### EASTWOOD WAS ON VERGE OF COLLAPSE

Abington Citizen Had Been Going Down Hill For a Year When He Got Tanlac.

"At the time I got Tanlac I seemed to be right on the verge of a physical breakdown, but I have taken five bottles now and feel as strong and healthy as I ever did in my life. I had been eating wood of Abington, Conn., while in Bridgeport a few days ago. I had been feeling pretty sharply for a year or more. My stomach went wrong and then I lost my appetite and finally got to where I could hardly face a meal. I just didn't want to eat. At times I turned so sick I felt like I was going to collapse. I never will agree to all I kept me going. I felt weak and 'all in.' couldn't fall asleep and was almost a wreck."

My brother was taking Tanlac and with such good results that I started in on it, too, and it just suited my case exactly. My appetite picked right up and my strength came back and now I'm in the pink of condition. Indigestion has left me entirely and sleep sound and to put it in a few words, I feel fine. Tanlac has certainly done great work in my case and I intend to pass the good news along to others."

The food people eat does them absolutely no good unless they digest it properly. When you suffer from indigestion and other forms of stomach trouble the food does you harm instead of good because food which is not digested stays in the stomach and ferments, causing pain, swelling, gas on stomach, shortness of breath, bad taste in the mouth, dizziness and many other disagreeable symptoms. If this condition is permitted to run on for an indefinite period, the entire system becomes saturated with poisons and various complications are apt to result.

Mr. Eastwood's trouble was relieved by Tanlac, simply because it toned up his vital organs and enabled him to digest his food properly. In fact, there is no portion of the body that is not benefited by the helpful action of Tanlac, which begins its work by stimulating the digestive and assimilative organs, thereby enriching the blood, and invigorating the whole system. Next, it enables the weak, worn-out stomach to thoroughly digest its food, permitting the nourishing elements to be converted into blood, bone and muscle.

Tanlac is sold in Norwich by The National Drug Stores Corp.
