

MANY PREP. SCHOOL STARS FOR YALE

Yale already looking forward athleticly to next fall, is getting a lot of cheer out of the fact that 12 preparatory school captains in major sports will enter the institution. This select group is in addition to a host of other athletes, many of whom sparked brightly on prep school teams and will undoubtedly make strong bids for places on Yale's various freshman aggregations.

Phillips Andover heads the list thus far with 13 youngsters who have decided on Yale as their alma mater. Not all of these, of course, are athletes, but included is Charles, the Andover baseball captain; Riley, basketball leader, football player and baseball manager; Ferguson, swimming champion; Lewis, a track star and two other football players. Daley, the football captain, has chosen Harvard, which was not welcome news here and Allen, head of the track team, will go to Princeton.

None of Andover's major sport captains are headed for Yale. McClellan, football leader, has selected Harvard and Princeton captain Van Lengen, captain and pitcher of the baseball nine and a football letter man. The Andover gridiron players going to Yale are Buterworth, Hall, Manning, Moss and Tyndall. In basketball there is Hatcher and Lathrop, former basketball captain, in track, Martin and Water, and in swimming, Tallentire, leader of the track team.

From Hingham Yale expects to get three major sport captains. Moore, track leader in addition to six other letter men in football. Tall school will send down three football stars, among them, Lawrence, a promising punter. Princeton's by agreement will be represented only by Langbehn, a football player. However, it is interesting to observe that Cornell has with Rogers, leader in basketball and track.

Andrew Hill, basketball captain, is headed for New Haven, but Princeton gets the football leader, Gates. Greaton will send three football players in addition to a swimmer. To win 1922 pennant this speaker has already predicted the 1922 pennant to go to Yale. If the Connecticut championship is won by Yale, it will be a repeat of the 1919-20 season. In an interview with W. W. (Tim) Maxwell in Dallas, Texas, he admits that he can't see the Yale team in the American championship and says that the University of California is the favorite.

same at 18.2 ballgame. Mr. Burnham has been practicing on both large and small tables but plans his preliminary work on a five by ten.

Mr. Burnham has for recent years been so far ahead of the fastest billiard player in Hartford that it has been difficult for him to train against real opposition. On Willie Hoppe's various visits to Hartford, Burnham has been selected to be the opponent and has invariably acquitted himself creditably.
