumatism. I had a severe backache and felt miserable and I played out. I got to a place where I had to do something. After taking two bottles of Foley Kidney Pills I can say my backache is gone, and where I used to lay awake at night with rheumatic pains I can now sleep in comfort and enjoy a good night's rest.

No Time Like the Old Time. There is no time like the old time, when you and I were young. When the buds of April blossomed, and the birds of spring-time sang!

There is no place like the old place, where you and I were born. From the milk-white breast that warmed us, from the clinging arms that bore, Where the dear eyes glistened o'er us that will look on us no more!

There is no friend like the old friend, who has shared our morning days, No greeting like his welcome, no homage like his praise; Fame is the scentless sunflower, with gaudy crown of gold; But friendship is the breathing rose, with love in every fold.

There is no love like the old love, that we courted in our pride; Though our leaves are falling, fading, and we're fading side by side, There are blossoms all around us with the color of our dawn, And we live in borrowed sunshine when the day-star is withdrawn.

There are no times like the old times—they shall never be forgot! There is no place like the old place—keep your dear old spot! There are no friends like our old friends—may Heaven prolong their lives! There are no loves like our old loves—God bless our loving wives!
