SUNDAY-SCHOOL ANNIVERSARY.

The Sunday-school of the Sixth-street M. At a regular meeting of Sacramento Division, No. 218, Sons of Temperance, held April 2d, the following officers were installed for the ensuing term: W. P., T. H. Peck; W. A., Annie Toland; R. S., C. M. Hunt; Sunday-school chapel being altogether too small for such an occasion. The church auditorium was filled in every part by a deeply interested audience. The children of the Sunday-school occupied seats in the body of Sunday-school occupied seats in the school occupied seats in the s the audience were several Senators and Assemblymen. The exercises were quite lengthy and were very pleasing. They began with an anthem by the full choir of the church. The teachers of the school then lead in the pronouncing of the one hundredth Psalm. The school, the choir and the audience then sang the familiar hymn, "Crown Him Lord of All." Rev. Dr. Bentley then pronounced

an invocation. The school sang the Sunday-school song entitled "Infinite Tenderness." The voices of the pupils were clear, the enunciation very dis-tinct, and the singing of the hymn made feelingly effective by the earnestness and freshness of the tones of the boys and girls, who appeared to be under excellent drill, and to have been taught the sentiment and meaning of the hymn as well as the words. Mr. Maybell, the Superintendent of the school then read his annual report. From this reading it was gleaned that the school was estab lished in 1850, and has had an uninterrupted existence since that date, meeting with sucesses and reverses, at times greatly prosper ous and again subject to the obstacles which had beset the growth of the community. The school, he said, has now 160 scholars, who are taught by 16 teachers and supervised by the school of the schoo by three officers. The average attendance during the past year has been 168, and the largest attendance reached 242. The receipts for the year past amounted to \$235 86. Of this sum \$29 34 went for missionary uses and \$198 52 for incidental and current expenses of the school, leaving on hand the sum of \$8. The Superintendent called attention to the difficulty experienced in so many Sunday-schools of securing the con-stant services of competent teachers, and he made an earnest plea for more laborers, for more effort in behalf of the religious education of the children through the methods in use under the Sunday-school system. At the conclusion of the reading of the report a delegation from each class came forward and ade recitations of scriptural and other selections appropriate to the occasion. This exercise was entertaining, and interested the auditors much. The school next sang 'Only remembered for what we have done.' Assemblyman Chancellor Hartson, of Napa, was then introduced, and addressed school. His remarks were adapted to the intelligence of the children, and were earnestly

and feelingly delivered, keeping the attention of the pupils and interesting them to such a degree that they made their pleasure manifest. Mr. De Yoe then sang a selection. Governor Perkins was next introduced, and spoke to the school at length. He dwelt long and the school as they would precious gifts, which they must realize would in all after life be of and the system adopted by churches of gathering the children once a week to give them moral lessons and to impress upon them the religious truths adhered to by the Christian churches. He viewed the Sunday-school as a moral force, as a great instrument of good, one which should be fostered and encouraged. The children applauded the remarks of the Governer by a vigorous clapping of hands, and at some of his anecdotes laughed merrily over the humor thrown in. The school then sang the beautiful hymn, "Whiter than Snow." A collection was taken for the benefit of the school treasury, and Rev. Dr. Bentley then made the closing address, which was brief and full of thanks for the encouragement given the school by so large an attendance upon its anniversary. He referred to the speeches by public men in the English Parliament, who, members of the Established Church, or dis-

THE WEATHER AND THE RIVER.—The rainfall after 8 P. M. Friday night until Saturday night, according to the Signal Service report, amounted to .50 of an inch, making, according to the same authority, 13.74 inches for the season to date, whereas last season to date 14.50 had fallen. Last evening an almost imperceptible rain began, and at 1 o'clock this morning continued. The Sacramento river Saturday night reached the 19-foot 8-inch mark, but at 1 this morning had fallen to 18 feet 10 inches. The American river is behaving itself, and there seems to be no danger of higher water. The water of course has flowed out into the tule lands, where no resistance was offered, and but little damage has been done. Reports from the islands down the river show that the levees have not been injured, or even seriously threatened. The storm on the mountains Saturday was a severe one. Over one thousand feet of sheds were crushed by slides but a large force of engines and 200 men were kept hard at work. The overland train from the East was delayed, and did not reach this city until 3:10 in the afternoon yesterday. Last night, however, the weather on the mountains was calm, and the trains will be

GOVERNOR'S RECEPTION:-Invitations are out for a reception to be held by Governor Perkins at the Pavilion on Wednesday evening. It is understood that formality as to dress is not to be a requisite, that the reception will, indeed, be less formal than the first one held by the Governor, and is to take the form of an unostentatious reunion in behalf of and farwell to the legislators who have spent their winter in the Capital City, and will next week depart for their homes.

DELEGATES APPOINTED.—The Republican County Central Committee held a meeting Saturday night, and unanimously determined to appoint twelve delegates to the State Convention, which will assemble in this city April 29th, for the purpose of electing twelve delegates to the National Republican Convention, which assembles at Chicago June 2d. Another meeting will be held next
