OBSERVED THEIR 40TH ANNIVERSARY

Forty years ago on Nov. 25th was Thanksgiving day and the wedding day of Mr. and Mrs. E. Walter Phillips of the Laurel Hill avenue, who celebrated the anniversary Thursday, having twenty-one years for dinner at their home. The menu was the same as the one served on Thanksgiving day, 1886, for the wedding in Leydard, when Mary E. Chapman became the bride of E. Walter Phillips, the ceremony being performed by Rev. E. Dechery.

At the anniversary Thursday there were present two sons, John and Earl, the daughters, Miss Edna and Miss Lila, and five grandchildren. Another son, Roy, who is a member of the faculty of the University of Wisconsin, was unable to return home for the celebration, but sent a letter which was read to the pleasure of all present.

Many friends called during the afternoon and evening and there were numerous and valuable gifts. The guests were entertained with piano solos by Carl Parker and Miss Edna and Lila Phillips, songs by Mrs. Davis and Mrs. Roberts, Mr. Parker and Mr. Storm, and recitations by Capt. William G. Tarbox. Refreshments were served and after a most delightful evening the guests departed at a late hour with many expressions of appreciation, congratulation and good wishes for the future.

The greetings of the absent son, Roy were sent in the following letter: "Having been informed that there would be a celebration in honor of the fortieth anniversary of the wedding of my father and mother, and not being in a position to attend, I thought that perhaps the next best thing I could do would be to write a few lines to you that might serve as a more evident reminder, perhaps, than an appreciative note is present in spirit, if not in body, to congratulate you on this happy anniversary. I am thinking over the past the other day, in relation to my father and mother, I don't help feeling just a little bit proud."

WALTER R. GARDE, owner of the Garde Hotel properties in Hartford and New York, well known in Norwich, has been mentioned as likely to be named Governor-elect Everett J. Lake for a place on his staff, as the member from the New Haven part of the state.

ROSSIE VELVET SOLVED
TRANSPORTATION WITH TRUCKS

Transportation problems during special periods of stress were solved by the Rossie Velvet Co. of Myrtle by the use of auto-trucks. An automobile publication makes the service which the Rossie trucks did an advertising feature, relating the story as follows: "Working night and day during an extended period of a two-year-old five-toner during the spring of 1926 relieved the predicament of the Rossie Velvet Company. When strikes and embargoes cut off freight connections with New York City, the trucks, driven by three shifts of drivers, carried virtually the entire output of the mill during that period of the metropolis, a distance of 160 miles. With close-knit regularity, they made four trips a week, hauling its valuable loads of silks and velvets. No mechanical failure interrupted delivery during the emergency.

The truck, which made the 160-mile run in 14 hours, halted in New York but one hour. Its load of finished goods disappeared in the city immediately. I feel that father and mother were fortunate in their friends. It seems to me that friends are made naturally and without effort. That, perhaps, is why they have had so many good friends—because they themselves have been good, and have acquired them naturally. When I think of old faces, some not here now, pass before me which I remember with warm sentiments, especially my father and mother, and therefore my friends. After all, you see, 'kids' remember. Am you to you who have present I want to extend my warmest and kindest appreciation of your influence as good friends.

And now, wishing the "couple" at least as many more happy and prosperous years together in the future as in the past (and that, of course, necessitates the association of their old friends, and as the wish applies to them) and wishing all an all a right jolly good time at the celebration, I remain,

A loving son and sincere friend,
ROY.

Mr. and Mrs. Phillips have for many years been residents of the Sunnyside estate and groomed in the city of New York, which Mr. Phillips has had a part in building up by the erection of a number of houses there.

STATE POLICEMAN, KNOWN HERE,
HAS HIS SKULL FRACTURED

State Policeman Thomas A. Mitchell, who is well known in this city, suffered a skull fracture in a collision with a car in a critical condition at St. Francis hospital in Hartford and State Policeman Anthony Tomarilo is in a serious condition in the same hospital, suffering from possible internal injuries following a smash Thursday in Hartford between the touring car in which the state policeman was passengers and a one-man trolley car. Miss Daisy McCarron, 23 years old, of Hartford, another passenger in the automobile, which is the probable cause about two years ago, when she was seriously injured, while a fourth occupant of the automobile, Thomas Tomarilo, sustained cuts and bruises on his head and neck. Miss McCarron suffered from shock and it is feared she has internal injuries. The McCarron girl figured in a sensational police case about two years ago, when, through her testimony before the Hartford police commission she caused the dismissal of a Hartford policeman.

Judge Abraham Elkus has been appointed to serve on the Commission of Inquiry which is to make the preliminary investigation in the Aland Islands controversy. This dispute between Finland and Sweden will in many ways be a test case that will determine the effectiveness of the Council of the League of Nations as an instrumentality for the settlement of disputes and the prevention of wars. Finland is pleased with the appointment of this American, who will wield much influence—though he will have no official vote as the U. S. is not a member of the League.

TOOK PHYSICIAN EVERY NIGHT

MRS. JOHN CAPOZZI, Ashford, New York. "I feel it my duty to tell you what 'Fruit-a-tives' or Fruit Liver Tablets did for me. I tried several kinds of physic for over three years; and, of course, while I took it every night my bowels would move; but as soon as I stopped taking physic, I would be constipated and would have Piles terribly. I heard of 'Fruit-a-tives' and bought one box and took them. Now I am not troubled any more with Constipation and no more Piles. 'Fruit-a-tives' did for me what no other medicine ever did; they left no after-effects, and now I do not have to use physic. I recommend 'Fruit-a-tives' to all my friends."

Greenville.
Notwithstanding the severity and high price of barrels, several well-to-do people managed to either steal or buy enough to celebrate Thanksgiving night in the usual Norwich customary manner. Some bundles of these barrels arrived much expeditious even to those who had their barrels by the "take-away" route. One man on South Main street was observed to have 100 barrels and buried them in the woods on Gilman's lot at the foot of South Main street. Another man, about 100 barrels and buried them in the woods near the corner of South Main street. It is believed that they were buried in a lot in Greenville.
