

Giant Players Handed Unexpected Present

Dallas, Texas, March 20.—An unexpected present was sent to the world series emblems, which Baseball Commissioner K. M. Landis presented to the members of the New York National League baseball club today in the form of a check for each member. It is each player's own money, but a slice he did not expect to see. When the world series was played last year, one player was hit by the National Commission in the belief that non-residents had to pay the New York state income tax. It has since been discovered that this is not necessary. The money therefore was paid to the players. It amounted approximately to \$50 per man.

Even quality merchandise is ineffectually displayed in surroundings which fail to harmonize. A store's character, and that of its stock, is read in its physical appearance, inside and out. Dependable stores are proud of the better impressions they create; they believe no homes are too good for good goods.

from the Boston American club's training camp at Hos Springs said. Pete Johnson, the Berkshire southpaw of Shelton who achieved a big record pitching for the Connecticut Aggies last year, has been signed up to twirl for the Hartford team of the Eastern League. Johnson will report on April 10. The big southpaw was the sensation when he pitched the Aggies to 19 victories while his no hit, no run win over Trinity established his reputation as a boxman. Johnson is an ex-service man and recently walked to Florida and returned with another ex-service man.

Cleveland's second Grand Circuit meeting in August promises to exceed the earlier one in July this year. Three colt races for stakes aggregating \$25,000 are on the programme, together with purses of \$5,000 each for 2-08 trotters and \$16 trotters, and a sweepstakes with \$5,000 added for trotters of the 2:06 class.

It is estimated that 15,000 trotters and pacers are now in training for the harness racing season of 1922 in the United States and Canada. Although they will have a race for about one-half the total amount hung up for the runners, and without betting on more than perhaps five per cent of the 1,000 or more tracks, the number of harness horses in training is about twice as large as the total of thoroughbreds.

C. Stewart Richmond of Chatham, N. J. joins the selected group of Williams College athletes who enjoy the distinction of having won their varsity "W" in three branches of sport. His letter was earned as a member of the relay team which represented the college this last year.

The new record was hung up by Loren Murchison of the I. A. C. who stepped the 60 yard dash in 6 1/2. This is one-fifth of a second faster than the previous mark.

Outfielder Bob Kinsella of the Indianapolis team, who got an early start on his mates by working out with the New York Giants at San Antonio, has quit the McGraw camp to report to Jack Hendricks, though carried on the Indianapolis reserve list Kinsella is a sort of ex-officio member of McGraw's squad held back until an opening develops for him in the Giants' outfield.

Connie Mack may add a Chinaman to his gay Athletics. Chuck Fonn, son of a Chinese restaurant owner in Eagle Pass, has been working out with the A's this spring and hopes to develop into a real big leaguer. At present he's only of high school age, but even as a kid he is said to show a lot of ability. Fonn's father is reputed to be a very rich man, but his son would give all his father's dough just to be a big league ball player.

One of the Big Ten conference baseball teams which will not be seen in action in the Middle West this spring is the Indiana University nine which leaves March 25 for a two month tour of Japan. Coach George W. Lewis, and Dean C. E. Edmondson, faculty representative, Waseda University stand all expenses of the long Oriental trip amounting to \$15,000.

The radio craze and development has been immediately capitalized by the American Telephone and Telegraph Co. which occurred in Vienna, where two Americans almost ruined a big pool room by last minute bets, on long shots. On the third try the owner had them arrested. They confessed that they were getting "first past the post" from a confederate at the tracks via radio. Their information beat the official racing telegraph results by some time.

FINANCIAL AND COMMERCIAL

SATURDAY'S MARKET New York, March 20.—Investment shares were dull at nominal changes, but a few selected issues registered material gains, in today's brief session of the stock market.

Woodworth was in the spectacular feature, jumping 11 points and closing at a gain of 10 on reports that the directors were considering declaration of a re-valuation of a large stock dividend.

Kroger, Tidwell, and J. C. Holt and his Steel were among the other comparatively obscure stocks to show marked strength, averaging two point gains.

Steels as a group, failed to fulfill recent expectations of higher quotations, except British heavy iron and steel, and the foreign exchange market was confused.

Equipment, motors and oils also eased partly on week-end realising. The noteworthy movement among stocks was the strength of Missouri Kansas & Texas preferred and another setback in Am. Amer common and preferred. Sales amounted to \$37,000 shares.

The foreign exchange market was confused, but British and allied rates continued to react. Dutch bills hardened and German marks held their nominal recovery from the mid-week collapse.

Changes in the weekly statement of the clearing house were unusually narrow, actual losses and discounts contracted by about \$1,000,000, with a decrease of slightly less than \$1,000,000 in cash holdings. The one item to show pronounced change was not net demand deposits, their decrease of \$57,700,000 more than offsetting the previous week's gain.
