Famous Dancer Tells How to End Foot-Burn and Corn-Misery

Quickly, Without Plasters, Pads, Powders or Medicated Baths!

Walker Baker, famous and popular instructor of stage-dancers, says: "Having instructed most of our celebrated stage dancers, and having much experience in the use of foot balms, I do not hesitate to say that Gypsy Foot Relief is the most successful remedy I know of for foot-burn, corns, blisters, and itching, and it is sold in every city by all druggists."

NOTE—Gypsy Foot Relief, recommended by Mr. Baker, is a soft, velvet-like, antiseptic, soothing substance—a remarkable secret from the desert. Take a little on the tip of your finger and rub it on a sore, burning, tender, itching, calloused spot, or where there would go a day without it. It highly recommends the use of Gypsy Foot Relief to all dancers and people who are on their feet all day.

It is sold in this city by all druggists.

A Presentation of Frocks For the "Sub-Deb"

To Be Modeled by Miss Doris Bissonette of New York, Friday and Saturday, at 10 to 12 A. M. and 3 to 5:30 P. M.

WHAT IS A "SUB-DEB"? This is the way she is described by her creator, Mary Roberts Rhinehart, who wrote the delightful "Babs" stories. "A Sub-Deb is that most effervescent and entertaining personage in the entire world—a sweet young girl somewhere in her teens—just ready for life, theoretically an onlooker in the game of life, because she has not made her social debut. But a Sub-Deb is not only an onlooker, she is intensely alive, a girl-woman, romantic, adventurous, loyal. Such a girl as yours and mine—such a girl as our sons will marry—such a girl as only this day and generation have brought forth."

THE creators of "Sub-Deb" frocks have succeeded in catching and impressing much of the spirit of expectant youth in the lines, colorings and fabrics of these most delightful dresses for the young girl. They are, in every way, such as the mother will approve, the young lady adore.

This sale is a wonderful opportunity for the young lady, or her mother, to select frocks from a display much more complete than Norwich has ever seen.

Voilet, Chiffon, Canton Crepe and Taffeta Frocks, showing the newest Paris neck-line—the Bertha collar, the light luscious bodice, the flare skirt and other points of fashion that the young lady will appreciate all are here.

Miss Bissonette, a typical Sub-Deb, will model every frock in the collection, and orders will be taken for practically immediate delivery. Buy the street and afternoon, or the party frock now, and be assured of getting the cleverest and most charming creations of the season.

SUB-DEBS, THEIR MOTHERS AND FRIENDS ARE CORDIALLY INVITED

NUMBER FOUR (Continued from Page One) crats, the Massachusetts delegation in the next congress will have the same political complexion as the present. With a majority greatly reduced from that of 1916, Senator Lodge was re-elected over his democratic opponent, Colonel Gaston, of Boston.

Senator Lodge's plurality was 8,245, according to revised figures. His 1916 plurality was 22,929. The complete vote in the senatorial contest was: Lodge 412,362, Gaston 406,123.

Early figures had placed Senator Lodge's lead over his opponent at 1,945, but re-checking later in the day showed the margin greatly reduced. Colonel Gaston announced tonight that he would demand a recount.

The democratic gain for congress was in the seventh district, where William P. Connery, Jr., democrat, was elected over Frederick Butler, republican. The republicans retained 13 seats and the democrats carried the two previously democratic.

In the state ticket the republicans also triumphed, but with pluralities enormously reduced. Governor Channing H. Fox, republican, won the gubernatorial fight against John F. Fitzgerald, democrat by 28,945. In the election of 1920 the plurality of Governor Cox over his democratic opponent was 253,519. The state ticket was carried through, but in each case the plurality was cut down.

In Boston, Joseph C. Pelletier, running as democratic candidate for district attorney after his removal from office on charges of misconduct, was defeated by District Attorney Thomas C. O'Brien. At the same time the state carried a referendum on the law of the legislature requiring district attorneys to be members of the bar. Pelletier was defeated after his removal from office.

In the state senate the democrats gained two seats and in the state house 27. Two women were elected to the latter body, the first to win this distinction in the state.
