In Every Case 7-20-4 R.G. SULLIVAN'S CIGAR FAMOUS FOR QUALITY

MANSFIELD DEPOT Mrs. Livingston recently visited her husband in New York.

And all he could say, was "Well, good-bye, Jim—take keer of yourself"

THE POET, Riley, has told the story beautifully and well—how the old-fashioned father sent the boy out into the world. A heart full of affection and hope spoke only these words: "Well, good-bye, Jim; take keer of yourself."

Enough to say, enough to hope for, enough to do—take care of yourself—and there's the foundation of safety, the promise of success.

And how easy a thing to fail in! For instance, the common practice of coffee or tea-drinking administers to the system a dosing of drug whose harm has been pointed out repeatedly by medical men, sometimes in alarming terms—and whose effect is very commonly found in over-excited nerves, sleeplessness, irritability, indigestion, high blood pressure—loss of efficiency; failure to "get on."

The drug, caffeine in coffee and their in tea, acts as a whip upon the nerves. Over-whipped nerves may run away, or break down,—like an over-whipped horse.

Thousands of people have found for themselves that they cannot safely drink coffee or tea. Some have had the news broken to them by their physicians, and many are complaining about symptoms of nervousness, sleeplessness and lack of alertness during business hours, and wondering what the cause may be—when the cause probably is tea or coffee. A great many people who know they cannot safely drink coffee at night still hope they can go on with it at other times, and dodge the damage.

How easy it is to fail to take care—and how hard the consequences usually are!

A quarter of a century ago Postum brought to the world's dining table that kindest wish

of friendship and good will: "Take care of yourself." Cheerfully, pleasantly, happily, Postum has brought the message and shown the way to increasing thousands in every land—"Take care of yourself."

Postum is a pure cereal beverage, a cup of kindness from Nature's smiling grain fields—a table drink of charm without harm.

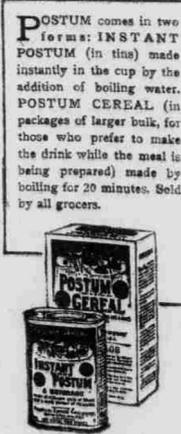

There's no drug in Postum—but plenty of satisfaction and comfort. Postum can be enjoyed by every member of the family—no need to draw the danger line and warn away the children as is usually thought necessary with coffee and tea. And no need to fear that Postum with the evening meal will rob the night of sleep—not Postum!

Postum is a friendly drink, always. And it fully satisfies. Those who have tried Postum as a relief from the ills of coffee and tea have kept on with Postum for itself. They have found better sleep, better feeling, better fitness—better health—and they do enjoy the taste of this splendid mealtime drink!

If you are not yet one of the great army of Postum users, you can make the experiment now, without a bit of trouble, and with no sacrifice to taste or comfort. Order Postum from your grocer today, or tell your waiter at the hotel or restaurant to serve it to you. You can get Postum wherever good food and drink are sold or served.

Have Postum prepared according to directions, make the test of its use for ten days, compare your feeling with the old experience—and see whether you want to turn back.

Postum points the way along the sunrise road—away from the risks—and gives you the message in which most of the good wishes of life are summed up—"Take care of yourself."

"There's a Reason" for POSTUM
