

The Bulletin

Norwich, Saturday, July 8, 1934.

THE WEATHER

The temperature was higher Friday in the lower lake region and the Atlantic states.

The indications are for local showers Saturday and Sunday. The temperature will be somewhat lower in the Middle Atlantic and North Atlantic states Saturday and Sunday night.

North of Sandy Hook and Sandy Hook to Hatteras: Fresh to strong southwest and weather mostly overcast and probably showers Saturday.

Forecast Southern New England: Showers and probably thunder storms Saturday; Sunday fair and cooler.

Observations in Norwich The Bulletin's observations show the following changes in temperature and the barometric changes Friday:

Table with 2 columns: Time (7 a.m., 12 m., 5 p.m., Highest, Lowest) and Temperature (Ther. Bar., 78.9, 75.0, 68.0, 78.0, 65.0)

Comparisons Prediction for Friday: Fair. Friday's weather: Fair, southwest wind.

SUN, MOON AND TIDES

Table with 2 columns: Day (Sun, Mon) and Time (Sun, High, Low, Moon)

Six hours after high water it is low water, which is followed by flood tide.

TAFTVILLE

The film "A Big Day in Taftville" was shown at the local theatre Thursday and Friday evening for the benefit of the Taftville Athletic association.

The Taftville Pineapple club met Thursday evening in the office of Gen. T. Grant. The report of the secretary and treasurer was read and accepted.

Simon Ermakoff of South B street has been a recent guest of relatives in Ansonia, Conn.

Miss Rosa A. Morris of Norwich avenue is spending a few days with relatives in Bridgeport, Me.

E. C. Erickson of New London was a recent visitor at the home of Mr. and Mrs. John Monty of Riverside Grove.

Miss Florence Ordway of Orange, N. L. is visiting her parents, Mr. and Mrs. Lloyd H. Ordway of the Penonah House.

Every incoming mail brings volumes of letters and postcards from the local boys who are with Battery B at Camp Dixie, N. J.

Alfred Braswell of Merchants avenue has accepted a position in New Bedford, Mass.

Miss Clarence Nagle of Providence, R. I. is at the Penonah House for a few days.

Alton Stevens of Bridgeport, Conn. was a business caller in town Friday.

Signs put up Friday showed a change in the names of a number of streets in the South End district.

ATTORNEYS ARE READY FOR ARGUMENTS IN CONTEST LEE INVOICES SUIT

Arguing in the contested Lee divorce case are to be made in the superior court at New London before Judge James H. Webb this (Saturday) morning.

Dr. Allen Ross Biedendorf of New Haven, alienist and nerve specialist, who testified for Dr. Lee Friday morning in court, explained the effects of excessive cigarette smoking and the use of habit-forming drugs upon the physical and mental systems in the trial of the contested divorce case.

Dr. Max Mallhouse of New Haven, also a noted alienist and nerve specialist, gave testimony for the plaintiff, giving the opinion that Mrs. Lee was normal physically and mentally and that she was not addicted to drug habits.

Dr. Biedendorf testified that he attended Mrs. Lee at the home of her mother, Mrs. Corneilia K. Palmer, in Bridge Street in New London, several months ago and also examined her in his office in New Haven in August, 1931.

Dr. Biedendorf also testified to having received a letter from Dr. Lee in November, 1930, giving the history of a woman whose name was concealed and who was referred to as Mrs. A. He did not know who the woman was until about a month afterward.

Dr. Biedendorf also testified to having seen Mrs. Lee at the hearing before Judge Allen H. Brown last fall for the custody of Baby Lee and to having observed her incidentally in the courtroom and on the witness stand and that at that time her appearance was sallow, yellowish, poorly nourished, thin, and that she had a nervous, anxious, and tearful expression.

STATE MANUFACTURING FIRMS INCREASED 13.7 PER CENT

Connecticut manufacturing establishments numbered 1,199 in 1933, an increase of 13.7 per cent over the 1,051 in 1932.

The number of people engaged in manufacturing increased from 254,499 in 1932 to 288,923 in 1933, a gain of 31.8 per cent.

The cost of materials advanced from \$285,510,856 in 1932 to \$468,937,139 in 1933, an increase of 64.3 per cent.

The biggest percentage of increase in 1933 was in the iron and steel industry, which went from 17,141,615 in 1932 to 24,449,915 in 1933.

The importance and growth of Connecticut manufacturing is thus commented on in the census bureau's report.

The census bureau's report states that the cost of materials and value of products from 1932 to 1933 are largely due to the changes in industrial conditions brought about by the world war and, therefore, cannot properly be used to measure the growth of manufacturing during the census period 1934-1935.

CRAWLED TO SAFETY IN NEW YORK SUBWAY FIRE

Harold W. Carpenter, son of Mr. and Mrs. Oscar W. Carpenter of this city, was in the subway accident in New York Thursday when 150 passengers of the two subway trains were overcome by smoke and three killed, when a subway train caught fire on Lexington avenue.

Mr. Carpenter, who was in New York on a business trip stated that the experience was a trying one. He was on the second train of 21 cars and had to crawl through the cars of his train and through the 14 on the second train before he could find an exit.

Mr. Carpenter said that at that time he did not fully realize his dangerous position but it came upon him after he had gained the street and saw people stretched out on the sidewalks and ambulances carrying off the more seriously injured.

Mr. Carpenter said that at that time he did not fully realize his dangerous position but it came upon him after he had gained the street and saw people stretched out on the sidewalks and ambulances carrying off the more seriously injured.

POETRY

THE BROAD-CART-AWAYS. My terms may be a trifle wrong. (Excuse it, please, my mind's at sea!)

We heaved the sails and weighed the lead. (I fear my mind is far at sea!)

Then all at once the mizzen spoke. (More mind is all we have at sea!)

Thought I was home on land—no joke— And Bill's wife's voice came out of smoke. (To ho, for life of sailor!)

On mercy me! From out the crew (I fear my mind is far at sea!)

We heard a lecture on The Cow. (A hand piped up on weather now, our ship was once again at sea!)

From Alan, Wren in his grip. (So you, the crew and sink the ship!)

So you, the crew and sink the ship! (To ho, for life of sailor!)

We tuned to meters 3-5-0. (The music never leaves the sea!)

And sought for peace in depths below. (And did we find it? Mercy, no!)

In letters of lightning, you know. (To ho, for life of sailor!)

—Blanche Elizabeth Wade, in New York Times.

THE GREATEST WOMEN. Where's the woman who never leaves the sea? Worthy of greater fame? To whom shall we pay the honor, with high praise?

They have battled all the battle. In the age-old, world-old strife. Who's bravely spent in service? They have loved no selfish gain.

On earth shall they be nameless. But on God's roll of fame. Methinks their names are written In letters of lightning, you know. —Lenna W. Brown in Kansas City Times.

THE GREATEST WOMEN. Where's the woman who never leaves the sea? Worthy of greater fame? To whom shall we pay the honor, with high praise?
