NEW BANKS TO BE ORGANIZED IN NORWICH-BANKERS' TRUST CO.

Norwich is to have a new bank, the Bankers' Trust Company, according to notice of intention to organize filed by twenty incorporators Wednesday.

The list of the incorporators contains the names of some of the leading business men of the community as follows: Angus Park, of Hanover, Mayor H. M. Angus, Corporation Counsel Edwin W. Higgins, Timothy C. Murphy, Joseph C. Worth, Charles A. Saxton, Louis J. Jensen, Charles D. Foster, James A. Crawford, all of Norwich and Ralph H. Mann of New York city.

Active organization work is being done by Ralph H. Mann, who up to June 15th of this year, was president of the Park Trust company of Worcester, Mass., a bank in the organization of which in 1915 he took an active part and of which he was consequently an officer until he sold his stock. This bank had under Mr. Mann's guidance a phenomenal growth, growing in deposits from \$22,000 in its opening day, January 3rd, 1916 to over \$7,500,000 when he resigned as president. Mr. Mann is well known in Connecticut and New England banking circles on account of the success of the Park Trust company, which are the Federal Trust Company, Bridgeport; Straford and East Hartford Trust Companies as well as the Williamstown Trust company.

The twenty business men who sign the notice of intention will associate themselves with themselves and from the entire list a very satisfactory board of directors can be chosen.

Organization and final opening of the bank for business will be pushed as rapidly as the law will allow. Notices, etc., must be published over a period of six weeks. However, successful opening of the bank within three months is assured. It never goes as enough so that it couldn't have known beforehand that it might have to stop at that particular place. This being so, why doesn't the train wait until it is assured that it will go on without stopping? Nobody knows. Probably nobody will ever know.—Life.
