

APPLEBY ADDS NEW TITLE TO HIS LIST

Philadelphia, Feb. 21.—Edgar T. Appleby, New York, national champion, added the international title to his list tonight by defeating Percy N. Collins, Chicago, in the final match of the Cipes A. 1822 billiard tournament.

It was the shortest match of the tournament. Appleby, collecting his total in fourteen innings, his average was 51.4, which also was a record for the present meeting. The New Yorker had high runs of 151, 76 and 24, while Collins' best efforts were 23, 10 and 17. Collins averaged 4-15.

In the afternoon match Ary Roe, of Holliston, defeated J. E. Cope Morton, of Philadelphia, 800 to 233, giving the Hollander the title with two victories. Cope Morton defeated Roe in the first round, but lost to Roe in the second round, having lost all five of his games.

WISZKO'S YOUNGER BROTHER DEFEATED STECHER

New York, Feb. 21.—Wladek Zyzko, younger brother of the world's champion heavyweight wrestler, tonight defeated Joe Stecher, former champion, of Philadelphia, in a fight bout at Madison Square Garden.

The large crowd of spectators, displeased with the result, surged menacingly about the ring. They were dispersed by the police after several minutes of excitement.

The first fall went to Zyzko when Stecher, after taking the Pole to the back with a flying headlock, fell under in attempting to escape from a half Nelson and body hold he relied on for his shoulders. Up to a moment before the fall was awarded him, Zyzko had been fighting a defensive battle. The referee spent several minutes attempting to apply his famous hold but each time his opponent managed to escape.

Stecher took the second fall with an arm and leg hold after fourteen minutes of wrestling. The referee was displeased with the use of rough tactics.

With one fall to the credit of each, the referee went to the mat for the third fall with the spectators keened up for high point of nervous tension. When the referee, after six minutes, 25 seconds, interrupted, announcing that Zyzko had won on a rolling fall, the fans sprang to their feet and shouted demands that the referee be overruled.

In the preliminary "Kid" "Strangler" Lewis, former heavyweight champion, defeated "Chin" Blackie of Columbus, Ohio, with two rolling falls. He won the first in 2 minutes, 30 seconds and the second in 15 minutes, 50 seconds.

Dick Davoutour and John Olin wrestled in a 45 minute bout. The fans sprang to their feet and the referee was displeased with the use of rough tactics.

ATTRACTION HOCKEY CONTESTS PLANNED

Although Harvard clash officially ends Yale schedule, a city title series and battles with crack Boston and New York teams will keep hockey fans occupied for some time to come.

Yale will complete its original hockey schedule of games this week, when the Blue plays Harvard on Saturday night in the New Haven arena.

But the completion of the official schedule will not end the hockey season at the arena, far from it.

After Harvard is beaten for the first time this season, Yale will engage in a series of games with New Haven, and the Yale freshmen to decide which is the best team in New Haven, not that this is much of a great deal to anyone, but there are quite a number of people very much interested in the decision and the players themselves would like to settle the issue. Everyone will be satisfied, excepting Charles Wannamaker. All he will have to do is to select the lineup for all three teams.

While this series is on the crack Westminster team of Boston, rated as the best hockey team in the east, will come here to play the New Haven club, and possibly Yale on the same trip. The Yale management has been in communication with the Westminster management, and the latter team is willing to play here any time after the first of March. They will be brought on. But this is getting away from the story of what is going to happen at the arena this week. Yale will play two games with the New Haven team one, and there will be several intercollegiate league games.

Wednesday afternoon and evening we will have the St. Nicholas team with us, playing the New Haven team in the afternoon and Yale in the evening. Wednesday night the game will be a legal holiday, St. Nicholas it will be remembered, opens the season at Yale and gave the Blue an artistic trimming. Yale expected to be beaten. The idea of playing St. Nicholas was to learn something. Yale is not the only team that has been defeated by the St. Nicholas. The great Westminster team lost its only game of the season thus far to St. Nick. New Haven is very much interested in knowing how much Yale has improved since the opening of the season, and just how the New Haven stands with the St. Nick.

New Haven will have a new player in its lineup Wednesday in the person of Archie Bell, the former Yale goal tender. Because of scholastic conditions Bell is not the Yale team for the remainder of the season, and desiring to play hockey he has joined the New Haven club and will be used at goal Wednesday. Bell in the early part of the season looked like a great goal tender. He fell off in his game and finally was supplanted by Vogel. More than likely Bell will come back and if he plays for New Haven as he did for Yale early in the season New Haven will be greatly strengthened.

The game Wednesday evening between Yale and St. Nick will be a benefit game, all the receipts being turned over to the Baker Memorial rink fund. Baker after leaving Princeton joined the St. Nicholas hockey club and played several years under their colors. Therefore Yale decided that they could do nothing better to help the fund than by donating the receipts of this game, and with the consent of the St. Nicholas players they have notified the committee of their action. While the game itself should be a good one, college football several thousand persons. Yale hopes that the arena will be packed so that the Hobey Baker fund will be materially helped. Hobey Baker was a great athlete, a great college and the greatest hockey player of late years in the world was a hero.

Harvard will be the main attraction on Saturday. This is the first time that a six-man hockey team. They haven't met defeat by either a college or club team. Harvard has played the games with Westminster and Boston Athletic Association, and defeated both of these teams. They beat Dartmouth, the Massachusetts Aggies and a number of other clubs that have played here. The Harvard team is being coached by Ed. Clark, assisted by Ralph Winsor, who is the hockey coach of the Harvard football team. Winsor has coached the Harvard football team for several years and has won several national titles. Winsor has coached the Harvard football team for several years and has won several national titles.

The Crimson has a wonderful team headed by a powerful George Owen. Owen is a team in himself. He is great at any game. Ted Crosby, captain of last year's freshman team, is the assistant manager of the football team. Jimmie of the football team, Sonny Baker, John Marlin and Don Angler, all veterans, and Walker and Clark, two of last year's freshman team, make up the Harvard team. Harvard defeated Yale 6 to 2 in Boston recently, winning after the score was a tie at all.

It should be an excellent and enthusiastic audience out to greet the teams. The seats are reserved for this game. Applications made to the Yale Athletic Association will be filled at once. All applications will be filled in the order they are received.

Next Saturday afternoon during the intermission between the Industrial League game the Sherman and Edgewood school teams will play for the grammar school championship.

The Industrial League are getting down towards the finish. There are a number of postponed games and these will be scheduled as soon as possible. The Canton game has just about annexed the Westminster trophy.

STAFF WON NATIONAL SKATING CHAMPIONSHIP

Iako Planch, N. Y., Feb. 21.—Arthur Staff of Chicago won the international professional skating championship here today, his score in the events which made up the championship contest, totaling 223, Edmund Lamy of Saranac Lake was second with 185 and Bobby McLean of Chicago was third with a score of 150. Everett McGowan of St. Paul and Morris Wood of New York, each had twenty points.

U. OF PENN RECALLED INVITATION TO MEET

Philadelphia, Feb. 21.—The University of Pennsylvania tonight recalled the invitation extended the intercollegiate association of amateur athletes of America to hold its championship meet on Franklin Field May 26 and 27, because of the rebuilding of the field. In order to complete the stadium by next fall, athletic during the market session and this was extended by a liberal fraction after the close of business.

The French note eased slightly from its recent high advance and Italian, but the Belgian rate hardened to the accompaniment of the higher quotations reached by that government's bonds in this market.

Guilders or Dutch exchange, rose about 50 points on reports that the Netherlands government is negotiating a loan of £10 million from the British, Swedish and Norwegian remittance more than recovered their losses of the previous day.

Indications of better trade conditions between the United States and Canada were furnished by the further reduction of the discount on Montreal, which fell to 2 1/2-3/4 per cent. This is the lowest rate of discount reported for the Canadian dollar here in almost three years.

CHICAGO GRAIN MARKET

Chicago, Feb. 21.—Although wheat today scored a new high price record for the season, the market declined most of the time, chiefly on account of a prospective break-up of the drought in the southwest. Closing quotations were unsettled, 1 to 1-5/8 net lower, with May \$1.44 7/8 to 1.45 and July 1.50 1/4 to 1.52 3/4. Corn, mixed 5-8 to 1.40 and oats unchanged to 1.40 1/2 lower. In provisions the outcome was the same as yesterday, 1 to 1/2 down.

General expectation of rains in Kansas and Oklahoma has gone to a big extent for oats was relatively slow, while hogs have been without adequate moisture gave an advantage from the start to sellers of wheat. The fact that tomorrow would be a holiday acted also as a deterrent to realize in the holdings. For the time being, fresh upturns in Liverpool quotations were practically ignored here. About the middle of the season, however, a leading export agent gave publicity to a comprehensive report indicating severe deterioration of the winter crop in the territory from Texas to Nebraska inclusive.

This report brought about a temporary rush of buying that pushed the price to the highest level of the day. A majority of traders nevertheless preferred to avoid the risk of rain and of any unforeseen interruption while business was interrupted tomorrow. Late deals, therefore, were at a material setback from the top prices reached.

Active export call was largely responsible for the corn market making a new high price record for the present crop. One handler said the amounts he could sell were limited only by ability to get the grain loaded. Shipping demand for oats was relatively slow. Provisions advanced with hogs, but reacted later as a result of selling which appeared to be for New York account. Prior to the increased selling,lard had attained the highest prices yet this season.

New London at Local "Y"

The fast New London Independents will be seen in action Friday night at the local "Y. M. C. A. In their lineup will appear such men as Vickery, Day and Griffin, men that are known to basketball fans in this locality. The local "Y" boys have only suffered one defeat this season, which was handed to them by the Sub Base team and expect to take the New London boys into camp.

Wanderers to Play All Collegians

Mr. Collins, manager of the Baltic Wanderers is very much disappointed because he could not get Noank to play in Baltic tonight (Wednesday). He has succeeded in getting the All Collegians to play here tonight.

This game promises to be a very interesting one and at basketball fans are requested to be present to witness this game. The game will start at 8 o'clock sharp.

WINDHAM DEFEATED MANCHESTER IN CLOSE GAME  
In the most warmly contested game of the season the Windham High school basketball team defeated Manchester High school Tuesday evening at the Windham High school gym. At the end of the regular 20 minute period the score stood 20 to 18, and in five minutes overtime period Windham won by two baskets. Windham received a rather severe defeat in the first half, losing 10 to 14, but in the second half they showed their true strength, beating Jack Frost and getting garden operations in motion before the open season for plants. These suggestions are of equal value to those who desire to lengthen the growing season or produce vegetables for market.

BEATING JACK FROST  
To those who enter the game of gardening and covet the honor of having the first ripe vegetables, garden specialists offer some suggestions for beating Jack Frost and getting garden operations in motion before the open season for plants. These suggestions are of equal value to those who desire to lengthen the growing season or produce vegetables for market.

FERTILIZERS IN CONNECTICUT  
The Connecticut farmer bought 65,000 tons of fertilizer in 1921, 17 per cent more than in 1920. In 1921, he will spend between two and three million dollars for fertilizers. A saving of ten dollars a ton will mean more than \$600,000. On New England's 1919 consumption of 23,000 tons, such a saving would represent a total of \$200,000.

BUTTER MAKING  
If good butter is to be the result, it is of the utmost importance that the butter grains be not too big before the washing water is put on them. It will be noticed that when the butter is churned into a lump before it is washed with water, it will come away almost clear, while when working the butter some of the buttermilk will be taken to come out of the butter. This is due to the washing water having been unable to penetrate the butter. Such butter as this will possess poor keeping qualities and will quickly become rancid. Brining is preferable to dry salting at any rate. In hot weather, as it hardens the butter grains, and renders them much more easily worked. Working should be neither overdone nor done too little. Overworked butter will lose its color. Butter which is left toward the light, which have been long in milk tanks considerably more time to churn than from those which are freshly calved.

EVERY FARM SHOULD HAVE ASPARAGUS BED  
There should be an asparagus bed on every farm. It is one of the most profitable crops that can be put in the ground, and is unique in its standing with other vegetables in that a bed once planted and cared for will last a lifetime. It is one of the best, most delicious and surest products of the garden. There is but one other vegetable growth which brings

AGRICULTURAL INTERESTS  
authorities should be consulted. These are not always within easy reach. Among the necessary points to be considered in a good soil are exclusion of air so that the moisture of the silage may be retained; strength in the walls, so as to resist the pressure of the silage as it settles; smoothness and jointlessness in the walls so that the silage may settle freely and the formation of air pockets be prevented; strength sufficient to resist high winds when empty; durability in order to resist any action of the weather; and the silage may settle freely and the formation of air pockets be prevented; strength sufficient to resist high winds when empty; durability in order to resist any action of the weather.

MINARD'S RHEUMATIC PAIN LINIMENT  
Rub It In  
Also for pleurisy, pains in the chest, side or back, neuralgia, inflammation, muscular rheumatism, bruises, swellings, frost bites, chilblains, stiff joints and muscles. The favorite family liniment for over 65 years.

To Connecticut Investors:

In view of the action of the District Attorney of New York aimed at the suppression of dealers in securities whose methods are not in accord with the standards imposed by the regulations of reputable stock exchanges, the Governing Committee of the Hartford Stock Exchange takes this occasion to publish the fact that the members of

The Hartford Stock Exchange

comprising individuals or partners in firms doing business in Hartford, offer directly, or through responsible correspondents with whom they maintain private wire connections, facilities for the purchase or sale of any marketable security in any reputable security market in the United States or Canada.

The constitution of the Hartford Stock Exchange which limits the membership of that organization to twenty, provides for thorough inquiry by the Governing Committee concerning the ethical standards and financial responsibility of all applicants for membership with a view to insuring, as far as possible, to clients immunity from loss as a result of insufficient financial responsibility or violations of just and equitable principles of business conduct on the part of its members with whom they may have transactions.

The Governing Committee invites for adjudication the particulars of any misunderstanding which might arise out of transactions with members of this exchange.
