COLUMBIA UNIVERSITY BASEBALL SCHEDULE ANNOUNCED

New York, Dec. 18.—Columbia university's baseball schedule for 1922, announced today, consists of 26 games during the season.

PENNSYLVANIA BASEBALL SCHEDULE HAS 32 GAMES

Philadelphia, Dec. 18.—Thirty-two games are on the University of Pennsylvania baseball schedule for next spring.

AMATEUR ATHLETICS CHARGED WITH PROFESSIONALISM

Boston, Mass., Dec. 18.—William C. Prout, national president of the A. A. U., tonight declared that if Joey Ray, Frank Loomis, Lorez Murchison and Jackson Scholz were found to be guilty of charges of professionalism.

EMPS TAKE FIRST GAME OF SEASON

The Y. M. C. A. opened their basketball season by playing at Colchester Saturday night where they succeeded in taking the "bacon" from the Bacon Academy team, the score being 17-14.

HARVARD TRACK MEN TO HAVE LONG SPRING TRIP

Cambridge, Mass., Dec. 18.—Harvard track men will have the longest trip next spring, that a Crimson team has ever had, according to the tentative schedule announced tonight, which it is expected will

This Is Why You Know Essex Is a Great Car

After 40,000 Miles
"Essex, a 1919 model has been driven over 40,000 miles, including three trips between Detroit and New York. The flexibility of the motor is always a source of amazement to those who drive with me."

Best On the Market
"I have driven my Essex 48,000 miles without replacing over 550 worth of parts. I get about 17 miles to the gallon of gasoline, and about 150 miles to the quart of oil. It has been more than satisfactory in every way. The best car on the market."

Its records prove it—
In 4 trips across America Essex 4 times breaks the transcontinental record.

Essex set the official 50-hour record, traveling 3037 miles at better than a mile a minute. For cars of its motor size it holds all official stock records for speed and endurance from 1 to 50 hours.

—the way it is built the reason—
Only by sound engineering design and careful building, even in minute details are such results possible.

Ask owners if they would buy another car of the same make. We would be glad to have you make your decision on that basis—what Essex owners think of their cars, compared to the experience of owners of other makes.

SPORTING NOTES

Burt Spencer won the judges' decision over Al McRae in a 12-round bout in Brooklyn.

Johnny Evers and Arthur Devlin were at the meetings. Wonder what they two would bring right now if they were in their prime?

The 1922 Grand Prix automobile race will take place at Strasbourg July 15, according to an announcement made Saturday evening by the Automobile Club of France.

The New York Giants Saturday announced the purchase of Ralph Shinnery, outfielder and one of the leading base stealers in the American Association, from the Indianapolis club.

The Iowa State College two-mile relay team, which broke the world's record last May at the Drake relay carnival, will take a three weeks' trip into the East, according to plans announced by Track Coach Art Smith tonight.

Silent John Hummel, Springfield manager has signed up two new players. He has grabbed Lefty Ross, a southpaw flinger, from Rock Island of the Three I league, and Jack Conroy, a shortstop from a Georgia League.

Shortstop Hank Schreiber, formerly with the Brascos, who was with Indianapolis most of the past season, but was taken on by the New York Giants in the fall, and thus briefly became a "world's champion" has been shifted back by John McGraw to the Hoosiers, New York had bought him conditionally.

Harry Greb, whose boxing style is likened to the trip-hammers that pound in the steel mills of Pittsburgh, from where he came, will meet Johnny Williams for nine games. The date follows, in February, Tex Rickard announced today. The bout will be held in Madison Square Garden.

The hockey schedule for Williams College is made public Friday, provides for nine games. The date follows, in February, Tex Rickard announced today. The bout will be held in Madison Square Garden.

SECRETARY HUGHES HAS SENT NAVAL MESSAGE TO BRIAND

Washington, Dec. 18 (By the A. P.)—Secretary Hughes as chairman of the armament conference has communicated directly with Premier Briand of France regarding the situation which has developed as a result of the stand of the French delegation upon the question of naval ratios.

Mr. Hughes is understood to have called the attention of M. Briand to the entirely unexpected nature of the French proposal and to its failure to harmonize with the basic principle upon which the limitation of naval armaments plan was drawn.

This was the outstanding development today in connection with the conference and was accepted in most quarters as considerably postponing what had been predicted would be an early adjournment of the Washington meeting.

The impression gained among other delegates was that if France insisted on the 5-5-3 ratio comprised in the proposal put forward Thursday she would find a solid opposition confronting the suggestion. Neither from the standpoint of national security nor from that of "present status" on which the whole scheme of limitation is built, it was deemed inadvisable to accept a 5-5-3 ratio.

China's request for abrogation of the 1915 treaties resulting from the twenty-one demands form the most formidable stumbling block in the way of a Far Eastern accord, but in many quarters it is believed that the point never will be submitted for discussion.

The impression have been generally that no nation can be compelled to talk about a question it considers out of the scope of the conference. In addition, the Japanese have been generally supported from other powers for the Japanese contention that the conference should not attempt to go into "closed incidents."

Neither is it considered likely that there will be any attempt to discuss the problems of Siberia in detail as has been done in the case of China. The Japanese are said to be preparing a general declaration of policy for future protection of the territorial integrity of Siberia, and some of the delegates believe the conference can well accept such a declaration as covering the situation. Others want to see a joint declaration of the same kind by all the powers, but of a character so broad as not to require prolonged negotiations.

26 AMERICAN RADIO STATIONS SENT MESSAGES OVER OCEAN
Hartford, Dec. 18.—Twenty-six amateur wireless stations in the United States were successful in sending test messages across the Atlantic ocean in the ten-day experiment of the American Radio Relay league which ended last night. Final reports on the results of the test were received at the headquarters of the radio league here today from

MAY MEAN DESTRUCTION OF RAILROAD LABOR BOARD

Chicago, Dec. 18.—Regarding contract cases before the United States Labor Board, Frank P. Walsh, counsel for the ship crafts organization in a statement tonight said that if the railroads are successful in their contention, "it will mean the destruction of the railroad labor board."

Mr. Walsh characterized the cases regarding contract work as the most important in the return of the integrity of the labor and the public that have ever been submitted for a decision.

"The railroads are in a nation-wide conspiracy to avoid the provisions of the Transportation act so far as it safeguards the rights of the railway employees and the public by pretending that they are contracting and leasing out to sub-contractors and patrones the most important functions in the operation of the railroads," Mr. Walsh said.

The so-called private contractors are pretending not only to actually maintain the rights of way of the railroads, but independent railroad control, to have charge of the operation and maintenance of equipment of railroads, including the safety devices upon which the lives and limbs of the traveling public must depend for safety.

"It is to avoid the provisions of the transportation act favorable to the employees and the public, the railroads boldly assert that they have surrendered a great part of the duties and functions imposed upon them by their charter. They claim that they have turned these duties over to the myriad of private contractors, individuals and corporations—the majority perhaps being without financial responsibility, and many of them shown to have had no previous railroad experience."

"The railroad companies have succeeded in covering their tracks in many parts of the country, but this hearing should rip the lid off the entire conspiracy. Unless the law reaches in with a strong hand, the general public will be left open to exploitation in a manner unparalleled in the worst days of railroad abuse and graft."

"The railroads are attempting, under the scheme, a device of private contractors to farm out to alleged private contractors the work hitherto performed by approximately one million of the railway employees of the country in their shops and maintenance of way departments. If they succeed in this adventure it will mean the absolute destruction of the railroad labor board and expose the already overburdened public to the unchecked rapacity of the railroads and their confederates in the advancing army of private contractors."

CONGRESS THIS WEEK
Washington, Dec. 18.—Congress resumes work tomorrow with action scheduled on only one important piece of legislation before house and senate quit for the holiday vacation Thursday night.

DEATH OF AMERICAN ENGINEER AT COBLENZ

Coblentz, Dec. 18.—Major Bernard A. Miller, chief engineer of the American forces in Germany, died today of pneumonia, developing from influenza. Major Miller was a native of St. Louis, Mo.

Ninety-two cases of influenza have been admitted to the hospital.

NOTHING FROM GERMANY ON REPARATIONS QUESTION

Berlin, Dec. 18 (By the A. P.)—Neither the cabinet nor the credit commission met today to discuss the German reply to the reparations commission's questions and official quarters declined to say whether the government would be able to give specific information covering the points raised before the London parity between Premier Lloyd George and Briand. Requests for information were met by the statement: "The situation is now being canvassed by the various ministries; a reply will be made in due time."

PORTO RICANS INQUIRE AS TO STATUS OF GOV. REILLY

New York, Dec. 18.—Antonio Barcelo, president of the Porto Rican senate, and head of a delegation that came to the United States to demand the removal of E. Mont Reilly, governor of the island, today went to Washington to ascertain the "exact state of affairs" under which Governor Reilly would return to his post.

Governor Reilly arrived in the United States a month ago to make a personal report to President Harding on his Porto Rican administration. The delegation headed by Mr. Barcelo came shortly after the governor's departure from Washington. Governor Reilly, it was announced officially at Washington last Friday, had been instructed to return to his post as quickly as settlement of his personal affairs in this country would permit.

MATTERS TO COME BEFORE CONGRESS THIS WEEK

Washington, Dec. 18.—Congress resumes work tomorrow with action scheduled on only one important piece of legislation before house and senate quit for the holiday vacation Thursday night.

The one measure of consequence is the Dyer anti-lynching bill which is to be

referred to the committee on the judiciary.

Other bills to be considered include the bill for the relief of the Porto Rican people, and the bill for the relief of the Porto Rican people.

The bill for the relief of the Porto Rican people is to be considered first.

The bill for the relief of the Porto Rican people is to be considered first.
