

RAIN OR SNOW AND
WARMER TODAY

NORWICH, CONN., MONDAY, NOV. 14, 1921.

Bulletin

FULL ASSOCIATED
PRESS DESPATCHES

The Bulletin

Norwich, Monday, Nov. 14, 1921.

WEATHER Conditions

Pressure is high in the Atlantic states and abnormally low over the Canadian maritime provinces. There have been snows within the last twenty-four hours in the region of the Great Lakes and the Upper Mississippi valley. Temperature has risen over the Great Central valleys, and it has changed little in other parts of the country since Saturday night.

The outlook is for unsettled weather with rains and snow along the north border and rains elsewhere east of the Mississippi River during Monday and Tuesday. The temperature will rise Monday throughout the Atlantic states.

Winds

North of Sandy Hook—Sandy Hook to Hatteras—Fresh, southerly and south winds, overcast weather and rains Monday. Hatteras to Florida Straits—fresh southeast and south winds, overcast, occasional rain Monday.

Forecast

South New England: Rain or snow and warmer Monday; Tuesday rain.

Observations in Norwich

The Bulletin's observations show the following changes in temperature and barometric changes Saturday and Sunday:

| Time | Bar. | Temp. |
|-----------------------|------|-------|
| 7 a. m. | 32 | 29.0 |
| 10 a. m. | 32 | 29.0 |
| 1 p. m. | 32 | 29.0 |
| 4 p. m. | 32 | 29.0 |
| High at 4; lowest 32. | | |
| Sunday | | |
| 7 a. m. | 33 | 28.0 |
| 10 a. m. | 34 | 30.0 |
| 1 p. m. | 34 | 30.0 |
| 4 p. m. | 34 | 30.0 |
| High 34; lowest 28. | | |

Comparisons

Predictions for Saturday: Rain or snow. Saturday's weather: Fair followed by light showers. Predictions for Sunday: Fair and clear. Sunday's weather: As predicted.

SUN, MOON AND TIDES

| Day | Rises | Sets | Water | High | Low |

Six hours after high water it is low water, which is followed by flood tide.

TAFTVILLE

Dr. George Thompson, Dr. and Mrs. Harwell Thompson of Hartford attended the Yale-Princeton game at New Haven Saturday. Dr. Stamer also was an attendant at the game.

There was a large attendance at the dance given by the Melrose club in Pompano last Saturday evening. The music was furnished by Herb Smith's orchestra. A feature attraction was the prize fox trot.

Several ex-service men from this village went to New London, Sunday afternoon, to greet Marshal Foch. Two local young men, George Poyner and Leo P. Poyner, went to the city to shake the marshal's hand. The New London American Legion post presented a basket of flowers to Marshal Foch. The marshal stopped in New London for 15 minutes.

A number from this village attended the closing of the carnival in Baltic on Saturday night. Edward Murphy witnessed Yale's victory over Princeton, at New Haven, Saturday.

NORWICH TOWN

Individual Responsibility was the theme of Rev. Gurdon F. Halley's sermon at the Sunday morning worship at the First Congregational church. The text Mark 3:19. How is it Jesus suffered him not, but said unto him: Go home to thy friends and tell them how great things the Lord hath done for thee, and hath had compassion on thee. At the session of the Men's Forum at noon the topic for discussion was: To What Extent Do Men Fracture the Golden Rule?

The Young People's Christian Endeavor service at six thirty was in charge of the Prayer Meeting committee. The topic: Bible Examples of Personal Responsibility. Text: Matthew 4:18-22, 9:10-13. At the Congregational prayer service Thursday evening the theme will be: Response to Human Needs. Bringing Harmony and Justice into Human Relationships. Reference is given to the verses of Scripture in Proverbs, Isaiah, Micah, Matthew and Galatians. Consider the evils of war, injustice and cruelty, the influence of missions.

The Red Cross team having in charge the Annual Membership Enrollment campaign, is planning to carry through its work in two hours this (Monday) afternoon.

While on route to Norwich, Conn., on a business trip, C. Q. Ives of Portsmouth, Me., was at the home of his business partner Frederick H. Wyant and Mrs. Wyant of Town street, Mr. Ives formerly resided in Norwich.

There is to be a meeting of the Missionary Committee Tuesday evening at the Congregational parsonage.

For Winter at Albuquerque

Mrs. K. C. Beas of Chicago, who has been visiting for a few days at the home of her parents, Mr. and Mrs. Grant Trojand of Church street, left Saturday for Albuquerque, New Mexico, where she is to spend the winter with Adjutant General and Mrs. Henry Rolf Brown, the latter being Mr. Beas' mother.

Why suffer? Dr. Kassar's Asthma Remedy gives instant relief. 25 years of success. 75c at all druggists. Avoid substitutes. Official Treatment mailed Free. Write to Dr. F. G. Kassar, Box 362, Augusta, Maine.

NORWICH RED CROSS MAKES REPORT ON WORK OF PAST TWELVE MONTHS

With Rev. Joseph H. Selden, chairman, presiding, the annual meeting of the Norwich Chapter of the American Red Cross was held Saturday afternoon at 2:30 o'clock in the Mrs. Robert W. Wauregan house with a good sized attendance.

After hearing an interesting address by Prof. Charles E. Barr, field representative of the Atlantic division of the American Red Cross, and the reports of the various departments of the chapter, the meeting unanimously elected the following executive committee, reported by the nominating committee, Miss Mary Shannon chairman:

Rev. Joseph H. Selden, F. W. Lester, Miss Edith Young, Miss Audrey Gerson, Mrs. Frank A. Mitchell, Mrs. Walter K. Tingley, Mrs. Walter M. Buckingham, C. E. Carpenter, Mrs. Robert Perkins, Mrs. John P. Huntington, Charles F. Wells, Edward J. Graham and Dr. Hugh B. Carphel.

Report on National Work

Dr. Selden introduced Prof. Barr, who delivered the principal address of the meeting. Prof. Barr gave an account of the \$24,492,741.35 spent by the National Red Cross during the past year. Over \$11,716,000 of this amount was expended in the child health programme in Europe, nearly fourteen millions in other relief work in foreign lands, two and one-third millions in direct work for the disabled ex-servicemen and their families, nearly half a million on army and navy hospital services, \$211,000 on disaster relief and three and one-half millions in service to the sanitarium and their branches.

In addition to this local chapters spent \$5,490,000 on soldier relief, making a grand total of contributions to the Red Cross of over \$10,000,000.

Professor Barr then outlined the peace programme of the Red Cross. The budget for the current year is over 19 millions of dollars. When it is realized, said the professor, that the last roll call brought only 7,000,000 memberships the urgent necessity for heroic action is apparent.

Public Health Nursing.
The meeting was favored with a brief address by Miss Elizabeth M. Culver, director of the public health nursing department of the United Workers. In her address Miss Culver said:

Speaking for the public health nursing department of the United Workers, I am sure I voice their appreciation of every effort that is being made to build up a sound and permanent health program for the city of Norwich.

The importance of correlating the work of all the health agencies of the city, cannot be overestimated. With nurses working in the homes and in the schools, dealing with the members of the same families, the closest cooperation must exist in order to give the community the efficient service we all desire.

I wish to emphasize the desire of the public health nursing department of the United Workers to heartily cooperate with the Red Cross in its far-reaching plan to further the health of the children of the city in its co-operation with the work of the school nurses.

We see in this programme, a most encouraging prospect for the future.

Treasurer's Report

F. W. Lester, treasurer of the Red Cross chapter, made his report of the receipts and expenses as follows:
Receipts—Balance on hand Nov. 1, 1920, \$1,646.19; contributions, \$2,824.67; materials and supplies sold, \$20; membership, annual \$2,560; contributions, \$475; sustaining \$130; life, \$50; Junior \$20; I voice their appreciation of every effort that is being made to build up a sound and permanent health program for the city of Norwich.

Disbursements—Material and supplies, \$1; home service work, salaries \$180; other expenses \$425; dental hygiene, \$140; other expenses \$120; public health nursing, salaries \$250; other expenses \$204.88; medical inspection of school children, \$750; office salary, \$100; printing and stationery, \$61.13; postage, printing and stationery, \$61.13; other general expenses, \$11.6; Sprague branch (promotion of roll call), \$44; remittances to division headquarters, \$1,951.50; total, \$5,632.72.

Balance on hand Oct. 31, 1921, \$1,152.94.

Public Welfare Committee

The public welfare committee made its report through the chairman, Mrs. Walter K. Tingley. The report was as follows:

One of the most important duties of this committee is the preparation of emergency plans for epidemics or disasters. A very good plan was worked out in 1920, and approved by division headquarters, and with the exception of a few changes in personnel, remains the same as reported last year. It provides adequate emergency hospital facilities, splendid motor and ambulance services and a nursing unit.

For the first time in several years no classes were organized in 1921. The usual announcements were made in the daily papers early in November, setting forth the importance of this instruction and stating that classes would be organized as soon as a sufficient number of applicants were received. Only five members were received, and as a class cannot start with less than ten, notices were sent to the five, explaining and asking each to secure an additional member if possible.

As is well known, the Red Cross does not have this instruction as a source of revenue, but educational purposes only, teaching as it does the young women and busy mothers of families, not only the simple methods of caring for the sick in their homes, but preventing of contagious and other diseases and the furtherance of universal health education. It is hoped there will be more interest this year.

Last year's report tells of numerous community "health conferences" attended by representatives of all agencies interested in public health work. Of the conclusion after long and careful consideration, that our line of activity should be with the school children.

Of the addition of two school nurses to the staff three instead of one. Of the transfer in October of the health work of the schools from the health officer, this making it available to all the school children of the community and thereby broadening its scope.

Of the appointment of an advisory board to co-operate with the town health officer in this work.

And, just as our report was made up, of the appointment of two physicians for the general physical examination of all school children and one specialist for eye, ear, nose and throat.

This work of examining the children was completed early in the year and the results, carefully tabulated, furnished an interesting study. One thing is very evident was the need of some systematic means of taking care of the appalling number of children needing correction of physical defects, especially those of facial palsy, and a special committee was appointed to work out a plan.

Getting Rid of A Nasty Temper

How Gude's Pepto-Mangan
Relieves Ill Humor of
Bad Health

When ill humor becomes chronic and a man or a woman who should be genial becomes known as a "grrouch," it is nine out of ten the cause is physical. When blood gets weak and full of poisons it leaves the body weak, the face pale, and causes a tired feeling. There is no endurance. Nerves get all tattered, because in a weak-blooded condition the body is not nourished sufficiently with the oxygen that rich red blood supplies.

Gude's Pepto-Mangan is a blood-builder and when taken in steady doses for a while it causes a flood of fresh red blood cells to roam through the body, bringing robust health and strength. With good blood, rich and red, there are no "grouches." Life looks good and pleasures are keenly enjoyed.

Druggists have Gude's Pepto-Mangan in liquid and tablet form. Be sure to get the genuine with the name "Gude's Pepto-Mangan" on the package. Advertisement.

under the direction of Miss Isabelle Burns who will have a staff of three nurses.

The local chapter is anticipating a generous response to the roll call which is now in progress to enable it to supply the dental service so necessary to the health of the school children.

**RED CROSS APPEAL IN
FIFTH ANNUAL ROLL CALL**

During this week in Norwich and throughout the country, the fifth annual Red Cross roll call is going forward.

On behalf of the executive committee, the chairman, Rev. Dr. Joseph H. Selden, issued the following statement on Sunday:

In our own city there are special reasons for a prompt and generous response to the Red Cross appeal. "A heart and a dollar" has been our motto in the past. This small sum, within the means of all, gives one a place in this great army of mercy whose beneficent

work is as wide as the world. Larger gifts are needed in the present year to enable the Norwich Chapter to enlarge its health service in the interest of the school children of our community.

The generous appropriation voted at the town meeting last month will make possible a wider and more efficient nursing service among all the children of the community of school age. But there is imperative need for immediate inauguration of more constructive measures in their behalf. The surveys made by physicians and a dentist, instituted and financed by the Red Cross, established the fact that a very large proportion of our boys and girls show physical defects which call for attention and in many cases for correction. The correction of these defects is the very simple matter in the care of children. If, however, nothing is done for them the inevitable results of such neglect appear in later years in impaired health and vigor. The startling conditions revealed by the examinations made by the draft boards were the direct outcome of failure to correct childhood defects, such as we now know to be widely prevalent among our own children.

The need of correction is imperative as regards the teeth of the pupils in our schools. The dental survey week last spring showed that the mouth conditions of a very large proportion of the children constitute a serious menace to their health. The Norwich chapter is prepared to undertake the work of dental care and relief, if adequate funds are provided. If our Treasury is empty the work will remain undone.

We do not forget that the care of ex-service men is the first charge upon the Red Cross. We have not failed them in the past, during the present year we shall continue the work with unflagging zeal. In our Home Service Department last year nearly \$1500 were expended in the care of our ex-servicemen. This year, however, we will be needed this year, but whatever amount may be called for the needs of the ex-service men and their families will be met.

The health work for the school children is vitally important. Last year \$2,000 was expended in this service. If the gifts received during the present roll call permit the expenditure of \$2,500, we

shall be able at once to inaugurate a thorough system of dental and oral hygiene.

For these reasons we make a special appeal to the men and women of Norwich, whose loyal and generous support in the past has never failed.

Of the money entrusted to us at this time, however large the gift in each instance, we will give to every member a share in the nation-wide and world-wide work of the Red Cross.

The remainder of the gifts received will be devoted to the service of the children of the community.

**SIX CHURCHES CONFERENCE
WILL BE IN PLAINFIELD**

In Morning and afternoon programmes will be carried out Wednesday at the conference of the six churches, which is to be held at the Plainfield Congregational church. While the conference includes the Congregational churches in Plainfield, Hanover, Jewett City, Lisbon, Griswold and Jewett City, the conference is extending an invitation to people of all denominations to attend the meeting and a large attendance is looked for.

The following will be the programme: Morning, 10 o'clock—Organ prelude, doxology, invocation, Lord's Prayer, responsive reading, Gloria, Scripture lesson; anthem by quartet, Miss Dorothy Philip-Lingham, Miss Helen Gallup, Christopher Krauss, James Doyle, prayer, hymn, sermon by Rev. Arthur Covell, Boston, hymn, benediction.

Afternoon, 2 o'clock—Praise service, business, duet, Miss Helen Gallup and Mr. James Doyle; address, The Far East and the Washington Conference, Rev. George Alchin, Lynn; hymn, address.

Getting Christians to Co-operate, Dr. W. S. Merrick, Boston.

Immediately after the morning service, dinner will be served in the vestry.

Rev. Arthur Covell is secretary of the Congregational Pastoral Supply Bureau, of Boston.

Rev. George Alchin, now of Lynn, Mass., has recently returned from forty years' work in Japan.

W. S. Merrick, Ph. D., now of Boston, has spent the last year in Indiana in the interest of the federation movement.

POETRY

THE DAY OF PEACE.

"Neither shall they (the people) be any more."—Isaiah 2:4 and Micah 4:3.
"He scattereth (margin) the people that delight in wars."—Psalm 46:10.
"Wisdom is better than the weapons of war."—Ecclesiastes 9:18.

With yearning eyes, we look for that glad Day
When war shall be no more;
When love shall pierce the whole wide world
From shore to utmost shore.

For peace we long, as long as the mother's heart
For son whom she hath born;
Who sweeter still, with his "Toi"
Piercing dart;
From whom life's hopes are born.

For peace we pray with every breath we draw
And pray will grant our prayer;
The Eye Omniscient still runs to and fro
O'er Earth, and Sea, and Air.

The cause of Righteousness is God's, and He
But waits till men shall yield
Their weapons into His—when they shall see
The pow'r His arm doth wield.

Thy great War shall fall at His command
Never again to rise;
His armaments will rust, and fall to stings
Before His love's melting eyes.

For that glad Day we work, and hope, and pray
With every breath we breathe—
Lord, hasten our foremost prayer, and speed the Day
When men their swords shall sheathe.

O God of all the nations! Hear our plea
This solemn hour and grave!
As pleads the parent for his child, as we
Implore Thee arm to save.

Give wisdom unto those who meet this hour
Great minds from near and far—
Lead, and control them by Thy mighty Word
Be Thou their Guiding Star.

Then Peace shall spread her wings o'er all the world,
Fallen arms shall be the dust;
The Banner of God's love shall stay unfurled,
And war shall be no more.

O Day of Peace! O happy, glorious Day!
Faith views the radiant face!
Speed on! Oh speed on thy triumphant way!
Hasten, O Day of grace!
—Jennie Wilson-Howell, in Boston Transcript.

HUMOR OF THE DAY

"Stop, look, listen!"
The reflective man stopped to read the railroad sign which said: "Those three words illustrate the scheme of life."

"How?"
"You see a pretty girl; you stop; you look; after you marry her you listen."—Ladies Home Journal.

"Girls don't wear petticoats any more."
"They must wear something under those short skirts."
"Well, if skirts keep getting shorter, we'll soon find out what it is."—Judge.

What is the plot of your new play?
"We haven't begun to think about that," replied the producing manager. "But you say you have a sure winner."

"We certainly have. We thought up a risky title that'll bring the people as soon as they read the billboards."—Washington Star.

KALEIDOSCOPE

The first \$100 that Chauncey M. Depew earned lies untouched in the Peekskill Savings Bank, where it was deposited in 1861.

It is reported that the port of Copenhagen is filled with American goods that can not be sold on account of their extreme high prices.

Lady Parker, wife of Sir Gilbert Parker, the novelist, plays a star in Elinor Glyn's story "The Great Moment," recently produced in photoplay form.

According to statistics there were used last year 200 pounds of salt for every inhabitant in the United States as compared with 100 pounds of sugar.

Miss Mary I. Dutton, who owns and operates two enterprises in Chicago, is planning to open a third establishment in the same city, which will be the largest eating place of its kind in the world.

There is no greater industrial resource than the spectacular development of the film business in the United States in the last few years. Fewer than ten years ago critics were about evenly divided as to the future of the screen, which was just beginning to make its influence felt in an adolescent way in the amusement of the world. Today the film industry is worth \$1,000,000,000 American dollars and is doing a business which will aggregate \$1,500,000,000 during the present year.—Columbia Dispatch.
