OUR RESOLVE.

ADVISE ALL WHO HAVE SPARE CASH,

The Senior Partner of our House, MR. O. A. HALE, has gone East to see to your interests. The means at his command are almost illimitable, or at any rate commensurate with your requirements. The whole purpose of his journey is to fully satisfy all skeptics with regard to the plenitude of our resources, and their adaptation to the wants of the people. THE IMPERATIVE INSTRUCTIONS in his "FAREWELL LETTER" are as follows: Sell the goods; carry out the same principles with which we started—do as you have always done since our advent on the coast. We want the ENDURING CONFIDENCE of the people, and let all your exertions tend to that end. Let all other institutions severely alone, and on your own merits prove that the CRITERION IS THE HOUSE FOR THE PEOPLE, bearing in mind that all you promise is, "A SAVOR OF LIFE UNTO LIFE, OR DEATH UNTO DEATH!" Say nothing that you cannot carry out in its entirety; don't be as foolish as those who advertise to supply goods to a whole State, when, in fact, they cannot supply even a second-class Restaurant. Have nothing to do with, or lend yourselves to such a mislead, for as sure as you do to the INTELLIGENCE OF THE PEOPLE will rebel, and you will find the CRITERION a waste place, or remembered like other Houses, only as a fraud. I would suggest that our employes be gentlemen; that their chief endeavor shall be to make your patrons feel perfectly at home in their visits, and let them understand that they subscribe the interests of the House best by sending their visitors away pleased. Don't, for goodness sake, allow cramming; don't force an article down their throat—LET OUR GOODS TELL THEIR OWN TALE. A sign, bearing the inscription: "FREE TO COME AND GO," on the front of your new house would indicate the full purport of what I mean. Let our House be a GREAT PUBLIC HIGHWAY, where the wayfarer cannot err. In conclusion, let me advise you to inaugurate a BIG SALE—understand me, a VERITABLE CLEARING OUT, according to my verbal instructions. SHAKE THE VERY CITADEL; let there be a BIG DISCOUNT—for, with the CASH at my disposal, and the advantage of personal buying, cheap as your present stock may be, I hope to fill in at a far lower figure. Therefore, "SELL 'EM SHORT!"

COAST DISPATCHES.

(SPECIAL TO THE RECORD-UNION.) PASSENGERS PASSING CARLIN. A Man Seriously Burned by the Explosion of a Student Lamp.

REPORTED GOLD DISCOVERIES IN ALASKA. Execution of a Seventeen-Year-Old Boy in Arizona for Murder.

CALIFORNIA. Small-Pox at San Francisco. SAN FRANCISCO, November 26th.—Eight cases of small-pox have been verified to-day out of twelve reported. There are two cases now at the Pest-house likely to prove fatal. There is plenty of vaccine virus now on hand, but the first scars being over applications for vaccination are not numerous.

Verdict of Acquittal. ARBON, November 26th.—The case of W. K. Fenton, charged with murder in killing Daniel Haley near Sheridan on the 22d of May last, was concluded to-night at 9 o'clock, after a three days' trial, and resulted in the acquittal of the defendant. The jury verdict case came out to-morrow.

Robbery Frustrated—Railroad Accident—Impostor sent to the County Jail. LOS ANGELES, November 26th.—At 12:30 last night an attempt was made to rob the railroad station at San Fernando. Sheriff Rowland, who had been apprised of the intent, was concealed in the building, and when the robbers entered and commanded Mr. Griswold, the station agent, to throw up his hands, the Sheriff stepped from his hiding place and repeated the command. The latter turned, and in doing so reached down as if to draw a second weapon, when the Sheriff fired. The robber recoiled as if hit, and fell into another room. The Sheriff then went around to the outer door, and when he entered he found that the robber had picked himself up and escaped to his horse, which had been fastened outside, and got off. This morning the Sheriff telegraphed to officers in this city, and about noon Deputy Ling met the man on the street and arrested him. His name is Nelson Dupuy, who has worked on ranches in San Fernando valley, and is believed to be an accomplice of M. Kinney, who killed Wm. Cooper at that place some weeks ago.

The train from San Francisco was five hours behind time to-day, caused by an accident to the north-bound passenger train that left here Thanksgiving Day, which ran into a head-on collision with a freight train, and derailed the engine, baggage, mail and sleeping cars. Had the slide occurred a trifling distance beyond, the cars would have been pitched over steep precipices of some hundred feet. Nobody was hurt, and the track was cleared at noon to-day and trains proceeded to their destinations. The Chief of Police this afternoon arrested Wm. McKenna, who represented himself as a member of the Christian Brothers of Oakland, and has been collecting money from our citizens for the San Rafael Orphan Asylum. In answer to a telegram the Superior of the Brothers at Oakland repudiates the fellow, who has been sent to the chain-gang for thirty days.

Residence Burned. THERMA, November 26th.—At 4 P. M. yesterday the residence of F. P. Kelly, proprietor of the Felmania Zouza, was entirely consumed by fire, which originated from a defective flue. The contents were saved. The building was owned by J. W. Clark. Loss, about \$1,500; no insurance.

Sections Coal Hill Accident. SAN JOSE, November 26th.—This morning about 2 o'clock W. O. Ackley, a carpenter who has worked for the Santa Clara Valley Mill and Lumber Company, was very seriously, if not fatally, burned at his room. He was sitting up reading by the light of a student lamp, and that it exploded; but it is thought that he was not tipped and that the oil fell on his clothing. He is burned from the chin to the hip on the left side, both back and front, the left arm being baked. The fire in the room was extinguished by Mrs. W. W. Kerrigan of San Francisco, who was here on a visit to her mother, with whom Ackley had the room, at great risk to herself. Ackley, by the advice of the attending physician, made his will to-day. He came here from New Brunswick in 1847, where his mother still resides.

Small-pox scare. CALISTOGA, November 26th.—A report was circulated this morning that a case of small-pox existed in a Chinese village in this place, and for a time caused some consternation. Deputy Sheriff Boyce made a thorough search of the premises, but did not discover any kind of sickness therein. It appears that a Chinaman suffering from the disease arrived in town some days ago and went to the wash-house, where he was allowed to have his about, and he left the same day.

Moody and Sankey Wanted at Stockton. STOCKTON, November 26th.—At a meeting of ministers held here this evening, Rev. M. L. Sochard acting as Chairman, and L. W. Elliott as Secretary, Messrs. Sochard, Stockwell and Coy's were appointed a committee to communicate with Messrs. Moody and Sankey, and see if arrangements could be made for the evangelists to visit Stockton. The expression of opinion was unanimously in favor of such an arrangement.

Passengers Passing Carlin. CARLIN, November 26th.—The following passengers passed Carlin to-day, to arrive at Sacramento to-morrow: J. W. Smith, Washington Territory; Captain W. B. Cobb, San Francisco; Charles E. Silton and wife, Portland, Ore.; Charles Roman, Los Angeles; A. Warren, New Jersey; M. G. Dow and family, San Francisco; Perry E. Jordan, Henry J. Jordan, Enclain; F. L. Patman, Chicago; G. C. Smith, Washington; Miss A. Bissman, Miss G. Bissman, Miss M. Bissman, Davenport, Ia.; Mrs. J. Lee, Iowa; Miss Alice E. Wang, Stockton; Caleb Holyoke, Jr., Caleb Holyoke, Bangor, Me.; D. D. Finch and wife, Oakland; J. P. Phelps, Vermont; Mrs. George P. Bliss, Washington; M. H. Eastman and wife, Oakland; D. A. Hall and wife, Mrs. E. M. Bartlett, Rhode Island; William M. Finess, W. T. Jeny, S. L. Eastman, New York; Captain T. Watts and wife, Michigan; M. Greenwood and family, San Francisco; 76 emigrant passengers, including 33 males, to arrive in Sacramento November 28th.

Condition Improved. CARSON, November 26th.—Meder, the man accidentally shot by Crawford, is much improved.

Death. ELKO, November 26th.—W. A. Harvey, a prominent Odd Fellow of Elko, died yesterday suddenly about half-past 12 to-day. The funeral will take place on Sunday under the auspices of Elko Lodge, No. 18, I. O. O. F.

Mining on the Comstock. VIRGINIA, November 26th.—A diamond drill has been run down 200 feet in the Union shaft. The rock is hard, but there is no water to prevent the sinking of the shaft to the 270-foot level. The drill is now in the bottom of mine No. 1, on the 2500-foot level. Alta is running a drill further north from crosscut No. 1.

ARIZONA. Hanged for Murder—Execution of a Boy. PHOENIX, November 26th.—Demetrio Dominguez was executed here to-day at 1 o'clock for the murder of Mr. Thomas, two miles above Gillette, last November. It will be remembered that Mr. Thomas was coming from Prescott in the stage which was attacked at the point named by three Mexicans, and he was shot and stabbed, from the wounds of which he died. The Mexicans escaped and went to Sonora, and Dominguez, returning, was captured. He was tried and sentenced to be hanged, and has just paid the penalty.

Stolen Stock Recovered. TUCSON, November 26th.—A Star special from a number of horses and mules have been stolen from various sections of Grant county, the latest being some 30 head. Last week a number of men from San Simeon ranch pursued the thieves, followed their trail to Downer's ranch, and after a hard fight yesterday one of the horses was injured and the ringleader of the thieves, named King, seriously wounded, also another, named Bill Smith. Twenty-two head of stock were reported.

Frightful Death. PORTLAND, November 26th.—At 4 o'clock this afternoon Charles Olsen, a Norwegian, aged 17 years, was caught in the belting of Weidler's sawmill, and whirled round the shaft. His body was literally severed in twain at the waist, the head and trunk being thrown through a door into an adjoining apartment. Death of course was instantaneous. The circumstances attending the death of the boy were horrible beyond description.

Important Discoveries of Gold Placer Diggings. VIRGINIA, November 26th.—The steamship California, from Siskiyou, arrived this morning. Important discoveries of gold placer diggings are reported in the Takon river country by prospectors who have just returned to the coast.

PACIFIC COAST ITEMS. Lot-jumping prevails in Custer, Idaho. Santa Rosa street-cars are running again. Buffalo are plenty about Miles City, Montana. The Utah Eastern road is finished to Kimball's. Tucarcora, Nev., is threatened with a water famine. A Chinaman in Eureka, Nev., has opened a two-bit restaurant. The Corralitos Flour Mill is to be changed into a paper mill. There are now twenty "life" convicts in the Nevada State Prison. Seventy thousand pounds of trout were caught in Pyramid Lake last month. Antelope in considerable numbers are seen near the Washington Colony, Fresno. Fourteen pairs of twins have been born in Humboldt county during the current year. The New Mexican papers believe that Victorio is still alive and will soon be heard from. Emigrants are arriving at Camas Prairie, Idaho, and find a foot of snow to welcome them. Wood is worth \$20 per cord in Candelaria, Nev.—at least that is what is asked for it. Most of the Shoshones will winter at the reservation in Duck valley, Nevada, a number of substantial dwellings having recently been built by them at that place. A Downsville mail-carrier says that last week Tuesday the timber was falling like grain before the reaper, and that it was all he could do to keep his feet on the horses. Two wild turkeys were shot by E. Eldridge, a hunter, on the Little Missouri last week. They are the first turkeys ever seen or killed in Custer county, Montana. In the Mussel Slough district several muzzons last week the mercury has stood at 18, 17 and 18 degrees F. below zero, and ice has been from one-quarter to three-quarters of an inch thick. The bulk of the Piegans and Blood Indians will winter in Meagher county, Montana. The reason of this is probably because there are such vast quantities of hay in the region of the Big Bend of the Musselshell. Among the freight shipped from Wheatland last week were 25,500 pounds of copper cement from the Silvercreek mine. A large force of men are at work stripping the surface of the mine and exposing the copper vein. The Suto Independent says: The Carson and Colorado Railroad is within two miles of Dayton. It will probably reach that town during the present week, there being some twenty-five or thirty men employed laying the track. Fire recently broke out in the church at Newcastle, W. T., during service. The alarm was given, the preacher and congregation rushed out, and the former mounted the roof and put the fire out, after which he proceeded with his sermon. The rush from Bodie and other camps to Arizona, says the Candelaria True Press, continues unabated. The men who played seven-up all summer are going south in order to utilize their only available talent, namely, the linen duster. It is said that a ground fire has been burning on Brannan and Andrus Islands for a week past. On the latter island it has burned over 600 or 700 acres, and on Brannan Island, where it started much more, it burned down in the sod to a depth of a foot and a half in some places. The Alameda Argus has entered upon the fourth year of its publication. It has always been an excellent local journal and one of our most valued exchanges. It is to be hoped by others than the proprietors that its past success will be continued in the future, until it becomes a daily and is read each morning by 20,000 subscribers. Following is the statement of the financial condition of Tulare county, November 1st: Funded debt, \$106,000; floating debt, \$39,991; value of property owned by the county, \$84,500; cash in the Treasury, \$22,089.60; value of real estate, \$3,813,155; value of personal property, \$2,588,225; rate of taxation, \$2.90; amount of taxes, \$147,461.47. Of the above valuation on personal property that of the railroad is \$1,169,400.

High Neck Dressing.—The fashion of dressing the neck very high seems to have recovered from the slight set back which was probably caused by the long and extremely warm summer, and will doubtless receive an additional impetus from the advent of Miss Sarah Bernhardt, one of whose peculiarities it is. Triple ruffles of black lace have made their appearance, and very long scarfs of white tulle, white gauze, or white fleecy wool, which are twisted around and around the throat, and the ends fastened with a silver pin representing a lizard, or some sort of reptile. Long black lace scarfs are used for the street, and begin to divide the honors with the three-cornered silk handkerchiefs which only succeeded them a year ago, but are beginning to disappear inside the neck of dresses instead of disporting themselves, washerwoman fashion on the outside.

Blackmail.—A full-blooded negro man,
