"Every Picture Tells a Story"

Then Look to Your Kidneys! This is a Common Condition in April and is Often Due to Weakened Kidneys.

DOES early Spring find you utterly miserable with an aching back? Do you get up lame and stiff—lag through the day feeling tired, weak, nervous and depressed? Isn't it time, then, you found out why you are so run-down—why you are so unable to enjoy the first fine days of spring?

There is some good reason for your condition and more than likely it's weakened kidneys. Winter, you know, is mighty hard on the kidneys. Colds and chills, a heavier diet with less exercise, and less elimination through the skin, all throw a

heavy burden on the kidneys. The kidneys fall behind and poisons accumulate. It's little wonder, then, that spring finds you with torturing backaches, rheumatic pains, headaches, dizziness and annoying bladder irregularities.

But don't be discouraged! Simply realize that your kidneys have fallen behind and give them the help they need. Use Doan's Kidney Pills, lighten the diet a bit, drink water freely and get plenty of outdoor exercise. Doan's have helped thousands and should help you. Ask your neighbor!

"Use Doan's," Say These Norwich Folks:

Geo. Conrad, motorman, 211 Palmer St., says: "I have attacks of lumbago caused by the constant jarring of the car. Mornings my back is lame and sore so I can hardly get out of bed. I have severe pains that feel as sharp as a needle cutting through my kidneys. I have dizzy spells. A friend advised Doan's Kidney Pills. They have always cured such attacks and I wouldn't be without them."

Mrs. W. H. Gorton, 39 Washington St., says: "At times I have been subject to backaches. At night when I was laying in bed I was troubled with backache just over my kidneys and I couldn't sleep. I couldn't seem to get in a position that would relieve me. Mornings I was tired and worn out. Doan's Kidney Pills from the Rogers Drug Store relieved me. I was able to resume my usual work and my back and kidneys in good condition."
