ably fracturing or grinding the bone, inflicting a ugly and serious wound. Five Sonorians were arrested and held for assault to commit murder.

PACIFIC COAST ITEMS.

Horse-thieves are playing their trade near Lakeport.

Eureka (Nev.) Chinese are said to carry on a large opium trade.

Over sixty Chinamen have left Truckee to work on the Southern Pacific Railroad.

Town lots in Lundy, Mono county, have in two months increased in value from \$5 to \$100.

The Willamette river at Albany, Or., is 24 feet above low-water mark. More rain is needed.

There was a heavy gale last week in Crook canyon, Arizona, which blew down many pine trees.

The Berkeley school-house was blown down by the severe wind which prevailed Wednesday evening.

Presbyterian Churches were organized this past summer at Gunnison City, Irwin, Ruby Camp and South Arkansas, Col.

Eureka county, Nevada, and the Central Pacific Railroad have compromised their tax matters, the railroad paying on \$9,000 per mile.

Wheat-fields in the neighborhood of the Dalles, Or., are growing rank and green, much of the grain being three and four inches high.

The Arizona Sentinel reports that the wild hemp on the Colorado river bottoms is being worked successfully by Thiel's ramie machine.

The exact amount of the late Treasurer Carrick's defalcation in Storey county, Nevada, is shown by the report of the experts to be \$21,940 91.

There were over thirty young men who cast their first Presidential vote in Placerville on the 24 of November, and in most cases it was their first vote.

The old Baptist College building at McMinnville, Or., is to be replaced by a new one in the spring, and Joseph Beezley has made a donation of \$9,000 to the institution.

The Oakland City Pound was destroyed by fire on Tuesday night. The barn, three sets of harness and eight tons of hay were destroyed. Three horses and forty impounded canines were burned to death.

It is said that Johnson, the young Utah whom the Indians reported killed by the Jacksons, is still alive and was seen only a few days ago on the Dalles, a tributary of the Uncompahgre, with his father, Chief Shavano.

The "mammoth farm" of the Blalock Wheat Growing Company of eastern Washington Territory comprises 60,000 acres of wheat land, of which 25,000 are fenced. Ground has been broken for a crop, which is expected to foot up between 800,000 and 400,000 bushels.

Bodie Free Press: Grant wants to be Secretary of War, Secretary Sherman wants to be Senator, George G. Gorham wants to be Secretary of the Senate, and we want the laundryman to bring back our shirt. It is hard to keep a coat buttoned up to the neck for a whole week.

A Reno (Nev.) man levied an attachment on two sacks of bullion from a mine at Unionville, and took them from the express car on the overland train last Saturday. They were worth \$350. The company claim that goods in transit are not liable to be attached. A suit is expected to decide the case.

Says the Marysville Appeal: Gold amalgam valued at about \$45,000 was brought to this city November 15th by private conveyance. It was the result of the annual clean-up of the New York mine. The men who brought it to this city were armed sufficiently to have battled successfully with any array of road agents.

CREMATION IN ITALY.

The Italians are resolved to make the system of cremation as perfect as possible. The headquarters of the institution at Milan have recently received a very singular addition. Its customers were confronted with a difficulty which at first had not been anticipated. The difficulty was to know what they were to do with the ashes of their deceased relatives. It seemed improper that ordinary sepulture should follow so unusual a process as cremation. The management at Milan has at last found its way out of the difficulty. Incineration is ordered for all, but a revival of an old fashion, and it was only necessary to follow out the usages of its originators in order to cause all difficulty to disappear. The Crematory Temple at Milan is to have an annex, which will, in fact, be a cemetery. The municipality has already selected its architects and approved the plans which he has furnished. The cemetery, when completed, will differ as widely from an ordinary sepulture as cremation differs from ordinary sepulture. It will be an Etruscan building, 36 feet high by about 20 feet long, and will be furnished with recesses, 120 in number, according to the present design, in each of which several cinerary urns can be placed. The authorities are so confident of the success of the undertaking that they have ordered vaults or catacombs to be constructed under the nave, and these will become the private property of families. The practice of cremation seems to have made more way in Italy than in Germany, to which two countries of Europe it has as yet been almost entirely confined.—London News.

The Irish Co.'s Coca Beef Tonic.

"Is a valuable preparation," says DR. H. R. STOUT, Jacksonville, Fla. It is rapidly curative in monthly sufferings, excessive flow, sick headache, chronic earache, throat, asthma, cough, shortness of breath, nervousness, sleeplessness. It rapidly restores lost vitality, whether from indigestion or excess, and rapidly stops exhausting losses of fluids. Beware of cheap, worthless imitations under our and similar names. Ask for Coca Beef Tonic.

CHILDREN'S HATS.—It may be worth while to remind parents that the use of a child's hat is to cover its head, and that the use of the brim is to shade the eyes. It is painful to see infants and little folk of tender years, with half-closed eyelids, corrugated brows, and faces screwed up and distorted by the glare of the sunshine, from which they ought to be protected. Fashion is the juggernaut of life all the world over, and the children are tortured with the kindest intentions in the worship of the hideous monster; but it is needless to inflict petty sorrows and annoyances which do not actually form part of the orthodox sacrifices to folly. While children are beneficently allowed to wear hats with brims, these useful appendages should be turned down so as to shade the eyes. This simple precaution will save considerable pain, spare some trouble with the eyes, and procure a more pleasing expression. Children who are perpetually struggling to keep the sun out of their eyes do not either feel amiable or look happy, as a walk in one of the parks any fine morning must convince the attentive observer.—[The Lancet.]

Nihilist Women.—Russian Nihilist women are the bravest and fiercest of their sex. They wear waterproofs with revolvers in the pockets. Even the young and good-looking, it is said, entirely succeed in diverting themselves of the usually controlling feminine passion for dress. The woman, exclaims one of their admirers, who voluntarily abandons herself to wearing on all days, irrespective of weather, and at all times, a waterproof cloak, may be figuratively said to have burnt her ships. She has abdicated her natural empire.

Fire in Chinatown.

SAN FRANCISCO, November 19th.—Shortly before daylight this morning a fire was discovered in the three-story brick building, Nos. 12 to 20, on Stearns' alley, between Washington, Jackson, Dupont and Stockton streets, and an alarm was turned in from box 25. The flames spread with such fearful rapidity, and the surroundings were so combustible, that a second or general alarm was sounded. The first, or ground floor, was occupied as Chinese stores by Tung Fung Company, Ah Wang, Sang Cheong, Cheong Tse, Chang Li, Chung Qui and Ah Quong, and the two upper stories by Sam Tse and Lee Wong as lodging apartments. The upper stories were completely gutted and most of the contents destroyed. The fire did not reach the stores, and through the efficiency of the Fire Marshal Durkee was not badly damaged, being well protected by brick covers. The building was owned by L. Kapler, the walls of which are standing, but it is a damaged condition. Fire Marshal Durkee estimates the loss to building and contents at between \$7,000 and \$8,000, which is largely covered by insurance. The flames spread to the three-story brick building Nos. 2 to 10, owned by Young Kew Cheong and U. S. Fong, which is also occupied by Chinese. The premises sustained a loss of about \$100. The supposed cause of the fire is the explosion of a coal oil lamp on the second floor of the building Nos. 12 to 20. During the progress of the fire some cans of oil exploded, badly burning John McLaughlin, an engine Company No. 5, and two firemen, Charles Tower and a man named Wilson.

Grand Jury Accusations—Charges Against Mayor Kallach and Others.

SAN FRANCISCO, November 19th.—Yesterday the following accusations against Mayor Kallach, Auditor Brundage and County Attorney Murphy were filed in Department No. 11 of the Superior Court by the foreman of the Grand Jury.

The Grand Jury of the city and county presented this accusation in writing against Isaac S. Kallach for willful and corrupt misconduct, as follows: During the month of March and May, in the year 1880, the said Isaac S. Kallach was still the duly elected, qualified and acting Mayor of the said city and county, and by virtue of his office, a member of the Board of Election Commissioners of said city and county, and by virtue of the official capacity aforesaid procured the appointment of W. P. Hughey to the position of Registrar of Voters for the said city and county, at a salary of \$75 per month, and caused the salary of the said W. P. Hughey to be raised to \$75 per month. That said W. P. Hughey held the position during the said months of March, April and May, 1880, and was paid for the said months the sum of \$225 per month. That on or about the 21st day of March, 1880, the said Isaac S. Kallach, at the city and county aforesaid, for the purpose of inducing the said W. P. Hughey to deliver a portion of his salary, against his will and without lawful consideration, to him, the said Isaac S. Kallach, wanted \$50 out of the salary of him, the said W. P. Hughey for the month of March, 1880, and that he wanted it for a man who needed it, worse than he said W. P. Hughey. That afterward, to wit, on the 18th day of March, 1880, the said Isaac S. Kallach, corruptly demanded the said sum of \$50 from the said W. P. Hughey, and continued to demand and apply for the same until moved and satisfied by the said W. P. Hughey to and corruptly received by him, the said Isaac S. Kallach, the sum of \$150, contrary to the form, force and effect of the statute in such cases made as aforesaid, and the second charge is like the first, except that the date of the alleged offense is put at August and September.

Assessment Levied.

SAN FRANCISCO, November 19th.—South Bolie levies an assessment of 25 cents.

The Bank of Napa—Cold Weather.

NAPA, November 19th.—After examining the condition of the Bank of Napa, the Bank Commissioners report it to be in a flourishing condition.

Napa has experienced during this week the coldest weather known in years past.

A Plumas County Town in Ashes.

TACKEE, November 19th.—Jamison, Plumas county, was burned at 4 o'clock this morning. The fire is supposed to have been set by an incendiary. The whole town is in ashes—about forty houses, including a fine hotel, three stores, several saloons and other business places.

Masonic Hall Dedication.

WILLOWS, November 19th.—Laurel Lodge, No. 245, F. and A. M., had their new hall building dedicated to-day by the Grand Lodge of California. Rev. T. H. B. Anderson officiated as Grand Master, M. Hochheimer as Deputy Grand Master, J. R. Tolman as Senior Grand Warden, Wm. Johnson, Jr., as Grand Warden, J. B. Troxell as Grand Treasurer, W. P. Mason as Grand Secretary, John Cartwright as Grand Chaplain, C. P. Dyer as Grand Orator, C. W. Hansen as Assistant Grand Secretary, W. C. Murdoch as Grand Lecturer, P. L. Washburn as Grand Marshal, E. M. Tyler as Grand Bible Bearer, Fred Crawford as Grand Standard Bearer, C. J. McCoy as Grand Sword Bearer, Z. Bates as Grand Senior Deacon, C. H. Lawson as Grand Junior Deacon, C. M. Robinson, Sr., as Grand Steward, G. W. Hoag, Jr., as Grand J. W. Savage as Grand Organist, and T. P. Cleveland as Grand Tyler. The Grand Lodge assembled at Palace Hall at 2 p. m. When they marched in procession to the new Masonic Hall, on the corner of Tehama and Walnut streets, where a public dedication was had in due form. After the ceremonies of dedication, Grand Master Anderson delivered an eloquent and touching address to the fraternity and spectators, which will long be remembered by the crafts who were present. A grand Masonic ball in the evening contributed largely to make it one of the most notable events of our growing town.

Officer Shot in the Performance of His Duty.

SANTA BARBARA, November 19th.—Constable William Henson, at Guadalupe, Santa Barbara county, was shot Sunday by a party of drunken Sonorians whom he was trying to arrest. The bullet entered his thigh, prob-
