Have You Piles? Thousands who have piles have not done the same for you. You have learned that quick and permanent relief can only be accomplished with internal medicine. Neither cutting nor any amount of treatment with ointments and suppositories will remove them. Bad circulation causes piles. There is a complete stagnation of blood in the lower bowel and a weakening of the parts. Dr. J. S. Leonard has first to find the remedy. His prescription is HEM-ROID, a tablet medicine, taken internally, that is now sold by druggists generally. Leonard tried it in 1,000 cases with the marvelous record of success in 98 per cent. It has given safe and lasting relief to thousands of people, and should do the same for you—it seldom fails.
