

WESTERLY

The second night of the K. of C. minstrel Thursday evening in Bliven Opera house packed the house. The boys who have trained for the production secured no pains to make the affair a success and gave lovers of fun and comedy a minstrel show of exceptional merit. Every number on the program was encoored heartily many times being recalled the second time.

A large number of shrimers of Westerly are planning to attend the big meet at Norwich Oct. 23th.

Oct. 25th the Westerly High school football team will go to New London and play the Bulkeley school team.

Miss Edythe Opie motored to Providence Thursday.

Mrs. Frederick Fowler of Elm street will reside in Hartford, Conn., during the winter.

Frank Cooper of Brooklyn, Mass is the guest of his grandparents, Mr. and Mrs. John Parker 48 School street over the week-end.

Thursday morning at about 5.30 o'clock a Maxwell touring car bearing a Connecticut license No. 22,181, belonging to C. C. Carpenter, chief gunner aboard the submarine base, ran into a large truck which was standing near the White school house on the Post road.

Mr. Carpenter had with him his wife and two daughters and a brother-in-law, Frank Burke of 271 3rd street, Fall River, Mass., and a man friend. The truck belonged to Fred Faucher of Westerly.

Whether the truck had its proper light is not known. Officer Mitchell of the Westerly police force was called to the place soon after the accident. Mr. Carpenter and his family were coming from Fall River en route to New London, and it was during the heaviest of the storm the accident occurred. Mr. Carpenter was uninjured, but the brother-in-law had his right arm broken, it being a multiple fracture and the other gentleman had his nose broken and received cuts about the head. The Maxwell car had a broken hood and side. After Drs. Scanlon and Hil-

lard had treated the injured motorists they proceeded to New London in the Maxwell car.

Samuel Niloy of Moss street, who is suffering from a dislocated right ankle, caused by playing football during practice of the Stonington High school team, was taken to Wakefield where Dr. Sweet attended the ankle.

This new car will carry about 30 passengers and is to be equipped with iron wheels to run on the trolley tracks and it proved successful will be used by the company. The new car will do away with the overhead expenses and prove a fine thing. This will probably be put on some time in the spring.

Miss Krebs and Wm. H. Brown rendered solos. A. G. Martin called the roll and was master of ceremonies. Responses were made by Thos. Peabody and Judge Herbert Kattman. At the social hour which followed the women's committee of the church served a lunch of sandwiches, cake and coffee.

A large double frame dwelling is being erected on Mechanic street which will be used as a boarding house for the Lorraine Mfg. Co. help.

This (Friday) afternoon the Sokvabek club is to meet with Mr. and Mrs. William H. Thompson on the Potter Hill road.

The Moscow mill which makes cotton and silk hosiery, which is located near Hope Valley, employs about 15 hands and is owned by Max Novogroski, Abram Leiboritz and Herbert W. Rathbun, all Westerly men, is undergoing repairs. The mill is a frame structure with 15,000 feet floor space, 70 horsepower developed by water supplied by the pond there with an auxiliary heating plant and is equipped with electric lights.

Repairs are being made to a stack and buildings. Mason work being done on the latter and the roof put in good condition. This mill is running on full time.

The death of William A. Chappell, 32, of Ashaway occurred at his home there Wednesday. Burial will be in Hopkinton cemetery.

STONINGTON

Members of James W. Harvey post, A. L. are trying to interest new members and keep the old ones interested. They have made a good start and are reminding every one who served in the world war that he should affiliate with the different posts to which he is eligible. The public surely should give this hearty support whenever possible to assist these worthy young men.

The Building and Loan Association and Saving Association, here, which has eleven incorporators, has given to Stonington people a fine opportunity to do for themselves, and Stonington is sure to recognize the benefit of such a corporation. Building in this section will surely take a start this spring. Already people are making inquiries regarding building homes here. The work of this association will help to build up places about here. Already land is being worked by individuals and building lots started out, and roads cut through, some thing which has not been done for the past twenty years.

When the Stonington High school in-

stalls its new wireless apparatus it will be equipped with what few schools have. Thirty members have joined a club for the purpose of installing equipment here.

A troop of Boy Scouts has also been formed in the High school and Principal W. E. Tilles will act as scoutmaster and Prof. Trudell and O'Connell will be his assistants. The troop now numbers about 20.

Thursday evening a large crowd assembled in the school building hall and listened to a most interesting talk by Mr. Place on Mandolin Club. There is already started a Mandolin club in the borough and the young people who have joined have begun their instructions.

Stonington does not celebrate Armistice Day, but the schools will close on that day and probably the people will go over to Westerly and help that town celebrate as many other neighboring places are planning to do.

Special cars will take care of the crowds from this section, it is expected. Miss Edith Lathrop has returned from a visit in Mt. Vernon, N. Y.

Edwin James motored from New York Wednesday after spending a week there.

The Women's Relief corps at its meeting held Wednesday evening in Drayton's hall, voted to give a supper Armistice Day, November 11th, to the members of James W. Harvey post.

Jabez Chesebro of Elm street, is in New York.

Charles Miller is in Detroit.

JEWETT CITY

Dr. G. H. Jennings, Mrs. B. C. Bliss and D. E. Fian, the committee appointed by the town to arrange for the selection and placing of a suitable roll of honor for the Griswold men who served in the world war, held a meeting at the chairman's home Wednesday evening. Arrangements were perfected for a joint meeting with a committee from the American Legion, at which time it is proposed to smooth out all the difficulties which appear in reference to having a correct list of names, to be cast in bronze.

That there is a difference in opinion, with just and unbiased argument from all viewpoints, is hardly to be avoided. The contention is that a name should not appear which can claim no title, yet greater would be the calamity if some truly deserving name were omitted.

A bean supper was served at the Methodist church Thursday evening and people from all around filled the tables and enjoyed the fine supper.

Daniel Lithke of Packerville has raised a quantity of a new Minnesota field corn which for beauty of ear and kernel can hardly be excelled. An ear which he sent down to the borough is 11 inches long, contains 12 rows, with 40 kernels in each row—720 kernels, all deep crimson, except a bright yellow spot on the outer end of each one.

Noticeable in the store windows about the borough are attractive home-made

posters telling of a coming D. A. R. function. The care with which these bills were prepared by the chairman of the committee is seen in their artistic design. Here a poster shows in one corner a cut of a luscious cranberry pie, while below a three-flecked chocolate cake with a jelly top looks so inviting that to take a bite seems possible. Of a dozen to be seen, all are different.

Mrs. A. M. Brown attended the Baptist state convention in Danbury this week.

Miss Catherine Barnett has been visiting her cousin, Michael Barnett, in New Haven.

Felix Guillett attended the convention of Union St. John Baptist at Lewiston, Me.

Not many days are as dark as it was all Thursday forenoon. In some cases women prepared dinner and accomplished their usual forenoon cooking with the aid of the electric light. To carry on the morning's usual trade places of business were illuminated the same as at night. It was the afternoon off for the stores, with many plans for hunting trips. The weatherman was in good temper, the skies cleared and a pleasant outing in the woods and fields was enjoyed by many for whom this is the only time off during the week.

Maple Leaf election sale every day and evening, last through Saturday, Oct. 29. Good values, reduced prices.—adv.

John Barnett's name is eleventh on the honor roll in the college of business administration at Boston university as published in a Boston paper. There are 200 students in this branch of the university. Last year he stood twelfth on the honor roll.
