

For Itching Eczema, Old Sores and Piles

"I guarantee my ointment," says Peterson of Buffalo, "to cure eczema, to stop the itching, to cure any reliable drug that I ever used. It is your money if PETERSON'S OINTMENT doesn't do everything I say it will."

William A. Carley of Franklin, N. Y., is surely a wise man. He writes: "I used PETERSON'S OINTMENT on a little boy suffering terribly with eczema. It did the work."

Then there is Alex. Legault, a brave fireman of Buffalo, who is glad to write as follows: "I had an old sore on my leg many years. The best doctors failed. PETERSON'S OINTMENT entirely healed the sore quickly."

From over in Canada comes a letter from A. Blockley, stating: "The best thing I ever got for itching piles is PETERSON'S OINTMENT. A big box for 35 cents. Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y."

PROTEST SLAUGHTER OF BALD EAGLES IN ALASKA New York, July 28.—Protest against the wholesale slaughter in Alaska of the bald eagle, symbol of American independence, was voiced here today by T. Gilbert Pearson, president of the National Association of Audubon Societies. He said that according to the last authentic information he had from Alaska, the territory had paid bounties on over 15,000 eagles.

Cheering News About Lobsters Word comes from Maine and elsewhere on the edge of New England that the season's catch of lobster has been gigantic. Trainloads of lobsters, upward of 3,000,000 pounds are in transit for New York and other big cities. New York Herald.

ASPIRIN Name "Bayer" on Genuine Beware! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago, and for Pain, Headache, and boxes of twelve Bayer Tablets of Aspirin cost few cents. Drugists also sell larger packages. Aspirin is the trade mark of Bayer Manufacturers of Monocrotinacidester of Salicylicacid.

PERSONALS

Willis T. Rogers has been in New York on a business trip during the week. Mr. and Mrs. D. J. Sweeney are spending a week in Atlantic City, N. J., and New York city.

Dr. and Mrs. Andrew J. McLaughlin are visiting at the home of his father, Andrew McLaughlin of Central avenue.

Miss Edith Thomas has returned to her home in Norwich after a visit to the Tolles Farm, in Terryville, with Mrs. Marie Andrews.

Mr. and Mrs. William Gove and Mr. and Mrs. Frank Clark of Blackington, Mass., are the guests of Mr. and Mrs. Eugene Boyens of Hedge avenue for several days.

Daniel Dunleavy and family are moving from 4 Church street to the former Carter property on East Main street recently purchased by John F. Carney and which is being remodeled.

WILL MAKE FURTHER TRIAL OF SATURDAY NIGHT TROLLEY Samuel Anderson, general manager of the New London division of the Connecticut company, has granted the request of the Norwich Chamber of Commerce to continue the experiment of running a trolley car on Central Village on Saturday evenings.

Mr. and Mrs. Julius Nowell of Rockville celebrated their birthdays recently, both being 18 years old. One was born on July 14th, the other on the 20th.

Mr. and Mrs. Frank A. Constock of New London and her aunt, Mrs. Mary E. Newbury, of Norwich, spent several days at the summer cottage on Willimantic camp ground recently.

Norwich friends learn that Mr. and Mrs. Postleyn Bigelow of Malden-on-Hudson, who are visiting in Japan, were received in private audience July 2 by the Empress of Japan.

Among independent mills, the general opinion heard this week in regard to the American Woolen company opening for spring was that the prices named should prove satisfactory to the entire trade.

Mr. and Mrs. J. J. Donohue of 89 Fourth street Wednesday evening following an illness of about two weeks.

Mr. Young was born in Lancashire, England, 88 years ago, of Scotch parentage. He was the son of Andrew and Mary Mitchell Young. When a young man he came to this country, locating in Greenville, where he has since resided.

Funerals Mrs. Linaus Dickenson The funeral of Mrs. Linaus Dickenson was held Wednesday afternoon at 2 o'clock at the home of her daughter, Mrs. William A. Shaw, No. 509 Wetherfield avenue, Hartford.

WEDDINGS. Ellsworth-Brainerd Mrs. Jane Rogers Brainerd of Colchester and Henry Williams Ellsworth of Portland, Conn., were married Wednesday morning at 9 o'clock at the Methodist parsonage in Portland, by the Rev. Herbert Gurnee. They were attended by William Brainerd of New Haven and Miss Vera Huntington of Colchester.

SLIGHT SHOWER COMES AT END OF HOTTEST DAY Something of relief was experienced by suffering Norwich humanity Thursday evening about 6.45 when a slight shower cooled things off a little after the hottest day of the season. The thermometer stood at 92 at noon, and was 86 at 6 p.m., dropping about 5 degrees after the shower. There were several other showers during the evening.

Crossed Wires Out of Lights. The Lincoln avenue section was without street lights for about an hour on Thursday night due to a cross wire. Repair men from the city electric light department were sent there and the trouble was remedied about 10.30 o'clock.

JOHN E. CARNS DIES FROM INJURIES AUTO WRECK IN WATERFORD

John E. Carns, of 11 Fremont street, New London, well known locally as the local representative of the National Cash Register company, was almost instantly killed Thursday afternoon in Waterford, near the New London line, on the East Lyme road, when the automobile in which he was riding with Charles Humphreys, also of New London, overturned as they were endeavoring to pass several automobiles.

Mr. and Mrs. Humphreys had been out to Ovesettable the new machine which Mr. Humphreys was demonstrating. As they were returning to New London, Mr. Humphreys, who was driving at the time, was proceeding ahead of him. As he was about half way, another car coming in the opposite direction suddenly appeared. To Humphreys swung his car sharply to the left, going over the trolley tracks and climbing part way up the bank on the side of the road. The machine toppled over and Mr. Humphreys cleared of the wreck, but pinning Mr. Carns underneath.

Mr. Carns was freed from the wreck and immediately rushed to the Lawrence Memorial hospital in a passing automobile, but died just about an hour after being taken into the hospital. Dr. Cheney, who attended the injured man, found that the left chest had been crushed in under the wheel, several ribs fractured and there was internal bleeding. Mr. Humphreys escaped with a few bruises and a bad cut on his head.

Mr. Carns was well known and well liked in Norwich, much of his business being in this city. He was a member of the Norwich Rotary club and a frequent and welcome visitor at the weekly luncheon of the local club. It was with a shock and sincere feeling of regret that the news of his sudden death was learned here on Thursday afternoon by his host of friends in Norwich. He was one of those who attended the Rotary outing at Ludlow farm Wednesday afternoon and little Mr. Carns, the host of the city think as they saw his smile of solid enjoyment that it was the last time they would see him.

He was an all-time professional baseball player and always took positive delight in the games between the New London Rotary club and the Norwich Rotary club, he being the captain of the New London team. He was a man of age and a man of sterling qualities, one whom it was indeed a pleasure to meet and a person one was glad to count as a friend.

Much sympathy is felt for his widow and two children in this time of their great bereavement.

PUTNAM HANDLE FACTORY BURNED WITH \$36,000 LOSS

(Special to The Bulletin.) Putnam, July 28.—Fire that was discovered at 10.20 Thursday night completely destroyed the plant of J. B. Putnam, a well known manufacturer, George street and resulted in a loss that is placed by members of the firm at \$36,000.

The building, a two story wooden structure, 35 feet high, was built of hickory and ash wood that is used in making the tool handles served as fuel for one of many years. The members of the fire department were helpless, as far as saving the building was concerned, and the most that they could do was to prevent the fire from spreading to other buildings. It looked as though the entire neighborhood would catch, sparks falling as thick as snow for blocks around. It was only the most heroic kind of work by the firemen that kept the blaze confined to one building.

The fire was discovered by Wilton Greene, who lives nearby. As he sat in his home he saw flames coming from the structure at the northwest corner. He rang Box 13 at Ring and Grove streets. Although the department arrived quickly the building was doomed. The fire spread rapidly and in a few minutes the place was a roaring furnace.

Three lines of hose were used in the attempt to control the blaze. While the fire was hot the flames were curling 60 feet into the air and could be seen for miles. People at Pomfret and Wildwood were attracted by the brilliant fire and the fire was kept burning for many hours. The fire was not in that part of the building on their arrival, but spread there afterward. Practically nothing except the brick walls and the boiler room were left of the valuable wood turning machinery and stock of wood in the main building being a total loss. The boiler itself was completely destroyed. (Friday morning that he valued the plant at \$36,000 and that he is well insured.)

The plant which manufactures handles of all kinds has been running five days and nights and employing sixteen hands. When running full time about 30 hands are employed. The Tatem plant was almost entirely destroyed in 1913 in a fire alleged to have been caused by arson. A few years later there was another fire which destroyed the boiler room.

NORWICH FISHERMEN MAKE ANNUAL PICNIC PLANS Plans for a picnic and preparations to receive a shipment of 10,000 fingerling trout were discussed at a meeting of the Norwich Fishermen's Association held Thursday evening at the home of J. J. Donohue, 89 1/2 Church street, the president, in the chair.

The date selected for the picnic was August 14th and the place is to be at Gardner's lake, the same place where the very successful picnic was held last year. The complete plans will be announced to the membership by the committee that was appointed.

The trout shipment is expected here tonight and will be set by the committee. The fish will be distributed to the fish in streams in this vicinity. The fish were bought by the association.

Notice has been received from a breeder of bass that none can be sent to fill the order in the Norwich association because this breeder's bass crop was a failure this year. The Norwich men, however, expect to receive a consignment of bass later through an application that has been made for fish from the government hatcheries.

POST OFFICE CLERKS OF STATE TO HAVE OUTING Probably the largest social event to be held this year by the postal men of the state will take place on August 21st when the members of the Connecticut State branch of the National Association of Post Office Clerks hold their annual outing at Pleasure Beach, Bridgeport.

The picnic will begin on Sunday morning with those attending will take the Strafford ferry boat to the island. The first number on the schedule will be the athletic events which will consist of a one hundred yard dash; a shot put, a four hundred and forty yard run, a running broad jump, a half mile run and a mile race. The one mile walking match which will be next in order will be open to all carriers, clerks and employees of the service. The prizes will be awarded in all the athletic events and the post office scoring the greatest number of points will win the silver loving cup for this year.

At noon the employees and their families will enjoy a basket luncheon in the grove.

LIBEL ON STEAMER WABASH. Another libel was attached on the S. S. Wabash at the state pier Wednesday by U. S. Deputy Marshal Thomas Monahan of New Haven. This will bring the total amount of the libels against the Franco-American line steamer to more than \$25,000. The last one was by the Balmora Druggist and Shipping building Co. A hearing will be given the libels before Judge Thomas at New Haven next week.

Hundreds For State Fellow Jobs. The state police commission at its meeting Tuesday afternoon at Hartford, discussed a plan for holding examinations of candidates for positions on the state police force in different parts of the state. There are between 400 and 500 hundred applicants and the entire force is limited by law to fifty. A decision on the matter will be made at another meeting.

Tax Revision First. The call "Tax revision first" Sure—revise 'em downward before we have to pay 'em.—Boston Evening Transcript.

It's the after effects of experience that count.

THINKS YOUNG TURNER HAS GONE TO HARWICH, MASS.

A tip to a late hour Thursday evening nothing had been heard from J. Arlington Turner, son of Mr. and Mrs. Frank C. Turner of 15 Broad Street, the young man who was lured from the house on Wednesday evening by a woman with whom he had become infatuated.

It was thought at the Turner home on Thursday evening that the young man and the woman had gone to the woman's home in Harwich, Mass., where young Mr. Turner had met her during last summer. It seems that the young man who is a student at the Massachusetts Institute of Technology had been seeing the woman during the school year, she coming to Boston to visit her parents spending the week ends in Harwich as her guest.

The report that was current around town on Thursday that the woman in the case was the young man's wife was absolutely denied by Mr. Turner on Thursday evening. While declining to tell the woman's name, Mr. Turner said that she is about 29 years old, that her father is in Harwich, Mass., and that she was married six or seven years ago and recently obtained a divorce from her husband who is now paying her alimony of \$10 per week. It is also understood that another Norwich young man had been vamped by the woman but had broken with her about a year ago.

This is not the first time the woman has tried to lure Mr. Turner away from his parents. Her other attempts being unsuccessful, Mr. Turner and his parents have been summing up at Harwich port spending the cost for several summers an dth's summer the parents seeing the trend of affairs decided to return home. The young man not to be fooled by this turn of parental opposition, advanced enough for the woman's fare to New London where it is claimed she stopped at the hotel. Some friends of the Turner family who had been in Harwich, Mass., advised the Turners of the woman's arrival in New London and what she intended to do. Mr. Turner did all he could to prevent his son from going with the woman and it is said that the young man went away in the other machine.

Mrs. Turner is still in a hysterical condition over the affair.

SAYS THAT ASPARAGUS CAUSES "THE BLUES" Cleveland, O., July 28.—Asparagus causes "the blues," said Dr. Charles Hazard of New York city, former president of the American Osteopathic Association, in a paper which he read today at the National Osteopathic convention. This is not the fault of the asparagus, however, explained the doctor. He did not condemn asparagus but explained that when the person's system is already clogged with its own impurities, he said:

"The asparagus is the last straw which added to the toxic state of the system produces a physical state of the brain and nerves which is reflected as 'the blues.' This happens because the eliminative system of the person's system is such that the organs of elimination have not been capable of doing their work well for such a long time that the system has become clogged with its own debris. But had the system been kept in good mechanical condition, elimination would always have proceeded normally, the system would have kept clear of clogging brooms from snow-covered Mt. Ranier in Washington, if the Norwich reader's imagination were not too much whittled to respond.

Mr. Murphy wrote that he was looking out on 8 or 9 feet of snow and the envelope was covered with snow as it wrote.

Will Visit Gardner Lake Camp. The New London Rotary club voted Thursday to go to the Gardner Lake camp at Gardner's Lake following the luncheon next Thursday. The speaker next week will be George E. Baughman, who will recount his trip to the International Rotary convention at Edinburgh, Scotland.

REDUCE THOSE DANGEROUS SWOLLEN VEINS Physicians are prescribing and keeping in use a new and powerful germicide that not only causes enlarged or varicose veins and hemorrhoids to become normal, but also reduces goiter, enlarged glands and wens. Ask any first class druggist for an original two-ounce bottle of Dr. J. C. Merrett's (full strength) and refuse to accept anything in its place. It is such a light and pleasant to use that two ounces lasts a long time and furthermore, if this wonderful discovery does not produce the results anticipated, you can have the price refunded.

It is not wise for anyone to allow swollen veins to keep on enlarging. Often a slight strain or cold causes pain, suffering and loss of employment. Start the Merrett's treatment as directions advise and improvement will begin at once. Generous sample on receipt of 15 cents silver or stamps. International Laboratories, New York, N. Y. Lee & Osgood can supply you.

WE FIT THE EYES Our examination room is not only equipped with the most modern scientific appliances for the thorough examination of your eyes, but we prescribe over it ourselves, thus assuring you of a thorough and up-to-date examination. Proper glasses cannot be provided without first investigating the cause of your defective sight. The reason must be first known, then the remedy is easily prescribed. WE ARE PREPARED TO FIND THAT CAUSE and if you need glasses, we will furnish them at the lowest cost consistent with good work.

PUTNAM THIEF MAY BE WANTED IN LAWRENCE

(Special to The Bulletin.) Putnam, July 28.—Wednesday night, Robert Scott, employed at Allard's pool room, insisted to the hard luck story of a thief, giving his name as Steve Robuck, and telling of the young man who said he was stranded in Putnam and had no place to sleep offered to share his room with him for the night. Late in the evening Scott and his guest went to Scott's room over at Sande's place and went to bed. When Scott waked Thursday morning he discovered that the cash had gone, also that nearly \$50 in the cash disappeared with him. Some of the cash belonged to the young man and some of it he was keeping for his employer. The police were notified of the theft Thursday morning. Efforts to learn how the sailor left Putnam early in the morning have not been successful.

This man may be the one that the Lawrence police are looking for, according to a notice sent to the Norwich department on June 24, which was received by Stephen Roebuck, alias Ribuck, who was wanted in Lawrence for larceny of \$110 on June 20th.

The Lawrence complaint stated that he had been employed in a lunch cart and had disappeared with \$110 while the luncheon cart proprietor went home to supper. Nothing was said in the description of the man about the man being a sailor but it was said he had a very light complexion and was about 23 years of age, 5 feet 5 or 6 inches tall, weight 140 pounds, dark complexion, hair worn long and thrown back parts of his fingers of one hand cut off.

MISS BREED ON MOTOR TRIP TO CANADA AND MAINE Miss Hattie E. Breed, of Laurel Hill avenue, Norwich, has returned, after an eleven day motor trip covering 1,700 miles. In company with Miss Sullivan of the commercial school, Mrs. Sterns and Miss Frances Starnes of the state and Mrs. Edward Sawin of Storrs at the wheel, the party left Willimantic July 16, returning the 26th.

The motor crew was through Stafford Springs to Springfield, Troy, N. Y., to Saratoga Springs, to Lake George, to Burlington, Ausable Chasm, Plattsburgh, Rouses Point and across the Victoria Bridge to Montreal, where they remained a night and then continued to Quebec where a day and two nights were passed. A most interesting visit was made to the famous shrine of St. Anne de Beauspre. The two days and two nights were devoted to a steamer trip up the Saguenay river, returning to Quebec on Saturday.

The party then left for Jackman, Maine, remaining over Saturday night at Henderson, then crossed through Skowhegan to Fort Kent, where they stopped at the principal Maine beaches and at Portsmouth, N. H., thence to Boston and back to Willimantic.

With the exception of one thunderstorm, the tourists had fine weather during the entire trip.

35TH ANNIVERSARY PICNIC BY SEDGWICK RELIEF CORPS The 35th anniversary of the institution of Sedgwick Woman's Relief corps, No. 16, G. A. R., was observed with a picnic at the home of Mrs. Orrin M. Price at 35 Lafayette street on Thursday. The corps members of Sedgwick post and several children of the members, numbering about 100 in all, were present. The picnic was a most enjoyable day with singing, music, singing, dancing and games.

The party left Franklin square about 10.30 o'clock and was welcomed at the home of Mr. and Mrs. Price. At noon a basket lunch was served on the lawn in the rear of the home under a large awning that had been put up by Mr. Price. The house and grounds were prettily decorated with flags and flowers.

Seated at the head of the table with the officers of the corps were four of the charter members. The oldest veteran present was 93 years old and the youngest person present was 3 years old. The party left the British government late this summer when the premiers, now in London, are on their way home for the convening of their parliaments.

No formal comment was available from American officials on a statement emanating from official circles in London today that a preliminary meeting would be held within six weeks at some Canadian city or in some American city other than Washington.

Japan is said to feel at a disadvantage because of the time that would be required for her delegates to reach Washington, but officials here believe she will consent to the November date if the others powers find it agreeable.

Hartford.—Robert O. Tyler Woman's Relief corps, No. 6, will take a trip down the river as far as Middletown on the Hartford line this (Friday) afternoon, returning by trolley.

Freckle-Face Sun and Wind Bring Out Ugly Spots. How to Remove Easily. Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a refund. It costs you nothing but a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely a freckle is one ounce needed for the worst case. Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.

With Sliced Bananas It is not always that you have all the fruits for the fruit salad. So make a delicious one—fruit salad with sliced bananas. FAULTLESS MAYONNAISE dressed of course, for Faultless is the mayonnaise that is always just right—Always as good as the best home-made mayonnaise.
