he proudly announced Wednesday that he already has obtained ten enlistments for the new organizations from among the members of the state guard company, which eventually will be disbanded.

The supply company to be organized here will be motorized. Captain Armington gives credit to Major Morris B. Payne of New London for getting Danielson an assignment to raise a company.

Captain Armington is to be at his office in the state armory his (Thursday) evening and on Friday evening from 7:30 to 9 o'clock to receive enlistments and also every evening next week.

In the near future expects to have more complete information as to equipment an organization than at present, but he is now ready to talk with any young man who desires to enlist.

PUTNAM By unanimous vote of all the members present at a meeting of the common council the proposed amendments to the city charter of Putnam were approved and will now go to the legislature for consideration. There seemed to be a very general feeling throughout the city on Wednesday that the amendments are along the right line and that they will work out for the best interests of the city.

Following is the newly elected officers of the Putnam Building and Loan association: President, John G. Johnson; first vice president, Alexander Gillman; second vice president, Walter J. Bartlett; treasurer, W. E. Moss; secretary, Mahlon Ross; board of management, of Ross ex-officio, Henry J. Traver, Omer J. Miel, G. Harold Gilpatrick, Oscar Dunagan, Ray C. Bosworth, Ernest B. Kent, Herbert J. Smith. This is the same board that directed the affairs of the association so successfully during the past year.

Secretary M. H. Geisler stated on Wednesday that 215 shares of the present issue—the 11th—have been taken to date.

The value of shareholders' assets in the association increased over \$30,000 during the past year.

Putnam has a remarkable basketball team. It has been cleaning up some of the fastest teams in Boston and the Putnam center, Street, Mehan of Newark, N. J., is one of the greatest in the game. This Putnam team has a game with the West End team of Boston, one of the fastest teams in that city. Did you know it? Well, probably not, but that is what one of Boston's leading evening papers has been telling its readers through one of its sporting writers. It appears that some basketball booster has slipped one over on the paper. Putnam hasn't any basketball team such as is described and few of the followers of the game here ever heard of Street Mehan. No such games as was described has been played by any Putnam team, nor is there any game scheduled for a Putnam team that exists only in someone's imagination.

RHEUMATISM LEAVES YOU FOREVER

Deep seated Uric Acid Deposits Are Dissolved and the Rheumatic Pains Start to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer that two bottles of Allegru, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinges of rheumatic pain, as will gladly return your money without comment.

Allegru has been tried and tested for years, and really marvelous results have been obtained in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless.

Mr. James H. Allen, the discoverer of Allegru, who for many years suffered the tortures of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allegru decisively conquers this worst of all diseases, and he has instructed Lee & Osgood to guarantee it in every instance.

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain. How to Treat

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not to a deficiency as a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

CENTER GROTON

The church supper held by the Ladies Aid society was a success. A large number came from Groton, so from Old Mystic and Ledyard. After expenses, there was \$40 clear, for paying for the organ recently purchased for the chapel and the balance for repairs to church property. Plans are being made for another supper.

Sunday school was held Sunday at 2:30 p. m. by Rev. F. S. Robbins of Preston City. Next Sunday there will be a religious service. Rev. F. S. Robbins will deliver the sermon.

The mercury dropped to 2 below zero here Tuesday after a warm spring-like Sunday, and with a cold wind it looks as though the winter season will be a supply of ice from the local ponds.
