Our lines of LADIES, MISSES' AND CHILDREN'S GOODS were never more complete than now. We can justify claim that we carry a complete assortment. We have recently placed in stock goods of superior grades and qualities, so that we can suit the most fastidious or fashionable.

We can certainly offer special inducements in the way of prices, because we are the only house in Sacramento who import such large quantities of goods direct from manufacturers. By reason of our large purchases, we obtain our goods at the LOWEST WHOLESALE PRICES. Hence we can afford to place goods before the public at the lowest possible prices. Where the seller has but ONE PRICE, and that the lowest, and this being adhered to in all cases, is a sure guarantee that the buyer is safe in receiving value for the money. All therefore who are interested in obtaining stylish, durable, first-class SHOES, at their lowest value, will do well by calling at the

ANOTHER VISITATION.

Disastrous Oil Fire in Pennsylvania.

Titusville the Victim of the Devouring Element.

At 1 o'clock the burning oil overflowed and ran down the hillside, consuming everything in its course.

The Octave Refinery and the Acme Oil Works, one of the largest refineries in the world, is now burning.

The oil ran into the creek, and threatened destruction to a large amount of property in the city.

Persons residing in the neighborhood have, with their household goods, gone to a place of safety.

At 5 o'clock the fire was still increasing, having reached Franklin and Washington streets, and threatened destruction to the railroad bridge.

The fire departments from Corry, Oil City and Warren are in the city, in answer to a telegram from the Mayor for aid, acting with the fire department of Titusville.

At 7 o'clock the buildings along both sides of Broad street are burning, and about 100,000 barrels of oil.

The estimated total loss so far is about \$200,000.

Great excitement exists in the city, but the business portion at this hour is believed to be safe, being mostly composed of brick buildings.

EXPLOSION OF ANOTHER TANK. BRADFORD, June 11th-10 o'clock.-Another iron tank has burst at Titusville, and set fire to the Franklin-street bridge.

The fire is spreading rapidly.

PACIFIC COAST ITEMS.

Over 150 mules are at present employed in packing wool to Candalaria, Nev.

There is a rose-bush in Oakland that produces five distinctly different colored roses.

A heavy white frost covered the roofs and sidewalks in Gold Hill and Virginia Wednesday morning.

The supplies for the Arizona military posts will be drawn from Los Angeles and San Bernardino this year.

Change is scarce in Oseola, Nev. A man with a twenty stand the town off all the week. Every one has gold.

Lizzie Edwards, only 5 years old, is creating quite a sensation at Truckee in musical and literary entertainments.

In Sonoma county Martha Potter, a colored woman, fell asleep with a lighted pipe in her mouth. The funeral was quite largely attended.

Twenty-five of the San Francisco boys imported into Santa Clara county to pick strawberries have given up the job and returned to the city.

The Idaho Statesman tells of a chicken that hatched with three eyes and two upper bills, the lower bill fitting between the two upper ones, and the third eye in the center of the head, between the other two.

An enterprising young man in Red Cliff, Cal., combines in himself vocations enough for a dozen men. He is a surveyor and assayer, the barber, keeps a hotel, editor and publishes the weekly newspaper, which is written and hung up for reference in his grocery store, and while he is resting goes out in the yard and saws wood.

A fellow in Chico went up into the Record office to clean out the establishment the other day. About three minutes afterwards a man was seen in front of the Record office with a couple of black eyes, a bloody nose and a completely demoralized appearance. A passer-by, attracted by his condition, asked what was the matter. "I went up to see if the editor who wrote that piece about me was up there," "Well," said the other, "did you see him?" "Yes," said the injured man, "he was in."

Some very excellent roadwork is being done on the prison grounds at San Quentin, says the San Rafael Journal. A new inclosure area, watch-tower mark the limits on the east, and a splendid piece of masonry in progress from that sentinel post to the bridge. The hill road on the north is dressed with rock, which will become smooth and safe, and make a beautiful approach. Lumber is on the ground and is being prepared for the erection of three houses for the officers of the prison. There is a general air of activity about the institution.

The Census Enumerators throughout the county daily meet with peculiar cases, says the Nevada City Transcript. The other day Mr. Rogers came across a woman in Grass Valley township who stated that she was not married. "But," she added, "I have one daughter grown, and she has several children." The Enumerator thought she had made a mistake, and asked, "When did your husband die?" "There you go again," she ejaculated. "I ain't married, never had a husband, and never expect to have one. Just as though some women couldn't be mothers without being wives."

A former resident of Bodie, now in Leadville, Col., writes from that place under date of June 1st: "Since I have been here we have not had a day without a storm of some kind. It snowed night before last, yesterday and part of last night. Remo are high here; rooms from \$7 upward; stores, from \$300 to \$400; meals, 75 cents and upward; dish of cucumbers, 50 cents; dish of asparagus, 25 cents; dish of green peas, 25 cents; dish of green onions on radishes, 25 cents. Value in market: One cucumber, 50 cents; one bunch asparagus, 40 cents; one pound green peas, 25 cents; one bunch green onions, 15 cents; one pound lettuce, 50 cents. You can get a meal or a night's lodging for 25 cents—but you can judge of the quality. Everybody is on the make, and nobody gives up anything to speak of; everything cash, and nobody making anything."

HAMMER'S Cascara Sagrada Bitters cures fever and ague.

COAST DISPATCHES.

SPECIAL TO THE RECORD-UNION.

PASSENGERS PASSING CARLIN.

The Mayor of San Francisco Signs the Water Ordinance.

THE BODIE NARROW-GAUGE RAILROAD PROJECT.

Southern Pacific Railroad Finished to BENDSI, A. T.

CALIFORNIA.

The Mayor Signs the Water Ordinance.

SAN FRANCISCO, June 11th.—Contrary to expectation, Mayor Ketchikan signed the water ordinance, by which the city will be entitled to about \$300,000 for water formerly furnished free of charge.

Meeting of Socialists.—The Mussel Slough Trouble.—Blood and Murder Speech.—Resolution.

SAN FRANCISCO, June 11th.—A meeting of the San Francisco Socialists, numbering about 500, was held at the Grand Hotel this evening, Frank Robinson, formerly prominent in the W. P. C. position. The object of the meeting was to extend aid and comfort to the Mussel Slough settlers in their struggle with the railroad company. Mr. Robinson, who was the speaker, was present, and presented their case, saying that the settlers would make no further compromise with the company, but would carry out the contract and sign the bill. Haggerty, a red-hot Socialist of this city, made a fiery speech, full of blood and thunder, and read a series of resolutions, to the effect that the Socialist Labor party is in sympathy with all efforts to secure the inalienable rights of all men to the elements of nature, the soil of land and water; that the party is in sympathy with those who perform no labor, but rob the working classes of their rights to the soil of land and water; that the party is in sympathy with the Mussel Slough settlers in their contest; that the ownership of natural gifts cannot be legislated away from the people; that land grants to railroads have no binding moral force; and the Republican and Democratic parties are responsible for the natural waste and perpetration of such grants; that the railroad and other land grabbers, the Republican majority in the Legislature, the Board of Supervisors and Vigilance Committee, San Francisco, are the worst incendiaries in the State, and should be prosecuted as such; that the railroad managers are morally guilty of the murder of the Pullman settlers, and should be held personally responsible for the consequences.

Bodie Narrow-Gauge Railroad Project.

SROCKTON, June 11th.—A meeting of citizens was held this evening at the Court-house to further consider the Bodie Narrow-Gauge Railroad project. A. C. Rankin, President, and A. Simpson, Chairman of the committee to solicit subscriptions, reported that \$45,000 out of \$100,000 had been subscribed for incorporating a company. It was stated that nothing would be done hastily, and that a survey would only cost from \$3,000 to \$5,000. Mr. Davis, of the Oregon and Nevada Railroad, made a lengthy statement to the effect that the road which would connect with his company, the Astoria and Topeka and the St. Louis and San Francisco, as well as other roads in contemplation. He stated that it would pay from 30 to 40 per cent, and that if the people of Bodie did not build the road, that Eastern people would come and carry off the prize.

Shot in the Leg.

CALISTOGA, June 11th.—A. B. Alvord of Crystal Springs, near St. Helena, was shot in the leg by some unknown party while out riding yesterday afternoon. The bullet hit the accident transpired on the part of some hunter who mistook his horse for a deer.

ARIZONA.

Indignant Citizens.—Pointed Resolutions.—Southern Pacific Railroad.

TUCSON, June 11th.—From advices just received by the Star, a mass meeting was held by the citizens of Grant county on Monday night at Silver City, 240 miles from Tucson, being present. Resolutions were passed, and the appointment of an efficient commander of the forces. Captain Parker, Chief of Scouts of the San Carlos reservation, and Captain Madden were enlisted into their valuable services in the field. The resolutions are to be sent to the President of the United States, commanding General of the Army, Lieutenant-Commander, Governor of New Mexico, and citizens forwarded to the Eastern and Pacific press.

Benson has been reached by the Southern Pacific Railroad track, which will be finished to-morrow night, and the first train starts on the 21st, when town lots will be sold. Many people are expected to be present from all parts.

NEVADA.

Passengers Passing Carlin.

CARLIN, June 11th.—The following passengers passed Carlin, December 28, 1879: Lew Tachera, Carlin, Nev.; O. A. Dodge and wife, Portland, Or.; Mrs. L. A. Johnson, Alexander, San Francisco; Sister Scholastica, Sister Ann, Baltimore; Mrs. M. C. Shannon, San Francisco; Mrs. L. A. Post, St. Louis; J. E. Seaman, two children, Dr. R. H. McDonald, San Francisco; G. Beckman, Massachusetts; Wm. H. Long, New Jersey; K. P. Pratt, St. Louis; H. C. Hill, San Francisco; H. Holtan, Portland, Or.; A. Mayer, Virginia City; J. D. McKenzie, J. D. McMillen, Tullahoma; Mrs. E. Sanford, Denver, Col.; Mrs. Brodwin, Pittsburg, Pa.; George France, Leadville, Col.; A. Blue, Prince Edward's Island; Mrs. P. Nathan, Miss Rosa Nathan, Miss Julia Feldner, San Francisco; 73 emigrants, including 53 males, to arrive in Sacramento June 13th.

OREGON.

Weather.—Wheat Market.—Wool Receipts.—Escape of Prisoners.—Child Injured.

PORTLAND, June 11th.—The weather is cloudy and warm.

The wheat market is very dull. Should there be no reaction from the dead level prices that now prevail abroad, wheat will be very low in this market after harvest. The amount of tonnage directed this way is less than for the past three years, and combined with the prospect of a large crop on the Pacific coast, insures high freight rates for the first part of the shipping year ahead without doubt.

There are few arrivals of valley wool, which is quotable at 21¢/25¢ for good to choice. Arrivals from eastern Oregon continue large.

Two prisoners, John McGown and Curley Campbell, confined in the county jail at Dalles on a charge of highway robbery, effected their escape last night. The prisoners found means to reach through the grating of their cell and pry off two wooden padlocks, which enabled them to open the cell door and admitted them into the corridor of the jail. Here they took off the legs of the stove and broke their way through the jail wall into the bedroom of one of the deputies, where they found a pistol, and made their final escape by getting up a window.

A child of Joel Ware, of Eugene City,

aged 6 years, fell from an unfinished building yesterday, breaking its arm and severely cutting its head. There are hopes of its recovery.

Boy Drowned.

PORTLAND, June 11th.—A little son of Mr. G. Russell, aged 3 years, was drowned on the 9th in Nebelun river, in Columbia county. The lad was playing on the bank of the stream, and falling in, was drowned before rescuer reached him.

Found Dead.—Grand Lodge of Masons.

PORTLAND, June 11th.—Joseph Herring, an Austrian 50 years old, was found this evening dead in his cabin on a scow in the river. A coroner's inquest was held, and it was found that he died from a rupture of an artery in the chest. Herring was well-known along the docks.

The Grand Chapter of Royal Arch Masons for Oregon, Washington and Idaho met here this evening and adjourned until to-morrow, when the officers will be elected. The Grand Lodge of Masons for the same jurisdiction will meet next Monday morning.

HEAVY LAND SLIDE.—The following is from the Yreka Journal of June 6th:

At the Star of the West quartz mine on Salmon river, near the Klamath mine, a large slide of some two acres of ground came tearing down the mountain last Saturday, May 29th, at about 5 o'clock. The workmen were about changing shift, when the mill stopped, by reason of the water being choked in the mill-race or dam, as often occurs by the snow falling into the water. They usually wait about half an hour, as the water works through the snow in less than that time to start the mill again. The water not coming in the time stated, one of the men, J. J. Curran, proceeded up to the ditch, and while ascending the mountain saw the slide coming. He immediately hurried back and gave the alarm to Sheffield and others about the mill, all of whom soon got to a point of the approaching slide. The ground had been loose and cracked for a couple of years, but the men at the mill and mine expected it would come down no further than a large dirt slide above the mill. The slide traveled over this flat with great speed, and snapped off trees four feet in diameter like pipe-stems. It carried a large log four feet thick in front, like a battering-ram, which went through the quartz mill, followed by the slide, crushing and grinding the mill and machinery into atoms, leaving pieces of it strewn along the slide all the way down to Eddy's gulch at the foot. Of course the mill is a total loss, requiring the building of a new one, and the damage to the owners in destroying the mill and injuring the ditch will exceed \$4,000. The company had thirteen men at work, and the first commenced running the mill for the season, with a good supply of water and a large stock of quartz on hand. The mine was shut down on taking out quartz, since they had no mill to crush it.

WONDERFUL POPULARITY

Renowned Medicine.

The Greatest Curative Success of the Age—A Voice from the People.

No medicine introduced to the public has ever met with the success accorded to Hop Bitters. It stands today the best known curative article in the world. Its marvelous results are not due to the advertising it has received. It is famous by reason of its inherent virtues. It does all that is claimed for it. It is the most powerful, speedy and effective agent known for such an extent of debilitated systems. The following witnesses are offered to prove this:

What It Did for an Old Lady.

COSHOCTON STATION (N. Y.).

Gents: A number of people had been using your Bitters here, and with marked effect. In fact, one case, a lady of over seventy years, had been sick for years, and for the past few years I have known her she has not been able to around half the time. About six months ago she got so feeble she was helpless. I sent to Depot, forty-five miles, and got a bottle of Hop Bitters. It had such a very beneficial effect on her that one bottle improved her so she was able to dress herself and walk about the house. When she had taken the second bottle she was able to take care of her own room and walk out to her neighbor's and has improved all the time since. My wife and children also have derived great benefit from your Bitters.

W. B. HATHAWAY, Agent U. S. Ex. Co.

An Enthusiastic Indorsement.

GORHAM (N. H.), July 14, 1879.

Gents: Whoever you are, I don't know; but I thank the Lord and feel grateful to you to know that and advise me to try your medicines there is one compound that proves and does all it advertises to do, and more. For years ago I had a slight cough and phlegm, which increased to such an extent that I least excitement would make me shake like an ague. Last May I was induced to try Hop Bitters. I used one bottle, but did not see any change; another did so change my nerves that they are now as steady as they ever were. I used to take both hands to write, but now my good right hand writes this. Now, if you continue to manufacture as honest and good an article as you do, you will accumulate an honest fortune, and confer the greatest blessing on your fellow-men that was ever conferred on mankind. TIM BURCH.

A Husband's Testimony.

My wife was troubled for years with blotches, moles, patches and pimples on her face, which nearly annoyed the life out of her. She spent many dollars on the thousand infallible cures, with nothing but injurious effects. A lady friend, of Syracuse, N. Y., who had had similar experience, and had been cured with Hop Bitters, advised me to try it. One bottle has made her face as smooth as fair, and soft as a child's, and given her such health that it seems almost a miracle. A MEMBER OF CANADIAN PARLIAMENT.

A Rich Lady's Experience.

I traveled all over Europe and other foreign countries at a cost of thousands of dollars in search of health and found it not. I returned discouraged and disheartened, and was restored to real youthful health and spirits with less than two bottles of Hop Bitters. I hope others may profit by my experience, and stay at home. A LADY, AUGUSTA, ME.

CLEVELAND (O. H.), Oct. 28, 1879.

My better half is firmly impressed with the idea that your Hop Bitters is the essential thing to make life happy. She has used several bottles, and I would like to have you send me a dozen at lowest price. B. POPE, Springfield Field Dealer Co.

SPRINGFIELD (ILL.), Sept. 3, 1879.

Gents: I have been taking your Hop Bitters, and received great help from them. I will give you my name as one of the cured sufferers. MRS. MARY F. STARR, Yours,

GRENADA (M. I.), Nov. 3, 1879.

My daughter, now a young mother, is using your Hop Bitters, and is greatly pleased with the beneficial effects on herself and child. D. D. MOORE, Proprietor New South.

SANDEBOTS (Pa.), Nov. 6, 1879.

Dear Sir: I have used four bottles of your Hop Bitters, and they have done me good and cured me. I had diarrhea, dyspepsia and chronic inflammation of the bowels, and was giddy in the head and nervous. FRED THUNBERGER.

PALMDALE (O. H.), Feb. 2, 1880.

Hop Bitters Co.: I have used two bottles of Hop Bitters in my family, and think them the best ever used. GEO. W. POTTER, Banker.
