The state returning board has decided that there had been no election in the 15th assembly district of Providence because neither of the candidates had received a plurality of the votes cast.

The completion of the house of representatives with the official count lacking, and founded on the returns of the election wardens, gives the republicans 50 and the democrats 49 votes in the house.

**SUCH PAINS AS THIS WOMAN HAD**

Two Months could not turn in Bed

Lydia E. Pinkham's Vegetable Compound Finally Restored Health

Seattle, Washington.—"I had dragging pains first and could not stand on my feet. Then I had chills and fever and such pains in my right side and a hard lump there. I could not turn myself in bed and could not sleep. I was this way for over two months, trying everything any one told me, until my sister brought me a bottle of Lydia E. Pinkham's Vegetable Compound. I took it regularly until all the hard pains had left me and I was able to be up and to do my work again. The hard lump left my side and I feel splendid in all ways. I know of many women who have been helped."—Mrs. G. RICHARDSON, 4640 Orcus St., Seattle, Wash.

This is another case where Lydia E. Pinkham's Vegetable Compound brought results after "trying everything any one told me" had failed.

If you are suffering from pain, nervousness and are always tired; if you are low spirited and good for nothing, take Lydia E. Pinkham's Vegetable Compound.

**STONINGTON**

The little village of Wequetequoctaw is a growing population, and building lots in this vicinity are growing scarce and are bringing good prices. Three years ago there were but few residences built upon the numerous parcels of land which faced the highway between Stonington and Wequetequoctaw, and now on this very land about 100 residences have been erected. The village boasts of three stores. Very few lots are available for building and it is estimated that inside of 10 years there will not be a vacant lot. The Wequetequoctaw Community Club, with about 100 members, are awake and hardly a week goes by without something scheduled on its program of activity. On Wednesday evening an old-fashioned "square dance" was put on, and this as all the affairs of the club do, drew a large crowd, and a most delightful time was enjoyed by both members and their guests.

Broken Out Skin and Itching Eczema Helped Over Night

For "unsightly skin eruptions, rash or blotches on face, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist. Apply a little Mentho-Sulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even fiery, itching eczema is dried right up.

Get a small jar of Howles Mentho-Sulphur from any good druggist and use it like cold cream.
