Have You Piles?

When You Have Something to Learn
 Thousands who have piles have not done the same for you. Learned that quick and permanent relief can only be accomplished with internal medicine. Neither cutting nor any amount of treatment with ointments and suppositories will remove the cause.
 Had circulation causes piles. There is a complete stagnation of blood in the lower bowel and a weakening of the parts. Dr. J. S. Leonard was first to find the remedy. His prescription is HEM-ROID, a tablet medicine taken internally, that is now sold by druggists generally. Dr. Leonard tried it in 1,000 cases with the marvelous record of success in 98 per cent, and then decided it should be sold under a rigid money-back guarantee.
 Don't waste any more time with outside applications. Get a package of HEM-ROID from Lee & Osgood today. It has given safe and lasting relief to thousands of people, and should do the same for you—it seldom fails.

THAMES LOWEST TIDE WAS SEEN TUESDAY NIGHT
 People living near the Thames reported that on Tuesday night there was one of the lowest tides ever seen in the river. One man who uses a row boat to go to and from work told of seeing rocks showing above the surface of the river that he had never seen before. Old timers state that the extreme low tide means that the river will have a great flood in the near future. A number of people viewed this novel tide in the river Tuesday night.
