Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, dazed feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 15c and 30c.

The 40-year-old veteran exhibited a perfect defense against Stecher's dangerous body actions, breaking from them by sheer strength with his arm and elbow and also by resorting to the toe hold. Stecher kept trying with his favorite hold but perfected it only three times.

Stecher was the aggressor for the first hour and a half but the veteran's marvelous strength succeeded in wearing down Stecher.

R. M. Murphy, graduate manager of athletics at Washington and Jefferson college, has received a telegram from Pat Moran, manager of the Cincinnati National League team, from the training camp of the Reds, in which he congratulates the Red and Jack authorities in signing Earle Neale for its 1924 football coach.

A wealth of material for the back stop berth on the Pittsburgh National League baseball club is reported by pirate officials at the West Baden, Ind., spring training camp. In addition to Walter Smith, the regular, quite a number of new catchers are training. The work of Mike Wilson who was picked up by Manager Gibson from the steel league, is reported to be satisfactory. Cliff Lee and McCormick, a rookie, are also doing well. Tony Brozman, a catcher, and Bing Miller, an outfielder awarded by Judge Landis to the Washington Americans, are training with the Pirates.

Connie Mack, manager of the Philadelphia American League baseball club, is pleased with the showing of his men in the practice games with the St. Louis Nationals. He said he will be unable to report for several weeks and as a result Manager McBride's plans have received a setback. O'Neill wired that an attack of pneumonia last fall left him in such a weakened condition that his physician has advised him against taking any violent exercise at this time.

Elimination of O'Neill leaves McFried the problem of assigning the short field job to either O'Rourke or Ellerbe.

According to dispatches, among the candidates examined, have been Karl, a Cleveland semi-pro; McWhorter, from Richmond, Va.; Frank of Eliza, N.Y.; and Davenport, Sioux City southpaw. Some have made a favorable impression.

All but two of the veteran members of the St. Louis Nationals are in camp, with the arrival of Harold Janvry. The absentees are Milton Stock and Jack Smith, both of whom failed to come to terms. Jimmy O'Neill, Washington shortstop, Babe Adams, veteran pitcher for the Pittsburgh National League club, who is in charge of the Pirate moundmen at the West Baden, Ind., spring camp, is pleased with the work, according to dispatches. He is high in his praise of Jim Zinn, former Wichita Falls pitcher and Jack Morrison, who came from Birmingham, Missouri, who came from Birmingham, Missouri.

Dispatches from the spring training camp of the Cleveland Indians at Dallas refer to Manager Tris Speaker as the possible player on the team.

The New York Nationals, it is reported, will play exhibition games in Texas, Oklahoma, Arkansas, Tennessee and Virginia on the return trip to New York.

FINANCIAL AND COMMERCIAL

MARKET WAS DEPRESSED. New York, March 14—Practically the same adverse influences which contributed in measurable degree to the depression of stock markets in the week were operative again today, a number of new low records being registered.

The foreign situation, the precarious position of the railroads and the state of domestic affairs in the leading lines of industry were once more the factors which precipitated fresh liquidation and emboldened the shorts to extend their commitments.

Statements of earnings submitted over the week-end recess by various transportation companies and manufacturers of staple products offered striking evidence of the steady decline in volume of business and the detached or indifferent attitude of consumers.

The stronger position of the domestic banking situation, as demonstrated by the weekly reports of the clearing houses and the federal reserve branches almost as a whole, was ignored in the more important developments which continued to militate against market values.

At intervals the stock list suggested support of the better grade issues, especially rails, but heavy selling of Reading at an extreme decline over 3 points in the afternoon and a fresh attack upon Atlantic Gulf, which ended at a net loss of almost 6 points, provoked much confusion at the close. Sales 600,000 shares.

Call money continued to hold at 7 per cent and offering of time funds were scarce, though unchanged from last week's quotations. Dealings in foreign exchange contracted. British and French rates quiet, while Scandinavian hardened.

Weakness of Pennsylvania Railroad 5 1/2 and the new 6 1/2. Devised the former being 1-1/4 points and the latter 7-1/2 large fraction.

Liberty 3-1/2 made a new low record at 89.00. Total sales (par value) aggregated \$10,175,000.
