BRIEF NOTES.

Night before last local officers Karcher and Ostwald found two fellows named John Donnelly and Tom Daley engaged in a rowdy and riotous fight in the main stand at the corner of I and Third. Both were intensely interested in trying to put a head on the other, and alternately trying to see which could get the head of the other the deepest into the mud. They were yesterday fully guilty of breaking the peace and sent to the County Jail for twenty days each to reflect.

Camp No. 1, Order of Caucasians, held a meeting night before last, at which speeches were made in reference to the treaty recently made by the Government to China with that empire. The Camp proposes to give a demonstration in honor of the event as soon as the text of the treaty is made known.

Some freight cars which came down from the mountains yesterday had their roofs covered with snow, which was soon appropriated by the youngsters for an old-fashioned Eastern engagement at snow-balling, making it lively for themselves and passers-by.

The overland train from the East, due here at 6:55 this morning, was on time at midnight, and will probably arrive here according to schedule.

The river yesterday marked eight feet ten inches, a fall of three inches in the last twenty-four hours.

Sixty-eight immigrant passengers will arrive from the East to-day, including forty-three males.

There is a message at the Western Union telegraph office for Mrs. Perkins.

There were three lodgers at the station-house last night.

MANNER OF ARREST.—The recent arrest of the alleged counterfeiter, Robert R. Brown, near Folsom, was the result of Sheriff Heilbron's efforts. Mr. Heilbron ascertaining that counterfeiting was going on near at hand, soon ferreted out the facts in the case, and arrested Brown, his wife, and his two children, whom he believed was doing the work. He then wrote to detective Finnegan, at San Francisco, who came on and arrested a letter from Mr. Heilbron to his deputy at Folsom, was taken by the latter to the cabin of Brown in Napa county, and the arrest made. A tin box full of bogus coin, six skillfully executed dies, several crumpled and other materials used in counterfeiting coin, were found in the cabin.

THE WEATHER.—The rain which set in night before last ceased by morning, and only .08 of an inch of rain fell. Yesterday the sky was partially obscured by clouds, and at midnight it was clear. There was settled rain, with high barometer, at that hour upon the mountains.

SWALLOWING POISON.

Swallowing and inhaling the noxious impurities generated by Catarrh, poison not alone the nasal organs, but the stomach and lungs. No merely local remedy, like douches and insoluble snuffs, can possibly reach or eradicate the wonderful cure effected by Dr. Wei De Meyer's new inimitable treatment. The elements used by him are extracted from a constitutional as well as local antidote, as to prevent Catarrh as vaccine virus is to certain small-pox. Its unprecedented sale with unselected testimonials from many thousands who, at all stages of the disease, have been cured by this wonderful remedy, establish beyond contradiction the fact that Dr. Wei De Meyer's Catarrh Cure is the most important medical discovery since vaccine.
