

WESTERLY

The Red Cross workers have started to form a class in home hygiene and care of the sick and instructions will begin soon. The complete course will consist of 14 lessons on care of the sick in the home. Students are taught to use the convenience that is found in the ordinary home. The class will be in charge of a Red Cross nurse.

During the last storm subsiders Nos. 104 and 117 were disabled off Watch Hill and for several hours were at the mercy of the storm. The boats which are 110 feet long with a crew of 20 men each were going to New Haven when they were overtaken by the storm. In the heavy seas, water got into the gasoline and one of the boats and the other came to its rescue, but the second craft suffered the same difficulty. Divers sent out and Watch Hill station No. 58 answered but as they were unable to start the engine in the surf boat the Fisher's Island station was notified to come over and respond. A tug from the submarine base towed the vessels to New London. Officers at the submarine base state that the chasers did not belong to the navy but were privately owned.

After a street parade Saturday evening the Rhode Island Ones held a fair in the town hall. There was a large attendance. The Senior King's Daughters of the Congregational church plan to hold their annual Christmas bazaar at the home of Mrs. Clifford Campbell.

At the December meeting of Rhode Island Chapter, D. A. R., Mr. O. R. Smith gave an enjoyable talk on old Meeting Houses. He spoke especially of those on the Atlantic coast, beginning with the first meeting house established in Plymouth, which was rather more of a fort than a church; King's chapel in Boston built in 1732, was the first church in the colonies to have a pipe organ, this being shipped from London. St. Paul's church, which stood on Tower Hill, but has since been moved to Wickford, was the first church in Rhode Island. At the business meeting the following committees were appointed for the year: Nominating, Mrs. George Champlin, Mrs. Oscar Voss, Mrs. A. B. Briggs; auditors, Mrs. Alice Rankin, Miss Bertha Brown; program, Mrs. Walter Dixon, Miss Louise Ayers, Mrs. J. H. Blackler, Miss Fannie Holmes, Mrs. Ellsah-Burdick, Mrs. F. P. Why People Become Weak, Anaemic, Nervous and Run-Down

Well-Known Physician Explains.

Vital Energy is expended without being replaced.

How Wincarnis helps to restore this vital energy.

By G. M. Lipinski, M. D. Former Member of Philadelphia Health Department

"The reason why persons who are weak, anaemic, nervous and run-down have gotten into that condition is because they are so constituted that they use up their vital energy and nerve force quicker than their bodies can replace it."

"Their systems fail to extract from the food they eat and retain in sufficient quantity those mineral elements without which the body is absolutely unable to create vital energy and nerve force. And so they go on expending, day by day, their vital energy without adequately replenishing the supply until their systems become completely run-down, their blood gets impoverished and their nerves are strung. The mineral elements which are essential in the creation of vital power are particularly calcium, potassium, sodium, phosphorus and iron. And these elements must be administered to these patients whose systems do not extract them in sufficient quantity in the natural way from their food. That is why I always recommend Wincarnis for weak, anaemic, nervous and run-down patients. For Wincarnis contains all of these vitally necessary elements in a form that enable the system to readily assimilate them and which is acceptable to the most delicate stomach."

Wincarnis is sold in Norwich by National Drug Store, Main and Shetucket Sts. and all first class druggists. Two sizes: \$1.10 and \$1.95
