HER BOY HAD ALWAYS BEEN WEAK AND PUNY
Now he eats everything in sight and romps with playmates.
My four year old boy had been weak and puny since birth, had had constipation and indigestion. Nothing did him any good until we tried Milk Emulsion. Since taking it, he has gained weight and has grown his childhood troubles. He plays out with the children now, and he has never been sick since before. KEEP LOOKING YOUNG
It's Easy—If You Know Dr. Edwards' Olive Tablets
The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

would have done so if the car had not become involved. Many of the articles read off on the list he denied ever having seen.
Telling of the second burglary, at the home of Mrs. Elliott, Bradley said that his wife and brother-in-law, Edward Shackett, accompanied him. They had started out on a pleasure trip and when near North Oxford, Mass., met Leon Shackett and Mrs. George Webb, a widow with whom Leon kept company. They had started for Webster to attend a dance and had the car, the prestidigitator had also been used up on the machine. They were about to take a trolley car when Bradley halted them and told them to get into the automobile as he was going in their direction. Near the Elliott home, trouble came to their machine and they asked Leon to fix it. In the meantime Bradley and Edward Shackett broke into the Elliott house and took the rug. The house was unoccupied and the furniture was covered up. Bradley claimed his wife knew nothing of the theft of the rug and would have prevented it had she known. Leon Shackett was asleep in the rear seat of the car when they returned. Bradley said that he owed \$124 on the machine and this prompted him to the machine and the latter would take articles in place of money. Schlesinger said a description of the rug and other stolen articles.

WESTERLY
Merrill Post, No. 16, American Legion, held an enthusiastic meeting Tuesday evening in Chamber's hall, when plans and resolutions for the new year were discussed. Among the resolutions passed was one favoring the erection of a memorial to the World War veterans. The resolution follows:
"Whereas: It is the general opinion of a great majority of the citizens of the town of Westerly that a permanent memorial to the brave men who fought and died for their country should be erected; and whereas: The American Legion is the only representative organization in the town of Westerly of the men who were engaged in said war.
Therefore: The great majority of executive men are members of the American Legion.
Be it resolved, That the Merrill Post No. 16, American Legion, heartily endorse the erection of such a memorial.
And be it further resolved: That it is the pronounced belief of said Merrill Post that upon such memorial there should be inscribed the name of each and every man or woman of the town of Westerly who served with the armed forces; and that any memorial, not as inscribed, would not be a fitting tribute to those of our ranks who made the supreme sacrifice, or to the veterans of the great war against Germany."
The action for the ensuing year was elected: Ernest Young, George A. Stillman and Robert Preston.
Commander George Chapman appointed an entertainment committee to give an all further notice: William Phillips, James J. Moore, William Donovan, Ernest Young, William Flinck and George Marr.
Rev. J. C. Cleveland was chosen chaplain of the organization and Harold Barber was appointed sergeant-at-arms.
Charles G. Gavitt was elected president of the church. The church held a meeting of the organization held Tuesday evening. Other officers were chosen: Robert Lewis Solomon, vice president; Charles P. Greenman, secretary; Charles P. Greenman, treasurer; Charles Latham, sergeant at arms; Robert Lyman, chaplain; Charles G. Gavitt, pastor; Charles Custum, Edward H. H. examining committee; John McCall.

Every Young Girl's Ambition —to Make a Perfect Pie
Those Interested Should Read This Carefully and Understand the Art of Pie Making
SOME people say that the making of flaky, delicate and easily digested pie crust "is an art."
Perhaps it used to be. Today even the inexperienced girl can make the finest pie crust. Only two things are necessary. A good recipe—which is given here. And Mazola—which is sold by all grocers.
Mazola is so readily adapted to pie crust making that even those who first try it are assured of flaky, tender crusts.
The liquid form of Mazola, the fact that it is 100% pure, highest grade vegetable oil, is in a large way responsible for the satisfactory results. Crusts are too tough or too short in many cases. This is due to the inaccurate measuring bound to occur when hard fats are used.
Equal to Butter at Half the Price—Better Than Lard
And, quite as interesting as the perfect results, is the economy of Mazola.
You use 1/4 to 1/3 less Mazola than of lard or other fat. Because Mazola contains no
