

MOTOR ARTILLERY FOR ARMISTICE DAY

An effort is to be made by the Armistice day celebration and parade committee to have the local manufacturing plants and stores close on the afternoon of Nov. 11th. It is felt by the committee which represents Fletcher post, American Legion, Ladies' auxiliary, American Legion, and Hourigan post, Veterans of Foreign Wars, that the plants and stores should close for the afternoon in order to give their employees an opportunity to take part in the celebration which will be carried out on a much larger scale than last year.

The committee held a well attended meeting in the American Legion rooms Thursday evening at which the general plans of the celebration were discussed at some length. The finance committee, a sub-committee of the general committee, reported that the cost of common council has appropriated \$300 towards the expenses of the celebration and parade. It is expected that there will be several bands in the parade, and that a battalion, comprising several companies of the 192d artillery, national guard, in command of Col. Morris B. Payne of New London, will also appear in line.

There will be two companies from New London, possibly one from Danielson and the two local companies in line, and they

will appear with their full motor equipment, comprising over a half hundred army trucks, automobiles, motorcycles, motor trailers, kitchens, etc. Some of the motor equipment for the local companies arrived this week and the remainder is expected soon. Colonel Payne, it is understood, has given assurance that all the motor equipment will be on hand by Armistice day. The 192d artillery will be headed by the 192d artillery band of New London.

In addition to the national guard battalion it is expected that a number of local organizations and lodges will take part in the parade. Several organizations have already notified the committee chairman, Webster D. Coby, that they will take part in the parade. Among the organizations which have accepted invitations to parade are Sedgwick post, No. 1, G. A. R., the Polish Citizens club, the Girls' Community club, Mayor Herbert M. Lerou and the court of common council have accepted an invitation to review the parade and attend the chowder to be served after the parade.

Other celebration plans include a short address by Colonel Payne, probably at the armory, and a dance and entertainment open to the general public, at the armory in the evening. The chowder is to be served at the armory.

The Ladies' auxiliary of the American Legion have taken over the chowder end of the afternoon's program. The auxiliary committee reported Thursday evening that they are making arrangements with a local caterer to provide the chowder and that in addition to the chowder there will be rolls, cake, coffee, etc. They are making arrangements to serve at least 500 service and ex-service men and their guests.

The American Legion committee voted to recommend to Fletcher post at its meeting this (Friday) evening that the members of the post parade in civilian clothes and wearing an American Legion arm band or badge.

Charles Olson was appointed a committee to secure the use of automobiles to carry the Civil war veterans and disabled ex-service men. Herman A. Bruckner was appointed chairman of a committee to communicate with the local manufacturers and dealers to provide the chowder in the afternoon. Mr. Bruckner was authorized to select his committee members.

Louis Hawkins, Benedict C. Pullen, J. C. Rowland and Ernest Bartolucci, appointed a committee to communicate with the manufacturers in an effort to have them shut down for the afternoon. The line of march has not been definitely decided, but it is probable that the parade will form at Burnham square, march through Main street, Franklin square to Washington square, up Washington street to Chelsea parade grounds and attend the chowder to be served after the parade.

CONTRIVERSY DEVELOPED AT MEETING OF BANKERS

Los Angeles, Oct. 6.—A threatened split in the American Bankers' association was averted today by announcement that the executive council of the organization had reversed an earlier decision favoring the establishment of branches by national banks under certain conditions.

The announcement was made by John S. Drum, president, in today's general session of the association's convention.

In the state bank division earlier in the week charges that the larger national banks were assuming "octopus" tactics were made and speakers declared the extension of national bank branches would wipe out the smaller banks.

Another attack on extension of the government postal savings bank system was launched today. A. E. Adams of Youngstown, Ohio, declared any such extension would increase government expenses without giving the public anything of value.

Thomas B. McAdams, of Richmond, Va., first vice president today was unanimously elected president of the association.

John P. Puelhofer, of Milwaukee, Wis., second vice president, was advanced to the first presidency and Walter W. Head of Omaha, Neb., was chosen second vice president.

ECZEMA CAUSED YEARS OF INTENSE AGONY

"I have suffered intense agony from eczema on my leg and other parts of my body for years, and received only temporary relief from other preparations. It is only a month since I started to use PETERSON'S OINTMENT, and there is no sign of eczema or itching. You can refer to me."—George C. Talbot, 27 Penfield St., Buffalo, N. Y.

"I've got a hundred testimonials," says Peterson of Buffalo. "Just as sincere and honest as this one. Years ago, when I first started to put out PETERSON'S OINTMENT, I made up my mind to give a big box for 35 cents and I am still doing it, as every druggist in the country knows."

Guarantee PETERSON'S OINTMENT because I know that its mighty healing power is marvelous. I say to everyone who buys a box that it is rigidly guaranteed for eczema, salt rheum, old sores, blind, bleeding and itching piles, ulcers, skin diseases, chafing, burns, scalds and sunburn, and if not satisfactory, any druggist will return your money. Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y.

necessary vice but find upon his arrival at New York that the total monthly number from the geographical category to which he may belong already had been admitted and he, therefore, would be detained at Ellis Island, with resulting serious discomfort. It was stated that a number of such cases recently have occurred.

CREATE MEMORIAL TRUST FOR THE LATE HENRY ALLEN

When Henry Allen was living he presented to the Second Congregational church of this city the dwelling house, known as No. 59 Church street, to be used by it as its parsonage.

On the merging of this church and Broadway church to form the United Congregational church that use of the property ceased, Miss Susan C. Allen property ceased, and it reverted to Mr. Allen's heirs. Two of them, Miss Susan C. Allen and William Henry Allen, having bought their brother's (Amos A. Allen's) interest as the remaining heir, remodeled the building in 1919, changing it into a four-apartment house, and designating it "The Allen" in memory of their father.

With the desire to carry out the original donor's wish that the property ever continue a religious endowment, and as a memorial to their father, they have presented it to the Missionary Society of Connecticut to be held in trust, the income to be used for the benefit of the needy Congregational churches of Connecticut.

JAPANESE COMMUNICATION TO FRENCH NEWSPAPERS

Paris, Oct. 6.—(By The A. P.)—The Japanese embassy in Paris this evening issued an official communication to the French newspapers concerning the condition of Emperor Yoshihito, saying:

"The latest bulletin regarding the health of his majesty, which was published in the French press, contains several inaccuracies which have occurred since the last bulletin issued in April. This bulletin, while noting no improvement in his condition adds that the general state of the emperor's health is not greatly aggravated."

The Paris newspapers during the past few days have published despatches dated Tokyo saying the emperor was dying and Prince Hirohito had been appointed regent.

26 BODIES RESCUED FROM TUNNEL WRECK IN PARIS

Paris, Oct. 6.—Twenty-six dead have been recovered from the St. Lazare tunnel disaster, and the wreckage has been virtually cleared away. There are fragments of bodies which the rescuers and doctors have been unable to assemble; therefore it is impossible to say at the present time what the complete death list numbers. Thirteen of the bodies have been identified.

BRIDGEPORT MAYOR TO BE CANDIDATE FOR RE-ELECTION

Bridgeport, Oct. 6.—Mayor Wilson, former lieutenant governor, in a statement issued tonight, declared he would run on an independent ticket if he is not nominated at the republican convention to be held tomorrow night. The mayor is completing his fifth term as mayor.

THE ENTRY OF BRITISH SUBJECTS INTO THE U. S.
