

# Stereopticon Shows Methodist Program

(Special to the Bulletin.)  
 Providence, April 8.—Following the executive session of the New England Southern Conference on Thursday afternoon there was held the anniversary of the council of the boards of benevolence. The Rev. Dr. J. M. Gage presided. The speaker was Morris H. Ehnna. His address contained a large fund of information concerning the ways in which these various benevolent boards of the Methodist church are touching the Methodist conditions which exist in this country and in all parts of the world.

After this very informing address, Dr. Gage delivered an illustrated lecture on Methodism's World Program, using the stereopticon and showing many interesting pictures of life in all parts of the world.

Rev. Melvin P. Burns, D.D., was the speaker at the anniversary of the board of home missions and church extension which took place at 7:30 p. m., followed at 8:30 by the anniversary of the board of foreign missions, the Rev. A. B. Moss, D.D., being the speaker.

At the session this morning the character of the men in Norwich district was passed.

Thirty-five persons present arose, in response to an invitation, telling of successful treatment wrought upon them or upon members of their families by the Deaconess hospital. The campaign to secure a million dollars for this hospital has thus far progressed that \$300,000 has already been subscribed.

Rev. A. B. Moss of the New York conference was introduced and represented the board of foreign missions with a speech in which he depicted the great importance of the work which would not be possible without the backing of the centenary movement. He urged all local treasurers to forward these monies to the central treasury by monthly remittances.

Charles R. Mace, manager of the Methodist Book Concern's branch office in Boston, was introduced and in a practical speech showed some of the business difficulties confronting the book business but gladdened the hearts of the conference by presenting two checks to the conference covering a total of \$3333, the share belonging to this conference coming from the profits from the book concern. The bishop presented \$350 in a check from the Connecticut Fund for the Relief of Ministers.

Rev. Melvin P. Burns, D.D., represented the work of the board of home missions and church extension in an appropriate address.

The effective elders on the New Bedford and Districts were passed in character, there being nothing against them.

The roll of the men in detached service and the roll of the retired ministers were both called and these men were all passed in character.

When this work was in progress and the retired ministers present were permitted to speak, Rev. Eben Turrell said in his speech, casually, that he was preaching a new sermon every Sunday. The bishop humorously remarked: "It would hardly do to elect you a bishop, brother." Following much laughter, he continued, "And it is somewhat questionable if it would be safe to appoint you a district superintendent." This was a playful echo of the general fact that these men are the old sermons over and over as they meet different congregations.

There was quite a demonstration as the name of Henry D. Robinson was called and he was called to the platform and acted as the senior living member of this conference and made a speech.

Executive Session.

An executive session was called at 2 p. m. At this session, it was voted after a little consideration to permit under Question XX, viz: "Who have been permitted to withdraw under charges or complaints?" the withdrawal of Paul D. Minnik from the ministry and membership of the Methodist Episcopal church.

Conference Jottings

Friends in Norwich of Rev. John H. Newland, D. D., whose sudden removal from the pastorate of Trinity church three years ago was so generally regretted will be glad to know that his work in the superintendency of New Bedford district shows that what the city of Norwich lost was the gain of a whole district. Dr. Newland is justly one of the most popular men in the conference.

Rev. G. S. Scribner whose residence in Norwich for six years as superintendent of the district has made a splendid record in the pastoral care of the church at South Manchester with over 100 accessions to the membership and a considerable increase in the salary.

Rev. Augustus W. Kingsley, a much beloved former pastor and also a resident of Norwich in earlier life, is one of the retired ministers of the conference, too feeble to attend this year. He is reported as living in Fall River, where he reached the ripe age of eighty-one years.

Rev. Joseph B. Akeley, who was pastor at Gales Ferry, 1897-1900, is present at the conference the active agent of the "Brothers' Aid" society faithfully collecting the dues of the brethren to protect them in case of sickness or of accident which would set one aside from active labor. Mr. Akeley is at present pastor at Nantuxet.

Among the familiar faces of other days the face of Rev. Robert D. Dyon greets the conference. Being originally a Norwich boy and later serving the churches at Voluntown and Griswold, Moosup, Niantic, Baltic and Versailles and others on Norwich district in his long career, he will doubtless be remembered by Bulletin readers in good number. He resides at his home in East Orange, New Jersey. His ministry began in 1876.

Rev. William J. Ward, a former Norwalk pastor, though somewhat aged, is still in the active service making good proof of his vitality. He is now serving the churches at Mansfield and East Mansfield, Mass., having in his career since 1875 when he joined the conference served a full term as superintendent on both the Providence and New Bedford districts.

Rev. John E. Duxbury, a former pastor at Norwich (North Main street) and Baltic has made a fine record in his work at Thompsonville, Conn., the past year during which there have been extensive improvements on the church property and a pipe organ has been installed.

Another of the retired men who cannot attend the conference this year is the Rev. George H. Lamson, now residing at East Hampton, Conn., who is past the age of eighty years. Mr. Lamson served in his career several churches in Eastern Connecticut among which are Norwich, North Main street and Versailles, Voluntown and Griswold, Mystic, South Coventry and East Hampton.

**PIMPLY? WELL, DON'T BE**  
 People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the impressively effective result. Take one or two nightly for a week. See how much better you feel and look. 15c and 30c.

**SHIP EARLY IS ADVISABLE OF RAILWAY ASSOCIATION**  
 The traffic executive committee of the American Railway Association is urging a "ship early—ship now" campaign, with the object of persuading shippers to take advantage of the present surplus in transportation facilities, which exists for the first time in five years. This surplus of transportation facilities has been brought about by two factors: By the combined co-operative efforts of the railway staffs, shippers, and public bodies in increasing the average load per car, and by the decrease of shipments through curtailment of industry.

How long this surplus of transportation will exist cannot be foretold, but it is a matter of experience that the volume of transportation business is a series of peak loads and valleys of depression. By shipping now during the present valley of depression, possible delays will be avoided at the time of the peak load which many believe is sure to follow, when naturally there will be an active demand for cars.
