KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets. The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a yellow complexion—dark rings under your eyes—pimples—blisters—look in your face—dull eyes with no sparkle.

DRIVE ON FOR FARM BUREAU MEMBERS

The New London County Farm Bureau membership campaign is underway. It was launched Monday morning at 8 o'clock, throughout the county already signing up in the county, state and national farm bureau federations.

A great amount of interest is indicated by the fact that O. E. Wolcott, director of organization, received two requests for additional meetings, such as were conducted last week.

It had not been the intention to run meetings during the actual campaign but as some sections are particularly anxious to learn more about the farm bureau a meeting was held Monday evening at North Stonington and Tuesday night another meeting will be held at Goshen in Lebanon.

EVERY TWELFTH PERSON HAS PLEASURE CAR NOW

With approximately 123,757 motor vehicles of all classes registered in Connecticut in 1920, the five cities of the state having population of more than 25,000 claimed 45,751 vehicles, according to official figures compiled by John A. Macdonald, deputy commissioner of the motor department.

Population—less than 1,000 (41 towns), number of vehicles 2,512, 2.2 per cent.; population 1,000 to 5,000 (50 towns), number of vehicles 20,187, 16.3 per cent.; population 5,000 to 25,000 (42 towns), number of vehicles 51,237, 41.4 per cent.; population 25,000 to 50,000 (5 towns), number of vehicles 43,751, 35.3 per cent.

Automobile truck registration leads in the five big cities of the state where there was a registration of 22.5 per cent. in 1920 of the total motor vehicle registration for those cities. However, the distribution of registrations in proportion to the total was larger in the towns up to 5,000 population.

Population less than 1,000, passenger cars, 89.5 per cent.; commercial cars, 10.5 per cent.; motorcycle side cars, 4.5 per cent.
