WE ARE GATHERING STRENGTH DAY BY DAY!

HOW IS IT? The Grand Old Principles of "One Price"

IS TELLING WITH WINDROUS EFFECT.

WHAT A CHANGE! THIRTY-FIVE YEARS AGO, when our PARENT HOUSE

instituted the "ONE PRICE" SYSTEM, the Retail Dry Goods Business

was very defective in its workings, if not absolutely dishonest.

IF A TRADESMAN ASKS \$40 FOR AN ARTICLE AND CAN AFFORD TO TAKE \$30, WE CONSIDER IT, IN FACT WE CANNOT LOOK UPON IT

IN ANY OTHER LIGHT THAN A DISHONEST ATTEMPT, TO SAY THE LEAST OF IT, IT IS AN EXTORTION, AND A ROTTEN WAY OF TRANSACTING BUSINESS—

ENGENDERING SUSPICION, DISTRUST, WANT OF CONFIDENCE, AND A FEARFUL LOSS OF TIME.

OUR PARENT HOUSE LED THE FORLORN HOPE ON THIS MASKED BATTERY OF DOUBLE DEALING, AND SO FAR AS OUR FIVE HOUSES ARE CONCERNED, WE HAVE ACHIEVED A PERFECT VICTORY.

WE HAVE EFFECTED A RADICAL CHANGE, SIMPLIFIED BUSINESS, AND GIVEN CONFIDENCE TO THOSE WHO PURCHASE AT OUR HOUSES. WE CLAIM TO BE THE VERITABLE PIONEERS

OF THE "ONE PRICE SYSTEM."

THEIR, SEEING VAST AND HEALTHY RESULTS ACCRUING THROUGH OUR SIMPLICITY OF BUSINESS, HAVE PRETENDED OR TO BE MORE GENEROUS—THEY HAVE TRIED TO FOLLOW IN OUR FOOTSTEPS, BUT THEY HAVE NOT THE MORAL COURAGE TO CARRY IT OUT IN ITS ENTIRETY.

THE FACT IS, THEY CANNOT RESIST US; IT IS A MORAL INABILITY WITH THEM, AND THEY TAKE THE OFFERED BID, COMFORTING THEMSELVES WITH THE ASSURANCE THAT THEY WILL MAKE UP THE DIFFERENCE ON THE FIRST PURCHASER THEY CAN SUCCESSFULLY OPERATE ON, YET, WHILE THESE MEN ARE FIGHTING THE LIVELONG DAY, EACH AND ALL OF OUR FIVE ESTABLISHMENTS ARE TRANSACTING BUSINESS AS EASY, AS FAR AS PRICE IS CONCERNED, AS IF THE HEAD OF EACH PARTICULAR HOUSE WAS SITTING IN AN OLD ARM CHAIR, WE HAVE ESTABLISHED A CONFIDENCE ALSO IN THE CITY OF SACRAMENTO, AND THAT CONFIDENCE IS EXTENDING DAY BY DAY; AND, AS A NATURAL RESULT, OUR BUSINESS IS INCREASING IN PROPORTION. WE HAVE PROVED TO THE PUBLIC THAT WE BUY OUR GOODS CHEAP, BY THE FACT THAT WE CAN DISCOUNT ANY HOUSE IN THE CITY IN SELLING CHEAP. WE SAY THIS ADVISEDLY, FOR WE ARE FULLY PREPARED TO SUBSTANTIATE IT. WE ARE ALWAYS ON THE ALERT TO PICK UP GOODS, WHEN THEY CAN BE PURCHASED FOR LITTLE MONEY; WATCHING THE SAN FRANCISCO AND EASTERN MARKETS CLOSELY—WITH COIN IN HAND, WITH EXPERIENCED BUYERS ABROAD, A CREDIT UNLIMITED (IF NECESSARY) WE CANNOT FAIL TO SUCCEED. THE PUBLIC WILL NOT FORGET THAT OUR PIONEER HOUSE ALONE BROKE DOWN THE HIGH PRICES OF GOODS, AND WE BELIEVE THAT THIS VERY DAY

REMEMBER, THESE GOODS WILL BE PLACED ON OUR "HAT CENTERS" WEDNESDAY MORNING, AUGUST 4th. AN EXTRA FORCE OF SALESMEN WILL BE ON HAND TO SERVE CUSTOMERS PROMPTLY.

LAST NIGHT'S DISPATCHES TO THE RECORD-UNION. WORK OF THE COMMISSION.

The Indians All Anxious to Sign the Treaty. Passengers Coming West by Rail.

Tanner Growing Very Weak Over His Protracted Fast. MISCELLANEOUS FOREIGN NEWS ITEMS.

Gladstone's Condition Still Serious, but the Symptoms Hopeful. Domestic News.

Tanner's Fast—He is Very Weak. New York, August 2.—For the first time since commencing the fast, Dr. Tanner admitted this morning that he felt very weak.

His stomach was in a bad condition, but he expressed confidence in his ability to accomplish the undertaking. His eyes were lustrous, his tongue furred and his face pinched and haggard.

His watchers asserted that he had somewhat improved since Sunday. He had suffered from nausea three times since midnight. Small quantities of mineral water were administered during the night, and early in the morning, before getting on his customary drive, he swallowed ten ounces of very hot water.

He was quietly resting. He received the following cable dispatch from Paris: Don't waste strength driving out. Shut off all operators; have only your doctor and attendant. Your experiment is watched here with great interest by scientists, and is ridiculed by fools.

DR. MARSON SIMS. Physicians are inclined to the opinion that the cablegram was sent by J. Marion Sims, M. D., but Dr. Tanner, who seemed pleased with it, rather doubted that it had come from that physician.

RECORD DISPATCH. New York, August 2.—Dr. Tanner at 10 o'clock started out on his usual evening drive, accompanied by physicians. He returned at 7. He was very cross and peevish. He rested on his cot and seemingly slept soundly for some hours. At 10 o'clock he awoke, and, undressing, retired for the night, but did not sleep, and he began shouting, the third ball entering her side and lung.

Gold Discoveries at the East. New York, August 2.—Speaking of the recent gold discoveries in the West, the Herald says: The glorious climate of California and contiguous States need no longer claim a monopoly. Every day claims new and more auriferous lands in the northern counties of this State are being filed at Albany.

Maine and New Hampshire are reported to be bearing quartz, and even Jersey men are said to have struck a lead. How much precious metal from any of the new fields has been received at assay offices is not a matter of common report, but it is of no particular consequence to the general business of mining.

Those who are engaged in the "pockets" in which mining locators usually find their profits are situated in the clothing of the people. The important thing is to organize a company, and as this can be done with several prominent names, a hole in the ground and a small printing-press, the East can do just as lively a business in gold-mining as the West. If there is really any paying ore in the Eastern States, there are plenty of men of experience and means who are not likely to make the most of it.

But let not the amateur hunter make haste to give up his modest situation and salary, should he pick and start for the nearest rocky ground. Still less let him press his savings bank book on the pocket of a fellow who can claim no merit in anything but some showy certificates of stock in the yet undeveloped mines.

New York, August 2.—The Times comments as follows: The very latest expedient for getting rid of the Chinese in California is the claim of the Chinese to the State Equalization, by memorial, that the Six Companies "have had absolute control over the bodies and liberties of all the Chinese," and that therefore of their being treated, not as a race, but as a nation, and that instead of their being assessed at a moderate valuation, they should pay taxes on \$250,000, or some such modest sum. Of course it is expected that this excessive rate of taxation will be resisted, and the Chinese property in San Francisco, the desired end—the eviction of the Chinese—would be reached, and the Chinese problem would be solved.

Fight with Victoria's Indians. DENVER (Col.), August 2.—The Tribune's Santa Fe special says: News from El Paso states that Colonel B. N. Grierson had a fight with Victoria's hostile Indians, about a fortnight ago, when he attempted to pass north into Texas on the 20th ult. between Fort Quitman and Eagle Springs. He was encamped on the trail with a small party, and, believing the Indians would make a break through the lines, had sent the night before for reinforcements to Fort Quitman and Eagle Springs. At 4 o'clock the Indians, numbering fifty with 31 men of the Tenth Cavalry, arrived, and he immediately set to work to fortify his position. About 9 A. M. the Indians appeared in force and attacked the camp. They were repulsed at 11 A. M. Captain Gieley, with two companies, arrived, upon which a sharp engagement took place between the troops and the Indians, which lasted about three hours. Lieutenant Colquhoun was wounded, one soldier was killed and eight horses killed. At 2 P. M. Captain Nolan's command arrived at the scene of action from Fort Quitman. On the approach of these troops the Indians fled rapidly down the Rio Grande. Colonel Grierson led the option that the Indians would try to cross between Van Horn and the Eagle mountains, and is disposing his troops to pursue them. The Mexican troops are following the Indians' trail in the lower part of the Rio Grande, but have not been able to come up with them since the 23d ult.

Bloodthirsty Affairs. New York, August 2.—Franz Julius Munsch, a Polish plasterer, and Xavier Lindner, a house painter, occupied rooms in the rear of 45 Fourth street. The men quarreled Thursday, and were separated. Late this afternoon Munsch entered Lindner's apartments, and fired a shot which disabled the latter's right arm. Mrs. Lindner seized a station, but Munsch pushed her aside and pursued Lindner into an adjoining bedroom, where he fired a second shot into his face. Lindner fled to the street, pursued by his enemy. A third shot from Munsch's pistol missed its mark, but Lindner fell on the sidewalk. As he attempted to rise Munsch rushed upon him and fired a fourth shot into his right side, which killed him instantly. He was attempting to fire again when he was seized and disarmed by citizens. The murderer was taken into custody. Lindner was a German, 50 years old.

The Wimbeldon Shooting Affair—Return of Colonel Bodine. New York, August 2.—Colonel Bodine has arrived. He is very decided in the opinion that the whole story of the Wimbeldon affair would come out soon, as those who did not act under his advice would be compelled to take the consequences of their action. In this opinion other witnesses coincided with Colonel Bodine, and said: "We were very decided in the action we took, and some of those who shot in the Hyde Park match did so with great reluctance, being pushed on by friends who went over with them. Particularly so in the case of Brown and Rockwell. Colonel Bodine had great trouble with the professional element of the team—that is, Harrow and Jackson." The Colonel once more spoke up, "Yes, I have undergone an immense amount of anxiety; but let me here say that before the butts at Wimbeldon no man ever behaved better than my gallant six. It was their thorough use to discipline, in fact our great organization, that won us the international match. In future we shall be obliged to meet foreign teams on a footing of equality, both as regards arms and equipment. The Colonel once more spoke up, "Murder and Accidental Death. DENVER (Col.), August 2.—Edward Egan, from Dubuque, Ia., barkeeper at Malley's, small town three miles from Leadville, was shot and killed this morning by a ranchman named James Brady, an old settler. Brady was returning from circus, and while under the influence of liquor entered the saloon where Egan, the barkeeper, was asleep on the counter. He pulled the bar and was helping himself to a drink when Egan was awakened by an occupant of the saloon. A few blows were exchanged, and Brady drew a revolver and deliberately shot Egan through the heart. The murderer escaped, but was arrested by Robert Henderson, late of Fort Collins. Henderson had a gun under his arm, and was talking with a few friends, when the weapon was discharged, the ball hitting Brady, who was sitting near, in the heart. He never spoke, but expired instantly.

The Commission—Removal of the Indians only a Question of Time. DENVER (Col.), August 2.—The Tribune's Los Pinos special says: The Indians were straggling into the Commissioners' quarters last yesterday to sign a treaty. The chiefs having signed the agreement, the others are fearful unless their names are forwarded to Washington they will receive no part of the \$50,000 which the Commission is authorized to pay out as soon as arrangements for the removal of the Utes are perfected, which will probably be some time next fall. The Commissioners leave here today for the mountains, and go to the Southern Ute Agency, except Colonel Meacham, who remains at Los Pinos to take the census. The removal of the Utes is only a question of time, and the Commission are hurrying matters as fast as possible. A year from this fall will probably see the reservation open to the Indians, and the United States and Colorado will have the pleasure of occupying the land and working for their benefit as follows: The Alabama Election. MOBILE, August 2.—The election for State and county officers took place today. It was a Democratic triumph. The ticket was made up by a fusion of Republicans, Greenbackers and Independents. Verbal reports from the election officers are cheering. The polls show a clear majority for the straight Democratic ticket. Reports at the Democratic Executive Committee's rooms from the interior of the State leave no doubt, and no Alabama polling a heavy Democratic vote.

MOBILE, August 2.—Further returns in Mobile county show a clear sweep for the Democrats against the Republicans and Greenbackers. The lowest candidate will have 1,000 majority. We are confident. Evans Husband. LOUISVILLE (Ky.), August 2.—James Curran, who has at times shown evidence of insanity, shot and fatally wounded his wife, Marie, today. Mr. Curran, having been declared sane by a Commission four years ago left his family, and only returned this morning. He went to the residence of his wife, and wish you wouldn't be tormenting me so every night." She replied, "Why, Jim, I've been working all the time here at home." He drew a pistol. She turned to fly, and he began shooting, the third ball entering her side and lung.

Elections in Kentucky. LOUISVILLE, August 2.—The elections today passed off very quietly throughout the State. Nominations were made by the Republicans in every county, and the vote polled was light. Circuit Judges and Commonwealth Attorneys were elected in each of the counties. In the Democratic primary election nominated Phil B. Thompson, Jr., for re-election to Congress.

The Alaska Indians. WASHINGTON, August 2.—The Commander of the Jamestown party from Alaska that sailed for the Interior Department, and all ages remain on the Sitka ranch, all of the more enterprising, being on sea and seal hunting trips. Those left started on a spree the 5th of July, but were soon checked by an armed boat from the Jamestown, the crew of the latter party to the Indian policemen. A little stabbing was done, but no one was seriously injured. The ringleaders have been subjected to a bread and water diet.

Appraisers Appointed. WASHINGTON, August 2.—Acting Secretary Bell, of the Interior Department, has appointed Louis H. Harrison, of Polk, P. Kime, of Pennsylvania, and Charles M. Holden, of Iowa, Commissioners to appraise the Fort Dallas mines to be auctioned to the Government. Harrison, who is at present the principal clerk in the Bureau of Private Land Claims, the Interior Department, is designated to act as Chairman and disbursing agent of the Commission.

Nothing Like a Free Ball. MADISON (Ind.), August 2.—A special to the Gazette says: Bonaparte Smith (colored) was knocked out by a ball in Madison, Ky., to-day, and fatally stabbed and beaten.

FOREIGN NEWS. Gibraltar's Illness. LONDON, August 2.—Dr. Andrew Clark, who passed the night at Premier Gladstone's house, reports that he is rather better, but his febrile state continues. There have been numerous callers at the house since 7 o'clock this morning. A policeman has been stationed at the end of Downing street from an early hour, and in accordance with the Premier's medical advisers, no vehicles are allowed to pass the house.
