LOCAL INTELLIGENCE. BOARD OF CITY TRUSTEES. The Board of City Trustees held its regular session yesterday morning, all the members present.

Blids for furnishing the city supplies for the ensuing year were opened and contracts awarded as follows: Groceries, to Schaden & Rodgers, at \$144 25, vegetables to Gonet, Conter & Co., \$5 50 per pound; meat to Hall, Herzog, at six cents per pound; bread to Schurr & Lorenz, at 2 1/2 cents per pound; printing blanks, Day & J. J. stationery, to W. A. and C. S. Houghton; water taps, to M. R. Rose, at the following rates per dozen: 1/2 inch, \$12 for 1 inch and \$10 for 3/4 inch.

The report of the Chief Engineer of the Water Works for the past year shows that the works had been running 108 hours; the total number of gallons of water pumped was 10,000,750, and the amount of fuel consumed in pumping the same was 1,347 cubic feet of gas coke.

An order was passed by the Board appointing an election, to be held on the 6th day of December, to choose five School Directors, one each from the First, Second and Third Wards, and two from the Fourth Ward.

The following polling places and officers for said election were selected and announced: First Ward—Clerk, J. J. Day; J. J. Day, J. J. Day; Second Ward—Inspector, W. J. Beatty; Judges, B. F. Stewart and D. Mason.

Second Ward—Southwest corner of Fourth and K streets; Inspector, John Stevens; Judges, Joseph Richardson and Matt F. Johnson.

Third Ward—Capital Brewery, Twelfth and I streets; Inspector, D. Gillie; Judges, G. P. Davis and William Shattuck.

Fourth Ward (Precinct No. 4)—Northwest corner of Eighth and M streets; Inspector, H. Barnett; Judges, Richard Brown and A. Henley.

Fourth Ward (Precinct No. 4)—Southwest corner of Seventh and K streets; Inspector, G. W. Martin; Judges, George Bronner and N. J. Toll.

The following bills were examined and ordered paid: Pacific Ice Company, \$18 88; J. T. Barron, \$2; B. C. Brier, \$40; Linton & Anthony, \$23 40; Geo. Murray, \$1,082 70; John Hunt, \$2; Samuel Nathan, \$2; A. C. Oates, \$18; Lee Young, \$8; J. W. Watt, \$15.

The Board then adjourned.

POLICE COURT.—In the Police Court yesterday cases were disposed of as follows: Ah Quack, arrested for carrying concealed weapons, was discharged upon payment of costs, as there was no positive testimony against him, and he promised to leave the city if the case was dismissed. Frank Shuler was tried upon a charge of battery and found not guilty. E. Flynn and Jack Kirk were examined for attempt to commit battery upon Barney Dougherty on Third street a few days ago, and they were held to answer in the sum of \$1,000 each, and will be sent to the county jail to await trial. Mrs. R. J. Dunn was tried upon the charges of disturbing the peace, malicious mischief and carrying firearms, and she was discharged, as will be argued to-day. James Sawyer, alias Lee, petit larceny, charged with appropriating partnership property to his individual use, was committed upon motion of the City Attorney. Mollie Morris, arrested for exhibiting obscene acts in the window of her apparel, forfeited \$10 deposit by failing to appear and answer to the charge. A. C. Gillie, charged with battery, was discharged for want of prosecution. Frank Kelly, arrested for battery, same order. John McKay, arrested for doing night work in the day time, dismissed upon motion of the City Attorney. Fontombi, disturbing the peace, case continued till to-day. John Murray, same charges, tried, and he was committed to the custody of the City Attorney, as there was disturbance of the quiet of J street and the vicinity of police headquarters, by being intoxicated and using abusive language; to appear for judgment to-day. Tom Lewis pleaded guilty of being very boozey, and was fined \$10, and costs. He pleaded guilty to a charge of sleeping in a barn, and he was fined \$1 and costs. The case of Ryan, drunk, was continued until to-day, after which the Court adjourned.

MERCHANTS' REPORT.—The following freight for Sacramento passed Ozden on the 19th: For Central Pacific Railroad Co., 3 bales hemp; L. L. Lewis & Co., 2 boxes zinc; Standard Oil Co., 270 cases petroleum; T. J. DeBarnard, 20 barrels curries; J. F. Hill, 22 wagon axles; R. Stone & Co., 4 boxes hardware; Huntington, Hopkins & Co., 3 boxes hardware; 1 box brass rails; 1 box butts; 9 boxes door locks; 1 box wire; 1 box chains. The following freight passed Ozden for Sacramento on the 20th: For Huntington, Hopkins & Co., 12 bales wire, 12 legs staves; H. C. Kirk & Co., 1 box drums; Bachelor, Van Guelder & Co., 20 wagon wheels; Booth & Co., 20 barrels curries; J. W. Chesley & Co., 5 barrels whisky; Jas. I. Felber & Co., 1 box cigars; Hill, Lohrs & Co., 50 half barrels curries; J. J. Day, 3 cases corn; Holman, Stanton & Co., 3 cases plows; Melius & Co., 15 barrels curries; 30 boxes codfish; C. W. Rapp & Co., 1 box crackers.

BOARDS OF GYPSIES.—There is a band of gypsies, consisting of three families, in the city, camping by the railroad, between B and C, Eleventh and Twelfth streets, and also another band in the eastern part of the city. The traveling and camping gypsies of the party by the railroad is far nearer the appearance of civilization than usually attend these roving people. Their tents are covered with clean and new, and their whole outfit is of similar character. The people composing the band have not got the usual sunken-bacon appearance which generally characterizes their class, and their dress and language, if away from their camp, would be indicative of their itinerant method of living.

A LEVEL RUNAWAY.—A brief runaway occurred last evening. A horse attached to a light spring wagon came dashing through the alley on the north side of the Record-Union office, and was brought to a halt by the driver upon the sidewalk in front of a prominent business office on Third street. The horse was considerably enough not to go into the counting-room, but it was all the same to the inmates, who didn't want to see him, that he was climbing on the back-doors and windows, with his coat-tails standing as such an animal is wont to do, at an unprecedented time—probably about 60 miles a minute as their rate of speed.

COMMERCIAL.—Since last issue the only boat reported at the pier is the Varuna, which came from the upper Sacramento river, with large Denigh Castle loaded with grain, and returned with large Butte City, both light.

MUCH MARRIED.

Two Marriages Alleged to Be in Conflict and Badly Mixed Up.

An account was given yesterday morning of a shooting affair at a school house in Yolo county, about six miles from Woodland, in which Mrs. Finn, of this city, fired four considerable shots at George E. Landis, and about which considerable controversy existed. The facts are now being brought to light in the preparation for legal proceedings about to be commenced in the Superior Court of this county, the complaint in which has been duly drawn and sworn to, and is ready for filing. The complaint in the case is Mrs. Julia A. Finn, otherwise Julia A. Landis, and the action brought against George E. Landis, claiming a legal recognition and decree of legal marriage between them. The facts upon which the alleged marriage is based are very similar to those of another recent case, in that a Justice of the Peace from outside of the city is alleged to have called in the night to officiate at the wedding. It is alleged that George E. Landis, having been keeping company with Mrs. Finn, and being under engagement to her, she came to the city on the 15th day of November, 1879, and drove to Brighton, that while passing a certain house there he said: "Here is Justice Foster's place; let's go in and get married; we might as well now as at any time." That she assented, and they went in, and as she believed, were married. After they had remained there a short time they left, and as she believed, she was married to him, and she supposed to be a valid certificate of marriage given by the Justice of the Peace. It is made out upon a printed legal form, blank for such purposes, and reads as follows: CERTIFICATE OF MARRIAGE. This is to certify that on the 15th day of November, in the year of our Lord one thousand eight hundred and seventy-nine, at Brighton, in the State of California, county of Sacramento, in the District of Reason, I, Justice of the Peace, J. J. Day, do hereby certify that George E. Landis, of the County of Sacramento, and Julia A. Finn, of the County of Sacramento, were by me lawfully and legally married in conformity with the laws of the State of California. In witness whereof I have hereunto set my hand and the seal of my office, this 15th day of November, A. D. 1879. J. J. DAY, Justice of the Peace. MRS. G. F. POSTER, Witness.

No license was issued in this county for such marriage. It is stated by the son of the above transaction Mr. Landis and she lived together as husband and wife whenever they were in the city, and she believed that Mr. Landis desired nothing to be said about it, as his friends were opposed to his marriage with her. Mr. Landis called upon a physician in this city and stated to him that he was going away to teach school, and he desired that the physician should be notified and invited to engage him to attend to her. The doctor said he would, and asked his name, and he replied, "You know my wife—that was Mrs. Finn." The doctor replied that he did, and promised to care for her. Landis further stated that he was going to sailing and would be up soon and get some medicine, and Mrs. Finn soon after called upon the doctor, and he said that he had seen her that night. The records of the County Clerk show that on the following day, August 5, 1880, a license was issued to George E. Landis, upon his own application and affidavit, authorizing his marriage to Emma Hack, and they were married by Rev. J. E. Weeks on the same day, as appears by the records of the Record-Union for publication. Mrs. Landis then went to Woodland and resided there in relation to her school, and remained, his newly-acquired wife being with him. While there he wrote frequent letters to "Mrs. Landis," and she was still in this city, but always addressed the envelope to a young lady who lived in the same house. Some of the letters were signed "George E. Landis," and some were signed "From your husband," and to one or two of them was added "I trust you know who that is. On October 10th the confinement, for which Mr. Landis had made arrangements with the physician before going to his school, took place, which was published on October 30, 1880, as "Born, at Sacramento, October 10, 1880, a male child, weighing 7 lbs. 10 oz. (San Francisco and Woodland papers please publish.)"

The letters from Woodland received by Mrs. Landis, and the affidavits and certificates, denying apparent reports written him by Mrs. Finn, of having married Miss Hack, and asserting that she had been married ever in it, and stating that as soon as he could get over from Woodland he would come to this city, and Mrs. Landis was receiving the letters, and stating that he cared for no one else.

This is the case of Mrs. Landis, who did Mrs. Finn to make the visit, which she did last Thursday, to the school being taught by Mrs. Landis, near Woodland, and she was accompanied by a male companion, which Mr. Landis had declared was all a myth, actually boarding and living with him near the school, and she had become exceedingly angry and ended in the shooting before referred to.

Mrs. Finn has already sworn to her complaint to institute proceedings to make valid her supposed marriage, and it is claimed the above statements will be fully substantiated.

"WHOSE BABY IS IT?"—It isn't probable that question will be answered soon, but it was a baby, and Mr. McMurry, the grocer, heard the plaintive wail last night at 8 o'clock, at exorbitant rates, when you can buy a good cloth (warranted not to turn gray or rusty), including fur for trimming, with a Domestic Pattern to cut it by, for not more than \$12 or \$13! A RIGID INSPECTION.

The inspection of companies of the National Guard, directed by the Adjutant-General, began in this city last night, and is to extend throughout the State, until every company has been inspected. It was by no means an ordinary inspection, but was ordered to ascertain exactly how much property the State has in the custody of the companies; to ascertain if the arms charged to each company are on hand; to find out what is their condition, how they are stored and cared for, how the safety of the arms are secured, what body arms are on hand, uniforms, company and body accoutrements, etc.; to ascertain how the companies are kept, how the minute books, rosters, reports of assemblies, etc., are written up; to note the condition of the armories, and care given to them, how the companies are accommodated, etc., etc. The inspection here last evening proved to be the most rigid ever experienced by the guardmen. The inspection was made by Adjutant-General Backus and his Assistant, Mr. Turner, assisted by Brigadier-General Sheehan and staff. The companies were required to place all company property in sight, to unlock all drawers and lockers, to expose all books, papers, uniforms, accoutrements and arms, and to account for all goods of the State charged against them. The companies of A. G. Band, the Governor's Guard, were mustered in the upper hall of the Pavilion at 8 o'clock in the evening. A large number of the companies were inspected, Company A by Major Houghton, Company C by Major Hubbard, Company B by Major Harney, and the Governor's Guard by Major General Berkey and the staff of Colonel Haymond. Among the interested lookers-on were Lieut. Fred Heilbron of the Hussars, and many members of the Hussars and Zouaves. As the company was inspected, an accurate account was taken of every arm and the uniforms and the accoutrements in possession of the men, and these were down in call, and a note made of the condition of the same. The Adjutant-General and staff, General Sheehan and staff, and the appointed inspectors then visited each armory, opened and examined every locker, examined all arms and fittings in the armories, inventories, and noted down their condition, overhauled all the books and made note of the systems of bookkeeping in use, and where changes for the better were suggested, they examined all the property of the State in each armory, and the condition of the same. The companies inspected were Lieut. Heilbron of the Hussars, extra arms, swords, pistols, etc., etc. The inspection concluded at 11 o'clock in the evening. The result of the inspection was that the condition of the companies was generally satisfactory, but not so as to all the armories. The Governor's Guard was found to be in the most satisfactory condition, where it is impossible to keep the State property in decent condition; a room devoted to the use of the arms, and a room for the cadet. Company A's armory was found to be too small, and while fairly fitted with lockers, to be damp and not calculated to encourage the men to keep the property to the best advantage. Company C's armory was worse than A's—in fact, it was inadequate to the needs of the company, and so small that the entire company cannot at one time be accommodated in it. In such quarters the desirable military neatness and order is out of the question. Company B, on the contrary, was found to have a very large and handsome armory. Its assembly chamber is as cozy as a lodge-room, handsomely decorated and so fitted up that there is a place for everything, and everything in its place. The armory was found to be sufficiently large and well arranged. The general condition of the whole lower floor of the Pavilion, and thereon the battery was found placed with military precision and order. The unanimous verdict of the inspectors of the companies supervising was plainly manifest; that Companies A, C and the Governor's Guard are entitled to and should have better quarters, and that in proper armories they would demonstrate their capacity to make everything about the true military air of precision, neatness and order.
