Louis Ouellet, prep, shoe repair shop, 145 W. Main Street, says: "At my work I always sit in a bent position a great deal. This I believe has been the direct cause of my back and kidneys bothering me, and I had to quit work for a lay or so at a time. When I bent over I could hardly straighten up again and one morning while moving a machine, a sharp pain took me in my kidneys, and I felt as though I had been jabbed with something sharp. I used Doan's Kidney Pills and they rid me of the trouble."

Mrs. James E. Moran, 33 2nd St., says: "About seven years ago a cold settled in my kidneys and weakened them. My back ached continually for some time and I could hardly get around to do my housework. My kidneys didn't act right at all. I had known of Doan's Kidney Pills helping another member of the family so I used them and found relief. Lately I had another attack of kidney trouble but if more were troubled with kidney trouble would use them, they would be helped."

George Conrad, motorman, 211 Palmer Street, says: "I have a case of lumbago at times caused by the constant jarring of the cars. Some mornings when I first wake up my back is lame and sore. I have severe pains that feel as sharp as a needle, cutting through my kidneys. I have dizzy spells. A friend advised me to try Doan's Kidney Pills, and I did. They have always cured such attacks. Doan's is a sure work quality. I know that if I were troubled with kidney trouble I would use them, they would be helped."

Mrs. Bernard Nelson, 54 Union Street, says: "Several years ago I had too much uric acid in my blood and my kidneys were weak and didn't act properly. The uric acid went through my system, causing rheumatic pains through my back and hips. When I bent over I could hardly straighten and it seemed as though my back was ready to go to pieces. At times my kidneys were too free in action. I doctored, but nothing touched my case. I used Doan's Kidney Pills and they helped me almost from the start and finally cured me. I haven't been troubled since."

Is a dull, constant backache spoiling your summer? Do sharp pains stab you at every sudden move? Are you so tired, and downhearted it seems you just can't keep going? Don't be discouraged! You wouldn't feel so badly without a cause; and more than likely the cause is weak kidneys. Not any organic kidney trouble perhaps, but a slowing up of the kidneys and the resulting accumulation of poisons that well kidneys would have filtered off. Is it any wonder then you feel so run-down, nervous and depressed? That you are subject to frequent headaches, dizzy spells and annoying bladder irregularities? Then, why not give the weakened kidneys the help they need? Why wait for some serious kidney trouble? Use DOAN'S KIDNEY PILLS. DOAN'S have helped thousands. They should help you. ASK YOUR NEIGHBOR!
