MAN IS ENABLED, THROUGH—

The Science of Chemistry,

To take a given body of matter and divide it into its elementary or primary parts; or to take several different principles in matter, and by a proper combination of them, produce, as the result, a united whole, that will in itself be perfect.

EVEN THE DIAMOND HAS LATELY BEEN PRODUCED by a combination of certain principles in matter, and thus the creation of an object perfectly beautiful has been attained through perseverance in chemical analysis.

It is venturesome to hope for ABSOLUTE PERFECTION IN ANY BUSINESS UNDER THE SUN; but we certainly do trust, that by persevering in what we may term a system of CHEMICAL ANALYSIS OF OUR OWN AFFAIRS, we may attain to positive results in our dealings with the public that will be more thoroughly desirable, and more nearly approach to the true than anything that has been done by those before us in Sacramento.

ALREADY OUR BUSINESS IS SHOWING HOW THE PUBLIC RECEIVE OUR

NEW DEPARTURE

BUSINESS METHODS, WE MAKE A SPECIALTY OF CARRYING ALL WIDTHS I

And we have daily the pleasure of receiving ladies who never were inside of our House before, but who now come because RECOMMENDED TO DO SO BY THEIR FRIENDS, who are pleased with our prices and attention.

This is an Excellent Evidence of Healthy Growth in Trade;

But to further test the accuracy of our aims and ideas, we find it useful to examine the methods of those in Sacramento, from whom the public has a right to expect something, but who have been so successful in keeping up appearances that they have acquired for themselves a fortune such as falls not to the lot of many, while at the same time deluding the public into the belief that they should really be regarded as the benefactors of Mankind in this part of the world's domain.

THERE ARE CERTAIN BUSINESS METHODS WHICH CATCH THE UNWARY FOR THE TIME BEING, but must sooner or later fall to the ground, as the evidence of their treachery becomes evident to the public mind, and we shall therefore avoid such pitfalls.

We start into a permanent business in Sacramento, with PREMISES ALREADY PAID FOR, instead of purchasing a large property and placing it under a heavy mortgage, upon which we would have to pay a high rate of interest, such interest being taken out of the pockets of customers by making an extra profit on the goods sold. In this we differ from our predecessors.

We shall not buy our goods on four or six months' credit, deceiving the people at the same time by saying that we buy for CASH, and calling our competitors Thieves, Liars or Scoundrels, because it may serve for a War Cry! In this, we shall differ from our predecessors.

We shall not attempt to carry such a heavy load of debt as we have described, but we start with money enough to pay all our bills promptly when the goods are bought. In this also we differ from our predecessors.

We shall at no time embark in any new lines of goods, unless we have—First, the money to pay for what we purchase; and, secondly, a proper personal knowledge of the goods in that line of business. In this, too, we differ from our predecessors.

AS WE PAY FOR OUR GOODS WHEN BOUGHT, INSTEAD OF THREE, FOUR OR SIX MONTHS AFTER, we are ready to be judged accordingly; and we are willing to say that if we claim to buy for CASH, but LIE WHEN WE SAY SO, then it is not reasonable that the public should place confidence in any other statement we make.

ANY HOUSE FOUND THUS DECEIVING THE PEOPLE SHOULD BE SCORNED. OUR POSITION, IN THIS RESPECT, ALSO DIFFERS FROM THAT OF OUR PREDECESSORS.

We will not make a huge conundrum of our business methods, causing our customers needless annoyance, for the purpose of producing a big impression, by humbugging them into the belief that we have a wonderful and mysterious system at work in our House; but we will do everything we can to make our patrons feel at ease, and know that our sole aim is to serve them as promptly and simply as possible. In this we will differ from our predecessors.

Instead of raising our profits when we become established, we will always keep prices down, as they ought to be. We will not charge such extra profits as will enable us to give public entertainments and toady to the wealthy few, while we wring the money to do it out of the pockets of those who work hard for what they earn. In this regard, also, our methods will differ from our predecessors.

OUR HOUSE WILL BE STRICTLY AMERICAN IN ITS PRINCIPLES, visitors being treated according to the maxim—"FIRST COME, FIRST SERVED;" but so attentively that all may be pleased.

FINALLY—When our House becomes larger—as it surely will—we will not put on those airs that so foolishly give the shoddiness of City Merchant Mock Aristocracy. In this there will be a difference between us and some of our predecessors.

WE WILL NOT CHARGE SUCH EXTRA PROFITS AS WILL ENABLE US TO GIVE PUBLIC ENTERTAINMENTS AND TOADY TO THE WEALTHY FEW, WHILE WE WRING THE MONEY TO DO IT OUT OF THE POCKETS OF THOSE WHO WORK HARD FOR WHAT THEY EARN.

OUR HOUSE WILL BE STRICTLY AMERICAN IN ITS PRINCIPLES, VISITORS BEING TREATED ACCORDING TO THE MAXIM—"FIRST COME, FIRST SERVED;" BUT SO ATTENTIVELY THAT ALL MAY BE PLEASED.

FINALLY—WHEN OUR HOUSE BECOMES LARGER—AS IT SURELY WILL—WE WILL NOT PUT ON THOSE AIRS THAT SO FOOLISHLY GIVE THE SHODDINESS OF CITY MERCHANT MOCK ARISTOCRACY.

IN THIS THERE WILL BE A DIFFERENCE BETWEEN US AND SOME OF OUR PREDECESSORS.

FURTHER ELECTION RETURNS.

Possibility that Virginia will Choose Republican Electors.

THE ORGANIZATION OF THE NEXT HOUSE.

Hancock Said to Disapprove of the Proposed Contest in New York.

ELECTION DEVICES IN THE CAROLINAS.

How the Gamblers were Euchered Out of Their Money.

RETURNS FROM THE STATES.

St. Paul (Minn.), November 6th.—Following are the revised totals of the Republican majority: For President, 36,848; Dannel, 1,851; Harris, Second District, 5,505; Washburn, Third District, 9,936.

INDIANAPOLIS (Ind.), November 6th.—The official returns from eighty-two counties in Indiana give a Republican majority of 4,480. Of the remaining eleven counties six gave a Republican majority in October of 2,926, five Democratic majorities of 749. The counties heard from show a net Democratic gain of 2,672 over October.

CONCORD (N. H.), November 6th.—Returns from all but three precincts in the State show a total Presidential vote of 86,177, as follows: Garfield 44,787, Hancock 40,707, scattering 619.

TOPEKA (Ka.), November 6th.—Twenty of the eighty counties in this State give Garfield 38,080, Hancock 16,570, Weaver 4,190. Garfield's plurality is 27,420. The vote in the same counties for Governor is: St. John (R.) 31,403, Ross (D.) 16,753, Vrooman (G.) 3,899. It is thought the prohibition amendment to the Constitution is carried by 20,000 majority. The majority for John Anderson, in the First District, was about 20,000.

VIKSBURG (Miss.), November 6th.—The throwing out of over 2,000 Republican ballots was by the use of four ordinary printers' clabs which the heading of the ballot, the law provides that no flag or distinguishing device be used, and the result will be the election of General Chalmers to Congress instead of Lynch, colored Republican. A small ring of extreme Democrats favor the fraud, but the majority voted for Lynch, and are inclined to give Lynch a fair show.

St. Louis (Mo.), November 6th.—Official and unofficial returns from 48 of the 114 counties in this State give Hancock 102,293 votes, Garfield 71,325, Weaver 14,956. Hancock's plurality is 27,988, and majority over all, 18,192. The vote in the same counties for Governor is: Hancock 110,368, Hayes 78,388, Cooper 1,315. Democratic loss, 1,075; Republican loss, 7,073. Hancock's gain, 13,041.

St. Louis, November 7th.—The Secretary of State, from returns already in and estimates of the rest, predicts that the Missouri Legislature will be divided: Senate, 26 Republicans, 26 Democrats; House, 33 Republicans, 33 Democrats; with seven Representative districts doubtful.

LOUISVILLE (Ky.), November 7th.—Returns from forty counties of Kentucky, east of the mountains, show a net gain for Hancock of 115,468—nearly half the total vote of the State—give Hancock 69,880, Garfield 45,378. The same counties in 1876 gave Tilden 47,443, Hancock 24,943. A Democratic gain of 7,584, and a Republican gain of 2,086. Hancock's majority over Garfield will be about 38,000. It is generally conceded that John D. White (Rep.) defeated Tom Turney (Dem.) for Congress in the Ninth District. With this exception, Kentucky will send a Democratic delegation to Congress.

PORTLAND (Or.), November 7th.—All the counties in the State, except Curry and Grant, are heard from, and nearly all give Garfield 547 majority. The two counties to hear from will probably increase this majority to 600.

Virginia very Close. New York, November 6th.—A Washington special to the Commercial says: Dispatches from Virginia are to the effect that the vote there is very close, and there is a prospect that Garfield and Arthur will receive equal votes of the State. The returns from half the State only give the Democrats 4,000 majority, and the strong Republican feeling has yet to be heard from. The Republicans here are quite divided over the issue, and the Democrats are privately expressing a belief that they have been outbid of the result.

Impending Disintegration of the Solid South. CHICAGO, November 6th.—The Washington correspondent of the Times writes: The Southern leaders anxious to make terms with the incoming administration, and declare that the Republicans can certainly find enough allies among independent Democrats from the South to organize the House. Such men as Gordon, Wade Hampton, Lamar and M. C. Butler have repeatedly within the last year expressed opinions to the effect that the South ought to be able to make terms with the Republican party, and cease to trail along at the heels of the Northern Bourbon, who, with a census for binding, have kept them on from one political ditch to another. The Southerners have broken with the Northern Democrats long ago had they been certain that public sentiment in the South would have maintained them. It was the recently expressed opinion of these Southern gentlemen last winter that made the Grant Senators so anxious to secure the nomination of Grant at Chicago. They had practically in advance positive assurances from responsible men that upon such a man as Grant the South would make a break. It was also said here repeatedly before the adjournment of Congress, by certain Southern members, that if the Democratic party failed this time to well, practically all Southern allegiance to that organization. Their prediction is now confirmed.

Unaccountably Close. CHICAGO, November 6th.—The Journal's Washington special says: The Republican majority in the next House is going to be unaccountably close. McPherson figures out to-day only one majority. The gains made on Tuesday in Congress were as follows: Virginia, Tennessee, Louisiana, Iowa, Minnesota, Wisconsin, Missouri, Pennsylvania, Illinois, Kentucky, 1, making a total of 13. The losses were as follows: New York, Nevada, 1, making a total of 2. In all, a net Republican gain of 7, which, if it is believed 20,000 votes were cast, Democrats would have a net gain of 147, to 146 votes for the Democrats. These gains were made in October and November back vote, which in all probability they will not get. Information reaches here to-day that the Democrats in Louisiana are talking about withdrawing the certificate of Darrell, Republican member elect from the Third District, as if they do this the next House will be a tie, unless some of the Greenback members of the next Readjuster members from Virginia vote with the Republicans.

Congratulating Garfield. NEW YORK, November 6th.—The Herald's Cleveland special says: Garfield received seventy-five congratulatory telegrams to-day, making about nine hundred in all. Every mail brings huge packages of letters of similar import. These letters that require answering receive immediate attention. The General being just as prompt in his correspondence since the election as he was before it.

The Money Letter Swindle. NEW YORK, November 6th.—Among the prepaid special which Chairman Barnum sent to the press all over the country prior to the election, was one claiming that they had absolute proof that Money received from Garfield the sum of \$200,000. The article in the field the pro-Chinese letter. Note the fact that no such proof has been attempted, and himself anonymously through the mail. The evidence accumulated that the letter was never mailed from Washington nor received by Lyon. Although the election is over the case has interest as showing the depths of depravity to which some political managers will stoop in the hope of fixing and cheating the people.

Garfield His Own Successor. NEW YORK, November 6th.—A Philadelphia special announces that the American weekly political journal of that city, prints a remarkable editorial in to-day's issue on "The Grant Campaign." The value of the article arises out of the fact that Wharton Bookler, the proprietor of the American, is

on terms of close intimacy with Garfield, and when he predicted that the President-elect will be his own candidate for re-election, it is pretty sure he speaks on positive information.

Grant as Sherman's Successor. NEW YORK, November 6th.—The Graphic to-night suggests that in the event of Sherman's being placed on the retired list, General Grant be restored to the command of the army.

Cabinet Carpentery. NEW YORK, November 6th.—The Herald's Philadelphia special says: The only cause of depression in stocks is the efforts of Barnum and Kelly to disturb the peace of the country by sending out false and baseless stories, and starting schemes to throw out Electoral votes.

Barnum on Kelly's "Grand" Cry. NEW YORK, November 6th.—The New York Herald says: Kelly's claim of fraudulent voting in New York is preposterous. No vote could have been cast in this city which was not registered, and the registry lists were open to inspection and challenge. Kelly's foolish colonization fiction is too supremely ridiculous to give credence to. He does not wish to be deceived. As if colonization could account for the pitiful vote by which Grace barely escaped defeat in a city where the normal Democratic majority is between 60,000 and 70,000. The unrestrained wrath with which the indignation of democracy assailed Kelly is a plain consequence of his deplorable public opinion by nominating a candidate for Mayor for the selfish purpose of securing his own reappointment to the Controiership. He wantonly sacrificed the honor of his party for the sake of local power. The Democracy here and elsewhere perfectly understand his perfidy, and they will avail themselves of every opportunity to punish him for his treachery. They intend to punish him and make an example of him as a warning to holding rascals and traitors. He understands this perfectly well, and hence his desperate attempt to dodge the coming blow.

Out of Money and in Debt. NEW YORK, November 6th.—The New York Herald special says: It appears that at the close of the political campaign the Democratic Congressional committee found itself with an empty treasury. It had expended about \$25,000. The prospect of making any amount of money for the purpose of recovering the Democratic seems almost hopeless, and the creditors of the committee are said to be greatly disturbed.

Election Devices in the Carolinas. CHICAGO, November 7th.—The Tribune's Washington special says: The Attorney-General has directed the Federal officials in North Carolina to arrest all persons guilty of complicity in election frauds. It is said that the Democrats planted cannon in different parts of the State for the purpose of intimidating; that Democrats armed to the teeth, appeared at the polls, and that a handful of Republican votes were thrown out of the window and destroyed. Convicts, working under contract, were dressed in citizens' clothes and Hancock.

A Darlington (S. C.) special says: The Red-Shirt Democrats took possession of the town the night before the election, and as a result of their operations all the Democratic members of the polls next day were arrested and charged with the crime.

The Outrageous Conduct of the Mississippi Democrats. CHICAGO, November 7th.—A Times-Vicksburg special says: The Democrats have attempted and executed in Chalmer's Shoeing District, to exclude Lynch, the colored Republican and opponent of Chalmers for Congressional election. The district was originally intended to include most of the colored Republican localities. It was changed to the border, so that all other districts should be equally affected, needing no election to give Lynch a fair show. The colored voters were at liberty to put all their efforts (meaning intimidation, fraud and bulldozing) in the narrow strip of land. They succeeded in suppressing and throwing away enough Republican votes to elect Chalmers.

Chicago, November 7th.—The Times-Vicksburg special says: The Democrats have a letter to Barnum protesting against the fraud being pressed, and declaring that they have no objection to the exclusion of Lynch, but will not father it. This cannot be continued at present. It is stated that Hancock and much of the Democratic managers in covering up their own shortcomings by printing in the cry of fraud where no fraud can be proved or found.

Barnum's Ridiculous Claim. CHICAGO, November 7th.—The Times-Vicksburg special says: The Democrats have a letter to Barnum protesting against the fraud being pressed, and declaring that they have no objection to the exclusion of Lynch, but will not father it. This cannot be continued at present. It is stated that Hancock and much of the Democratic managers in covering up their own shortcomings by printing in the cry of fraud where no fraud can be proved or found.

No Cause for Section Alarm. CHICAGO, November 7th.—The Tribune's Philadelphia special says: Cessna, of the Republican State Central Committee, says of the election, and concluding as follows: "When the report, or rumor, was first circulated on Thursday afternoon, I was not disposed to fear that it would do any harm among the more desperate men of the Democratic party to feel the public pulse, and learn whether the Democrats were really as unpopular as the great fraud. I think now if they could control the State government of New York they would not be so afraid of the truth as they are. I do not think there is any cause for alarm. The better element of the Democratic party would not encourage the fraud."

No Tiring to be Allowed. CHICAGO, November 7th.—The Tribune's Philadelphia special says: Cessna, of the Republican State Central Committee, says of the election, and concluding as follows: "When the report, or rumor, was first circulated on Thursday afternoon, I was not disposed to fear that it would do any harm among the more desperate men of the Democratic party to feel the public pulse, and learn whether the Democrats were really as unpopular as the great fraud. I think now if they could control the State government of New York they would not be so afraid of the truth as they are. I do not think there is any cause for alarm. The better element of the Democratic party would not encourage the fraud."

The Situation at New York. CHICAGO, November 7th.—The Times-Vicksburg special says: The Democrats are holding a meeting to-morrow, for conference on the Barnum plot in New York, has not been called, many prominent Democrats are away at least one day. The Republicans here are registered. The Republican headquarters are closed, but the Democrats say they will keep their open for some time—evidence that they intend to pursue the fraud business. Barnum's news, and the Democrats still here, consisting frequently and summoning Democrats to come here and advise with them next Friday night. The cry was scooped at by all respectable Democrats at first, but Barnum used the wire lavishly in sending special and extra copies of the report to all "frank" men. Many speculations are afloat in political circles as to the cause of all this outcry from Barnum and Tammany. By some it is believed that Barnum is an effort to get up a feeling of uneasiness among the Democrats. One Democrat said that the Democrats are holding a meeting to-morrow, for conference on the Barnum plot in New York, has not been called, many prominent Democrats are away at least one day. The Republicans here are registered. The Republican headquarters are closed, but the Democrats say they will keep their open for some time—evidence that they intend to pursue the fraud business.
