DANIELSON

Miss Ellen F. Darbb announced Friday morning that there is to be a meeting of the Woman's Republican club of Killings at the home of Mrs. F. O. Armitage Monday evening.

Yoked with the prospect of eviction from homes of the Aldrich Manufacturing company at Moomup, several families have evaded that happening by the return of working members of the family to their regular employment in the mill.

At this week end the mill company has shown a greater gain in the number of work than at any time since the inception of the strike. This does not mean that the strike has been definitely broken, for several hundred strikers still remain away from work.

The chamber of commerce has been discussing a suggestion that the borough of Danielson buy its electricity and re-distribute it to patrons, as is done in the borough of Jewett City.

After Tuesday of next week, when the bids of all interested contractors will have been received, it is expected, an announcement may be looked for relative to awarding a contract for the construction of the addition to the Westfield Congregational church to provide parish house quarters.

Residents along sections of streets where sewers are to be installed are hopeful that the work will be undertaken sufficiently early to permit completion of the work and of making the necessary connections with homes before any amount of frost gets into the ground.
