

WESTERLY

The Italian Athletic club conducted a very successful dance at the clubhouse on Home avenue Thursday evening. Over 150 couples were present, and a good sum was realized to give the newly formed organization a start.

The Women of Monmouth League of Westerly have been extended an invitation by Boston Lodge, No. 31, Local Order of Moose, to attend the charity ball to be held in Boston on Patriots' Day eve, Monday, April 12.

As a result of the request from eight headquarters that the Westerly district participate in the state and nation-wide campaign to raise money for China's famine sufferers, a meeting of representatives was called Thursday in the conference room of the Memorial building.

The plans practically decided upon are somewhat different from those during past drives. All churches in Westerly and Pawcatuck together with lodges and organizations in town will be asked to appoint committees to raise money for training a substantial fund. It is hoped that the efforts to obtain money will be concentrated in a week.

The spring need for help which comes from China is a result of the drought which has deprived 30,000,000 people of sustenance. In China the people are dying in droves daily. Relief organizations of our state are hastening to their assistance.

At the weekly session of the Third District court held Friday morning the case of the state, Thomas E. Brown, vs. Joseph Guarino, charged with carrying a concealed weapon and state vs. Joseph Guarino, charged with assault with a dangerous weapon were tried jointly.

The alleged assault took place on Feb. 19 on Pierce street when, according to the testimony of several witnesses, Guarino fired three shots from a revolver, none of which hit Salvatore Cheronzo, the complaining witness in both of the cases.

Witnesses for the state were Officer George Champlin, Chief T. E. Brown, Salvatore Cheronzo, Salvatore Aloia, Louis Derocco, Frank Buocaro and Mrs. Immacolata Iaconetta. No defense was offered.

Attorney Walsh argued for a dismissal of the charge of carrying a concealed weapon. Judge Williams stated that he believed the state had convinced the court the weapon was concealed even though it was a shot gun.

On the concealed weapon charge Guarino was found guilty and the fine was fixed at \$100 and costs.

At the close of the concert by the Community club Wednesday evening, Dr. Jules Jordan made an address in which he told of his early visits to Stonington. He paid a high compliment to the soloists, pianist and chorus, hoping that the organization would be maintained and that the public would be able to hear further from it.

Miss Mollie Palmer entertained at a whist at her home on Montauk avenue Thursday afternoon.

Eugene Atwood and Edward E. Bradley arrived in New York from Bermuda Thursday.

Mr. and Mrs. William F. Bindlen celebrated their 4th wedding anniversary at the home of Mr. and Mrs. Yella Fowler in Westerly Thursday.

The meeting of the Velvet Weavers' union was held in Mueller's hall, Friday evening.

R. M. DeLange is preparing to lay the cement foundation for his new garage at the corner of Main and Williams streets.

At the April meeting of the Neptune Home Co., the sum of \$25 was voted from the treasury in aid of the Irish relief fund.

The Wednesday Bridge club was entertained by Miss Annie M. Denison.

Captain F. J. Ostman began this week driving stakes down the Rhode Island shore for the setting of a gear for snipe and other fish that are expected to come along soon.

The taking of striped bass and blackfish Monday would indicate that the spring fish are on their way to these shores.

A union service in behalf of the Y. M. C. A. is to be held in the First Baptist church Sunday evening. Harry Hadley Smith, the state county work secretary, is to be the speaker.

Mrs. Joseph Thompson and Mr. and Mrs. Richard Robinson left Friday morning for their new home in Newark, O.

The Western Union time clocks have been removed from the Stonington railroad station and the American Velvet mill. There is poor service, patrons say, at the station these days, owing to cut down of help.

A transformation is rapidly taking place on the southeast shore of Cedar lake, among the shady cedars, the site of the Mowen encampment. The buildings are being constructed as fast as 11 carpenters can build them; eight have already been built. The camp is expected to be completed by June 15th and will accommodate 150 to 200 boys from the metropolis. Kenneth P. Lake of New Haven was the guest of friends here Sunday. There is considerable inquiry still about the old landmark, Five Mile Rock, situated on the line fence of Randall and Berlinsky. The Smith family numbers 14,000,000 members throughout the world.
