Litman; Rise of Jennie McNeil, Dorothy W. Sullivan; music, Aimee M. Main; b. Good Bye, My Lover, Good Bye, Boys' Glee club.

The judges were Herman F. Driggs, Mayor Whipple and Markie Smith. Other events of graduation week include the following: Tuesday, June 27, 8:15 p. m., class day exercises, high school hall. Wednesday, June 28, 8 p. m., graduation town hall; 8:15 p. m., senior reception high school hall.

The speaker at graduation exercises will be Dean Otto B. Randall. The heavy wind and thunder storm which have prevailed here for the past two days and nights with a heavy down-pour of rain, demoralized trolley and electric light service for a few hours here Sunday. A heavy gale swept through here Sunday morning, taking down big branches of trees and was followed by another shower Sunday night and early Monday morning. There were no lights on from 12 o'clock at night. Sunday night until morning broke. The demoralizing of the trolley and electric light service was due to a fire in the Eastern Connecticut Power company being down between Hillville and Montville. There was also trouble at the Narragansett Electric Lighting company plant which supplies lighting power to Westerly, Stonington and Mystic. The men were working on the wires for both the electric and trolley companies on Monday and everything was in working order Monday night.

Saturday afternoon the fire warden of the Pawtucket fire district, C. J. Norris, Albert G. Martin and E. W. Taylor looked over conditions on the bridge on the West Side and it was noted that the business section was quite free from debris and rubbish, although in some cases wooden boxes were found piled high against wooden structures. It is said there were several cases where the board of health should make investigations.

The sewerage which flows back into the back yards is most offensive in some cases and should have proper attention and the menace be stopped. This inspection was made prior to the 4th of July celebration to ascertain the conditions existing on the West Side, in order to minimize the chances of fire being caused in paper and rubbish being left about behind buildings.

Saturday night was a busy one for the police. Four men who had imbibed in intoxicants were brought to headquarters and Sunday morning another one was added to the list making five in all. The latter asked to be housed here until he was in condition to appear before the public. This was a Saturday night similar in license times.

There was quite a scene when a man who gave his name as Joseph Meir of Wood River Junction, created a disturbance at a local store and caused a large crowd to gather. He was arrested. Al-

bert Perry of Shannock and Charles Cay-covover were arrested by Officer Michael Curran and Officer Fred Mitchell took Curran Earl to the station where they were brought before Judge Oliver Williams of the Third district court Sunday evening. All pleaded guilty and were fined.

The 34th Field Artillery company which is bilking from Providence to Charleston had trouble early Monday morning when horses numbering 106. The thunder and lightning caused havoc among them and when a bolt of lightning struck near the camp for the horses stampeded and were soon on the run toward Westerly. One handsome animal ran into the Paige sedan owned and driven by Joseph Pickering on Granite street yesterday and broken his shoulder. The beautiful animal had to be killed. Dr. T. E. Robinson shot the animal. About 14 were picked up at different places on the road and up to noon Sunday the men were on the Shore Road. A delicious dinner was served at 9 o'clock to their lost horses. Twenty of the animals were found Monday afternoon about 4 o'clock and the men went back with these. The trouble started about 2:30 when the storm was raging Monday morning. The Paige car was injured, but Mr. Pickering escaped with a shaking up.

On Friday between Groton and Westerly there were 24 state police paroling the state highway and many motorists were stopped by them and reprimanded for abusing the motor vehicle laws.

Miss Helen Papalia, daughter of Mr. and Mrs. Michael Papalia, of High street, has been awarded the highest honors at the Rhode Island college at Providence. She was valedictorian of her class.

The members of the Westerly board of trade held their annual banquet at the Ocean House, Watch Hill on Sunday evening. A delicious dinner was served at 8 o'clock to the members and their guests. Toasts were offered by the different members and Dr. Vincent E. Tomlinson, president of the Worcester board of aldermen of Worcester, Mass., delivered an address. Robert Burnier of Boston with his entertainers furnished the evening's entertainment which was of high order. All who attended stated that this banquet surpassed all other affairs thus far held. The chairman of the board of trade introduced the speakers of the evening and Dr. Tomlinson responded in a most fitting manner.

The supreme court of Rhode Island has handed down a decision regarding a piece of highway on the Shore road. The state of Rhode Island brought a bill of complaint against the Frank W. Coy Real Estate company asking for a permanent injunction to prevent the respondents from interfering with public travel upon the road. This portion of the road was built by the state through the farm land of the Frank W. Coy Real Estate company of Westerly and there has been much litigation for the past ten years over public use of the road.

The first annual affair of the Sons and Daughters of Liberty was held Friday evening in Caledonian hall. The hall was handsomely decorated for the occasion with bunting, flags and balloons. Harry Stead of Westerly entertained the members in a most delightful manner in rendering a solo, as also did Mrs. Annie Allen. Frank Medberry of Providence gave an interesting talk of the order as it is today. The members' horripole dance by Harry Stead made a decided hit. The entertainment committee served wafers, ice cream and punch. Dancing was enjoyed during the evening.

A man was killed Sunday when an automobile from the company at Nonesuch Hill. The car overturned while passing another machine. The automobile owned and driven by Frank Levesque, alias Bishop, of Wyoming sld up hill on its side along the "Nonesuch road" for about 50 feet before it came to a stop. Andre J. Laferriere of 42 Pleasant street, Anthony, was instantly killed and the other occupants of the car were injured. The car was also of Stone street, were injured, the former seriously. The driver was found wandering aimlessly about and taken back where the accident happened. Nonesuch Hill lies between Westerly and Providence, only a short distance from Hope Valley, and is largely used by motorists. A sharp curve at the bottom of a steep hill makes it most dangerous point. The driver was turned over to Sergeant Andrews and brought before Judge Herbert. He pleaded not guilty to a charge of manslaughter and was held under \$2,000 bonds for trial. The accident occurred near the John Howard place about 1 o'clock Sunday afternoon. Levesque was attempting to pass a car owned by Ernest S. Meld of Willow street, Providence, and driven by his son, Ernest Jr. Witnesses who saw the accident stated he was going at a rate of 45 miles an hour. The Levesque machine lurched to one side and hit the other machine which was on the extreme right, and overturned. Levesque jumped just before the car overturned and escaped with bruises and cuts. Musack is in the Rhode Island hospital, where he was taken by the Sanitary corps ambulance of Westerly, suffering from ribs and head injuries. It is thought he will recover. In the mixup the driver, Levesque, was cut on the back of the head. He explained later he was dazed and he went to get help from the other side of his car and summoned help. Dr. Benjamin F. Tefft gave medical attention to both Musack and Laferriere. The dead man was the son of Odelle and the late Jeremiah Laferriere of Anthony. He was married about two months ago to Miss Ann Boutin. He is survived by his widow, his mother and five sisters. He was well known in Westerly, where he was a frequent visitor.

Mr. and Mrs. R. Imis of Providence will have the Russells cottage at Watch Hill this season.

Mr. and Mrs. George W. Tapeley and family of Springfield, Mass., have arrived at Watch Hill for the summer.

Mrs. Mary A. Bromley of Old Mystic was a caller here Monday.

George H. Champlin of the Westerly police force has been stationed at Watch Hill for the season.

F. J. Connors and wife of Lester avenue are to spend Wednesday in New Britain as the guests of friends there.

James H. Shea nearly lost two fingers while sawing wood in his yard on Palmer avenue. Jim says it wasn't the saw that did it, but was the peculiar way the hand was caught by the big stick, when the rapidly moving saw struck a knot.

Now and then local bird lovers have an opportunity to see the black and white creeping warbler. He is the Middlebury variety of the bird books, and when one was seen Monday on the trunk of one of the big pines on East Main street, he was easily recognized on account of his conspicuous markings. Mr. McIntire is one of the most clever of all the local tree acrobats, hanging under a limb or creeping down the trunk head first is all the same to him. Few of the collections of years ago ever showed this creeper's handsome egg, white, speckled and spotted with cinnamon brown in a wreath at the larger end. It was a fine addition to our collection, lined with rootlets or long hairs, hidden on the ground near some old

stump, was hard to find thirty years ago, and is now.

The correct answer to Mr. Edison's question:

"What is Grape-Nuts made of?"

Answered by the makers of Grape-Nuts

THIS is one of a number of questions which Mr. Edison is putting to applicants for an important position in his organization. We are happy to learn the interest shown in the food, Grape-Nuts, by a man of such broad attainments as Mr. Edison.

There has never been any secret about what Grape-Nuts is made of. It has been on the market for 24 years, and practically everybody knows its composition.

But inasmuch as such a simple, everyday question as "When did Columbus discover America?" is often incorrectly answered, it may be well to take this opportunity to restate the following facts about Grape-Nuts:

Grape-Nuts is a highly nourishing cereal food, made from a mixture of whole wheat flour, malted barley, salt and water. The mixture is raised by yeast, baked in loaves, then sliced, further baked, and then crushed into granules.

No food in the world is so thoroughly baked as Grape-Nuts. More than 20 hours are consumed in the various baking processes.

As every diet expert knows, this long baking brings about conversion of the carbohydrate elements, developing dextrin, maltose and dextrose or grape-sugar—a form of sugar to which all starch elements must be changed before they can be assimilated by the system.

Grape-Nuts when eaten does not form a pasty mass difficult to digest—the 20-hours baking makes this delicious food easily digested by even those with the most delicate stomachs; and the character of the food requires thorough mastication.

Grape-Nuts is a well-balanced food for building bone, tooth and nerve structure. When combined with cream or milk, it is admittedly a complete food.

You will find Grape-Nuts everywhere. At your grocer's, your club, your hotel, your restaurant.

In America, where you don't find Grape-Nuts you won't find people.

STOMACH TROUBLES CAUSE LACK OF PEP AND DANGEROUS GAS

Engler's Broadway Pharmacy Has Wonder Capsules Which Promptly Relieve and Prevent Dyspepsia, Indigestion and Constipation

If you are too fat or too thin—if you lack that desirable American quality known as "pep" and "go"—if you have annoying, dangerous gas the chances are there is something wrong with your digestion. Dyspepsia, indigestion and kindred ailments of the stomach and digestive tract are prevalent among American people because we eat fast and at irregular times. Strong, vigorous people are able to stand the strain for a time, but sooner or later the digestive organs rebel. They cannot stand overeating and the abuse of irregular meals and all sorts of cooking indefinitely.

Undigested Food Poisons The secretive functions of the stomach become impaired. The digestive fluids become weak and sparse, when they should be strong and abundant to accomplish their work. This results in the food not only becoming unfit for assimilation, but often decomposing in the stomach and poisoning the whole system. Gas is formed, producing a dull, heavy feeling with headache, coated tongue, nausea, feid breath, heartburn, distension, flatulence, biliousness and many other forms of stomach disturbances, which quickly become chronic.

One Capsule Digests 5,000 Grains Jaques' Little Wonder Capsules save your stomach. They contain a number of reliable and standard medicines acknowledged by authorities to be correctives in certain gastric and intestinal disturbances. One capsule will aid in digesting 5,000 grains of food. Jaques' Little Wonder Capsules relieve disorders of the stomach and digestive tract, quickly correcting the evil in mild and acute cases and gradually relieving chronic and obstinate cases. Some of the reasons has been said chemically on the food, aiding digestion and obviating the many disturbances caused by gas; others stimulate the secreting glands and tone up the stomach; still others act as a mild laxative.

Capsules Superior to Pills Jaques' Little Wonder Capsules provide the quickest and easiest form for relieving indigestion and dyspepsia. Authorities state that the capsule forms a valuable protective carrier for medicines and is far superior to pills or tablets which often become so hard that they cannot be readily assimilated in the stomach and frequently do not dissolve at all, passing solidly through the stomach and bowels. This very gelatin which forms Jaques' Little Wonder Capsules dissolves within one or two minutes after it enters the stomach. This at once releases the

medicine to do its effective work. There is no fuss or bother. You simply take one or two capsules and two or three swallows of water.

Satisfaction Guaranteed. A single capsule usually gives beneficial results. It goes directly to the spot. If taken directly after eating, one capsule will often prevent an attack of indigestion. If taken regularly after each meal for a period of six to ten days such great relief is given that even the most confirmed dyspepsias have been thoroughly convinced of their value.

Jaques' Little Wonder Capsules are sold under a strict guarantee to return the money to anyone who is not satisfied after giving them a trial.

Presiding Elder's Testimony Rev. Dr. Thomas G. Thompson, former presiding elder of the Methodist Episcopal church, writing from Johnston, N. Y., August 12, 1921, says: "I have used Jaques' Little Wonder Capsules as needed for more than twelve years and have always found them beneficial and helpful. They have proven themselves able to give immediate relief when my digestive apparatus for some reason has been thrown out of gear and does not function properly. As I find them easy to take, promptly helpful and so far as I can judge in no sense a habit-forming tonic, I try to keep a small supply ready for use, as they may be needed. I highly recommend them."

If you suffer from indigestion, dyspepsia or constipation get Jaques' Little Wonder Capsules today and begin at once to get the results of the renowned vigor that comes with perfect digestion.
