How You Can Remove Every Trace of Hair

(Toilet Talks) A stiff paste made with some powdered detolone and water and spread on a hairy surface about 2 minutes will, when removed, take every trace of hair with it. The skin should then be washed to free it from the remaining detolone. No harm can result from this treatment, but be sure it is detolone you get and you will not be disappointed. Mix fresh as wanted.

AT THE DAVIS THEATRE. Shuffle Along. Jim Town in Disdain shows the locale for Shuffle Along, a musical melange with an all-colored cast of characters, that was presented at matinee and evening performances Wednesday at the Davis theatre. The company carried its own orchestra that made its music full of pep and jazz; one of the features of the production, while the silver comedy work sent the audience into roars of laughter. Lew Payton made the individual bit of the evening as the successful candidate for mayor of Jim Town and Marjorie Sippy's pleasing soprano voice made her roles a feature, especially in "Wild About Harry," where she played a male relative's chorde and was recalled again and again for encores. An ecstatic soft shoe dance that was one of the best ever seen at the theatre was given by Thomas Wood and a solo specialty by Charles Lacy. Flowers brought down the house. There was also a male quartette number that was given with fine effect.

The show was well staged for its two acts which included three scenes in the first and five in the second.

Straw Ride and Dance. A straw ride and dance staged by Wm. H. Loy for his Monday night dancing class was held this week. All the members of the class were present. A slide to Lebanon was very pleasant. Dancing was enjoyed until midnight and refreshments were served.
