STOCK MARKET STRONG

New York, Oct. 20.—Convincing evidence that the recent reaction in the stock market was a purely technical one and not influenced to any great extent by the fall of the Lloyd George ministry was given in today's session...

BOND MARKET

New York, Oct. 20.—Conflicting price movements again took place in today's bond market, foreign issues generally exhibiting a reactionary trend while issues were inclined to improve.

FRIDAY, Oct. 27, at 10 o'clock a. m. we will sell for De Forrest Wells at his farm known as the Weaver place, in so-called East Brooklyn, about five minutes' drive from Danielson depot via Brooklyn state highway.

Mr. Wells will dispose of his entire farm equipment for the high dollar, including a fine line of modern tools, wagons, crops, horses, cows, poultry, etc.

WITTER BROS., AUCTIONEERS, Office and Salesrooms, No. 45 Main Street, Danielson, Conn.

Mexican Petroleum gave another sensational performance, closing at a net gain of 13 points. Standard Oil of New Jersey also was quite active, but its net gain was only 1 point.

Reading a \$50 par stock, which was pushed up to \$51-1/2, a net gain of 1-3/4 points, was the outstanding share in the railroad group.

A seemingly professional drive against Standard Oil, sent it to 122 3/8, a new low on the movement, but good buying support set in and the stock bounded up to 120 3/4 for a net loss of 1-1/4.

A heavy in copper shares resulted in some moderate gains in that group. American Smelting, Anaconda and Kennecott all improving 1/2 point or more.

Total sales were 1,103,000 shares. Call money remained unchanged at 4-1/2 per cent. throughout the session.

There are plenty of funds available at 5 per cent. for 3 and 6 months maturities, with 60 day loans commanding 4-2/4.

Improvement in general business is expected to result in a hardening of rates for commercial paper, best names now commanding 4-1/2 per cent.

Demand sterling receipts from yesterday's heaviness despite a rather acceptable offering of bills against cotton shipments.

With the exception of sterling, all quotations are in cents per unit of foreign currency:

Table with columns: Sterling, Yesterday, Today. Includes entries for Demand, Cable, France, Guilders, Marks, Swiss francs, Pweta, Kronen, Sweden, Denmark, Norway, Greece, Argentina, Brazil.

MONETARY

New York, Oct. 20.—Call money easier; high 4-1/2; low 4-1/4; ruling rate 4-1/2; closing bid 4-1/2; offered at 5; last loan 4-1/2; call loans against acceptances 4-1/2.

COTTON

New York, Oct. 20.—Copper dull, electrolytic spot and futures 13 7/8 @ 14; iron steady, prices unchanged; lead steady, spot 4.50 @ 4.75; silver firm, East St. Louis spot and nearby delivery 4.85; antimony, spot 6.75 @ 7.00.

CHICAGO GRAIN MARKET

Chicago, Oct. 20.—Wheat averaged higher in price today helped by indications of moderate export and milling demand, a circumstance which more than counterbalanced the unsettling effect of much unduly of spreads between December delivery and May.

Chicago Grain Market.

Table with columns: Wheat, Dec, May, July; Corn, Dec, May, July; Oats, Dec, May, July.

CLARK'S CORNER

Allen Jewett continues to gain steadily from his recent illness.

Union Bag and Paper Co's improved a point, as did Cerro de Pasco's and United Fruit's.

Mixed changes occurred in the railroad group with the main trend upward.

The only important offering today, an issue of \$5,000,000 first and refunding mortgage, 5 per cent. bonds of the Missouri Pacific railroad company, sold to the public at par, was over-subscribed.

Imagine smokeless broiling in a warm kitchen! The Fortress

Crawford

gives you just that. It gives you all the savory cooking and kitchen warmth of coal or wood, and the instant obedience of gas. And besides that, the gas end has the Crawford Adjustable Broiler, which is instantly adjustable to any distance from the flame. There are no ashes to spill around the Fortress Crawford, and there's no coal-hod to trip over, for both hods are hidden in the base of the range. Single-damper control, of course, and the same "lifetime" construction that made it possible for New England women to cook "more than a million breakfasts on Crawfords this morning."
