DANIELSON

Rev. John G. Murray, D. D., auxiliary bishop of the diocese of Hartford, will come into this section of eastern Connecticut today (Saturday) and will remain until Sunday evening, in the meantime conferring the sacrament of confirmation on classes at St. Mary's church in Putnam, at St. James' church in Danielson and at the Sacred Heart church in Wauregan.

This afternoon at 4 o'clock, standard time, Bishop Murray will confirm a class of nearly one hundred at the Sacred Heart church in Wauregan. Rev. J. C. Mathieu, pastor, and visiting priests from eastern Connecticut parishes will assist at the service, which will attract a large congregation. Sunday morning Bishop Murray will be at St. Mary's church in Putnam and at 4 o'clock, standard time, Sunday afternoon at St. James' church here in Danielson.

At all of the confirmation services Bishop Murray will deliver brief addresses in English and in French. This is his first visit since his advancement to bishop in Danielson and at the Sacred Heart church in Wauregan.

Tire Buyers GET THIS! We sell Miller Tires and we say to you today through The Bulletin, that no better tire is made in America. For years Miller fabric and cord tires have been making enviable records of service, and those who have bought them buy again.

We are located on South Main Street, Putnam, and offer Miller tire service for all of Eastern Windham County. We carry a tremendous line of these tires in sizes up to 40x8.

They are sold with the highest possible assurance of dependability and service—with the confidence of the quality that is built into them, with the faith that is founded on their past performances. Ask the man that runs Miller tires. He will tell you they are as good as the very best and that means better than the most of makes.

Come in and talk with us. Get the new low prices. Hear what we have to say to you about service—after we have taken your money. We request the opportunity to convince you.

Phyllis Chagnon, 36, whose parental home is in Wauregan, died during the early hours of Friday morning as the result of injuries received Thursday at Bristol, this state, while engaged as a lineman by the Bristol and Plantville Tramway Company. The burning of a transformer box on an electric power pole shot off the electric current in the business section of the city of Bristol. Mr. Chagnon was working with another lineman, John J. Kelly, when the accident occurred. The clothing of both men was shot aside and Kelly fell 20 feet to the sidewalk. Though badly injured and suffering terribly from burns, Mr. Chagnon was able to climb down the pole to the street. Both men were taken to a hospital, Mr. Chagnon succumbing during the night. The body will be brought to Wauregan.

Mr. Chagnon was a son of Mrs. Paul Chagnon and a member of a family that is well known in Wauregan, where his early years were spent. A brother is Rev. Henry F. Chagnon of Taftville. Another brother, Joseph, is a resident of Bristol and still another, Horace, is at Brockton. His sisters are Sister Germain (Miss Louise Chagnon) who is a member of a Sisterhood; Misses Jennie and Rose Chagnon of Wauregan, Mrs. Emily Chagnon, Mrs. M. M. Chagnon, the Daily News London; Mrs. Lydia Conlin, Passaic, and Mrs. Mena Sylvester.

Mr. and Mrs. Delos Wood, of North Sterling, are leaving Monday to spend the summer in northern New England. They will make the trip by motor car and will visit in Maine, New Hampshire and Vermont. They expect to return to their home at North Sterling late in the summer.

Mr. Battey is probably the oldest citizen of Putnam, and the house in which he lives is one of the oldest in the city. In spite of his years, Mr. Battey's memory is almost as clear as it ever was, and his great delight is in relating to the younger generation facts

stored in his mind of the early history of what is now the town of Putnam.

"I remember the day when we came here," said Mr. Battey. "It was the 29th of March, 1820, and with my father and other members of the family we left the farm where we had been living in Killingly, and early in the morning set out for what is now Putnam. It had snowed the night before, and when we started the snow was white, but when the sun came out the snow melted and the old roads became muddy and difficult to pass. My father drove the ox cart on which were carried the family goods, and I with a cousin, drove the cattle. There were nine cows, a heifer, five yearlings, 20 sheep and several lambs. Most of the animals, once we got them to the highway from our farm, which was back from the road, got along all right, but the lambs were not strong enough for the trip and my cousin and I carried them all of the journey. We would catch them one for a little while till it got rested and then we would put it down and take another. We kept this up through the whole way."

Mr. Battey laughed as he recalled the trip, and he continued: "When we got to the farm here I was pretty well tired out, for you see I was only 12 years old at the time. We came into the house into this very room, and I threw myself down on the floor, right there in that corner, and went to sleep." And Mr. Battey turned in his chair to point out where the old fire place had been, before which he had taken his first nap in the house that was to be his home for more than four score years.

When Mr. Battey and his father came to the farm that is now the north end of Church street the town of Putnam did not exist. Their land was in the town of Thompson. At that time the only other house on what is now Church street was a little wooden house that still stands on Ballou street. The land between the present Providence street and Church street, extending as far back as St. Mary's cemetery, was then owned by the Battey family, from pasture and woodland Mr. Battey has lived to see this tract develop into a prosperous section of the city of Putnam, and what were once pastures over which the cows were driven here within his memory, became amicable roadways.

Mr. Battey came to Putnam the same year that the Norwich and Worcester railway was put through, and he clearly remembers the development that followed the opening of this line of transportation. Later, when he had entered the lumber business, the concern in which he had an interest, supplied the ties for the Boston and Erie line between Boston and Williamantic. When this road was constructed it was necessary to turn the channel of the Quinebaug river, which was at the lower end of the Battey farm, and timber from which the ties were made were used in constructing the necessary trestle work. According to Mr. Battey, farming in those days was not what it now is. "We lived in Foster before my father moved to Killingly. He explained to me, either I could have seen the land we cultivated. It was covered with rocks, and we had to work all day long. Yet we always had enough to eat, and were happy. And money was not so plentiful then, either. I used to do much hunting and trapping, and it would take me a year to earn as much as two dollars. I used to sell rabbits for two cents, and partridges would bring ten cents in the country and a quarter in Providence."

The old home in which Mr. Battey lives was built 105 years ago by Smith Wilkinson. Down in the cellar can now be seen on the wall the date 1816. At the rear of the building is an ell which was originally a part of a house that stood across the street from the Battey home. This ell is between 150 and 160 years old.

Ashael Battey was born in Foster, R. I., the son of Nathaniel and Ada Hopkins Battey. The first eight years of his life were spent in that town, from which his parents moved to Killingly.

He continued to live in what is now Putnam for 11 years, after which he moved away, leaving his son on the farm. Mr. Battey married Adeline Ball of Putnam. She died many years ago, leaving a son, Lewis P. Battey, who lives with his father. Mr. Battey was for many years in the lumber business, a member of the firm of Chapman, Battey & Co. They were in ship and car timbers and supplied much of the wood used in the construction of the railways through this section.

Mr. Battey is a member of Putnam Methodist church. Although his sight and hearing are failing, Mr. Battey is in relatively good health and is able to go about his farm a little. "I feel as though I could do more," he said Friday, "but I am afraid I am getting old and I cannot dig up the plants with the weeds."

Mr. Battey enjoys eating, and they always find him interesting because of the vast fund of information he has relating to the early history of the town.

Mrs. Ernest C. Morse, Mrs. Helen M. Willey, Mrs. Herbert Smith, Mrs. Silas M. Wheeler and Miss Sylvia Wheeler were in Worcester Friday.

Miss Ruth Bartlett, Miss Dorcas Bartlett and Miss Carrie are to have charge of the Children's day program which will be given Sunday morning at the Second Congregational church.

Robert MacIntyre, who is passing the week end at Bates Grove, Webster, called in Putnam Friday.

Mrs. Walter J. Bartlett, probate officer of the Putnam city court, is to be in New Haven Wednesday attending a meeting of the State Probate Officers' association. A visit is to be made to the New Haven detention home.

Friends of Dr. H. B. Wright gave him a surprise party Wednesday night in honor of his birthday.

The Putnam fire department was called out at 11:45 Friday morning when the roof of the building occupied by M. J. Connor as a blacksmith shop caught fire. A hastily organized bucket brigade, working with ladders which were being used in painting the nearby Donahue block, soon had the fire under control, and when the department arrived it was not necessary to turn on the water. Earlier in the morning the chemical truck was called out to extinguish a fire on the railroad bridge over the Quinebaug.
