He was at St. Luke hospital, Ottawa, Canada and had been a patient at that Canadian hospital since Nov. 1920, after undergoing a serious operation which was necessary from wounds received while on the firing line. William J. Brown was working in California when the war broke out and enlisted with the Canadian forces in June, 1917. An abdominal operation was necessary, but his relatives expected he would recover. The first news of his serious condition came in a telegram from the hospital and when they received word of his death. When the young man lived in Westchester he was employed by Dr. J. J. de Vera Barber, an chauffeur. Besides his parents he is survived by his brothers, Arnold of Westbury and Steven, of Holyoke, Mass., and three sisters, Mrs. Alberta Hill, of New Jersey; Mrs. E. H. The man was given every possible attention in the emergency room at the plant and Dr. D. P. F. was called to the scene and rushed him to the hospital. Dr. M. H. Shannon, medical examiner was sent for and an examination of the man's body showed that the left arm had been torn off at the shoulder and the right arm was broken about the elbow. Mr. Crowthers was the son of William and Mary Crowthers and was born in Manchester, England. He was a widower. He had been employed at the plant about six years. He leaves a son, Ernest Crowthers, who is employed at Potter Hill, a daughter, Mrs. Robert Stewart of Long Point, and a wife, Mrs. Robert Crowthers, employed at the Bradford dye plant, three grandchildren also survive him.

ARE YOU THIN AND SCRAWNY?

The Bones of the Body Were Not Intended to Show. Cover Them With Flesh.

Nobody wants to be called "fat," but even fat people are better off than those unfortunate who are so painfully thin that they have that "scrawny" look. Especially is this true of women. The rounded figure is the figure of health and beauty. If you are too thin you can add solid firm flesh by taking Guide's Pepto-Mangan with your meals for a few weeks. It will put you in better health and Nature will restore you to your normal weight. Pepto-Mangan itself does not add weight but it does build up health. You won't be thin and scrawny if you are well. Get it of your druggist. He sells it in both liquid and tablet form. Advertisement.
